SUET PELLETS WITH  
MEALWORMS**

Unipet Item#: WB113

**Premium SelectSuet Pellets** are made using a one of a kind formula and manufacturing process. Our pellets are designed to be used with a platform feeder, dish feeder, or mesh feeder. They can also be mixed with your favorite wild bird seed blends to create an all-in-one seed and suet feed.

# Mealworm To Go®

Offer Unipet Mealworms with confidence!

Unipet Mealworm products add an unsurpassed layer of safety in the imported mealworm industry.

Food safety begins with our mealworm producers. Foreign supplier verification processes require our suppliers to conduct rigorous microbial testing prior to shipping. Once mealworms arrive at our FDA-audited USA facility, they are scrutinized by our watchful employees, who are trained to identify mold or pests. Mealworms then pass through a grid of powerful rare earth magnets before going through automated packing equipment. Sealed pouches then go through calibrated metal detection for final verification. Have confidence that you are offering your customers the highest quality dried mealworms around with Mealworm To Go by Unipet!
