World Source Partners sells products under four different brands:

The Harbor Gardens brand was developed with the discriminating lawn and garden consumer in mind. At the center of the brand is our stunningly beautiful ceramic pottery, sourced from around the world. Available in a wide selection of sizes, styles and colors, there is something for everyone to love. Harbor Gardens expands your backyard oasis by offering galvanized planters, and fashion forward bistro sets and wall art.

'Home is where Harbor Gardens lives.'

Gardman has been the number one name in gardening for decades.

Gardman has a huge selection of products to meet all of your gardening needs. Garden décor, planters and baskets, arches and trellises, greenhouses, and wild bird care are only a few of the categories in the Gardman line. Make your yard and garden the envy of the neighborhood with quality Gardman products.

Beautiful gardens start with attractive bird feeders. The Nuttery offers durable, high-quality, squirrel-resistant bird feeders of innovative design. Made in three dynamic colors, The Nuttery offers quality bird feeders that will baffle even the smartest squirrels. We call it bird feeding The Nuttery way.

In the daytime, lanterns and lights from the Cole & Bright collection simply add a stunning new dimension to your garden. Then something amazing happens. Relax as the evening gives way to twilight and the warm glow of your outdoor lighting gently takes over from the slowly setting sun. Artfully arranged, it creates a softly illuminated sanctuary, where heady floral scents mingle with the chink of ice and the clink of glasses. Create your own blissful garden setting with Cole & Bright lighting.
