

vegó garden

PRODUCT CATALOG

We've put more thought into your garden.

Vego's modular garden beds are a fully considered system, with all the room and features to ensure you're good to grow.

100% non-toxic.

Proprietary materials means no leaching of metals & toxins for crops that stay clean.

Completely modular.

Standardized, interchangeable components to help you create your ideal garden configuration.

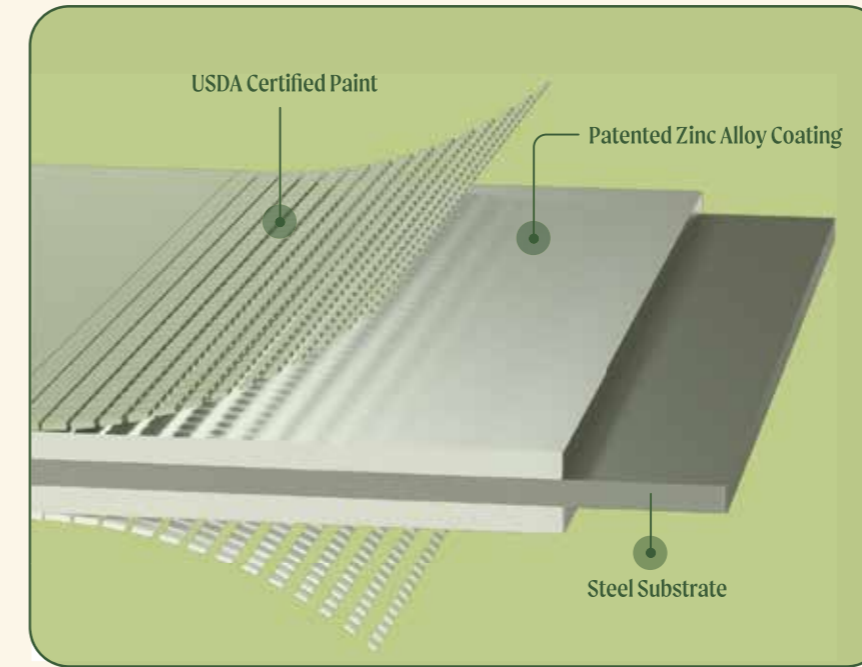

Super useful add-ons.

Trellises, covers, and all other upgrades to seriously level-up your garden.

Safety always in mind.

Rounded corners, smooth edges, and rounded cap nuts to protect hands, plants, and little ones.

Nontoxic Garden Bed in the Industry

VZ2.0 Material:

The 1st garden bed with non-toxic USDA-approved paint

Developed by Akzo Nobel

100% Non-toxic, Eco Friendly Materials

Tested at the Texas A&M National Corrosion & Materials Reliability Lab

Easy to Assemble

5x more corrosion-resistant steel substrate, coated in Zinc, Aluminum, & Magnesium + USDA certified paint for increased longevity

Long-Lasting Quality

building your dream garden is as easy as tightening the bolts

Easy Shipping & Storage

panelized design enables easy shipping, handling and inventory storage

Cascading Metal Raised Garden Bed Kit - Standard Size - Pearl White

Named for the graceful tumbling of a waterfall, our Cascading Bed is a tiered raised garden bed that offers two heights in one. We designed this garden bed to offer an elegant configuration that combines the functions of our 17" and 32" Series, all in one compact 3.5ft x 3.5ft footprint. You can grow your deep-rooting plants in the taller section, and plants which require less depth in the front. The Cascading Bed is also well suited for displaying beautiful trailing plants, as the shape of the bed will allow plants to spill safely over the edge. The tiered design lends itself well to placement in an entryway, to warmly welcome guests through your front door or garden gate.

Small Shapes & Parts

Tree Surround & Watering Ring Kit- Pearl White

Give your trees room to grow with Vego Garden's Tree Surround & Watering Ring Kit! Using a tree surround raises the plant, allowing you to easily control the soil that your tree will thrive in, as well as neatly contain mulch, and protect your tree from moisture loss, flooding, & damage from lawn equipment.

Paired with the heavy-duty 16 gallon slow release watering ring, your trees will be set to thrive for years to come! Vego's tree watering bags are donut-shaped to easily fit around the trunk of your tree, and neatly into the Tree Surround. Placed under or over mulch, these UV-resistant watering bags provide slow-release irrigation to the roots of your tree, reducing shock and stress.

Tree Surround: 36 Inches Wide, 8 Inches Tall
Watering Ring: 36 Inches Wide, 16 Gallon, 12 Hours Slow Drip Irrigation

17" Tall Kids First Garden Bed 42" x 24" - Pearl White

As a family with young children, we want to encourage them to spend more time in the garden and learn more about nature. This is how we came up with the idea of the Kids First Garden Bed. The kids garden bed measures 17" tall, 2 ft. x 3.5 ft. Despite its name, this kid's garden bed can actually grow a lot of vegetables. You can easily fit 6 tomato plants in the summer, or 16 carrot plants in the fall. You can also use it as an Herb Garden to grow mint, basil and rosemary!

Bracing Rods - Twin Pack

Bracing rods are designed for reinforcement of extra long Vego Garden raised beds. Made from aluminum, the rods are strong but lightweight. The metal bracing rods feature an internally threaded design, and can be installed easily with the same bolt and washers included in the raised bed package. The rods will not be visible from the outside once garden is filled with soil. We include bracing rods in all our garden bed kits large enough to require them, so there is no need to purchase additional rods. To build a longer garden bed than standard size, please purchase our Extension Kit which includes both extra panels and bracing rods. Each Twin Pack includes a qty of 2 rods.
Each Twin Pack has 2 qty of rods included.

Advanced Beds

Self-Watering Garden Bed-Pearl White

Experience hassle-free gardening with Vego Garden's Self Watering Garden Bed! This raised garden bed is designed with an innovative wicking cell system that closes the bottom of the bed, providing just the right amount of moisture for your plants to thrive. The 3.5" tall wicking cell serves as a reservoir, collecting excess water and redistributing it to your plants over time, so you don't have to water as often. It is also designed with air pruning strips so that your plants' roots air prune and don't get oversaturated. Available in three sizes - 2x4, 2x6, and 2x8 - the Self Watering Garden Bed is easy to assemble and suits any outdoor space. Plus, with the wicking cells serving as the bed's bottom, it can be placed on a patio or balcony instead of soil. Get ready to grow your own garden with Vego Garden's Self Watering Garden Bed!

Wicking Cell

Closing the bottom of the bed there is a 3.5" tall, self-watering, wicking cell. A wicking cell is a reservoir which collects excess water, and redistributes it to your plants over time, meaning you have to water less often.

Self-Watering Garden Bed-Modern Gray

Experience hassle-free gardening with Vego Garden's Self Watering Garden Bed! This raised garden bed is designed with an innovative wicking cell system that closes the bottom of the bed, providing just the right amount of moisture for your plants to thrive. The 3.5" tall wicking cell serves as a reservoir, collecting excess water and redistributing it to your plants over time, so you don't have to water as often. It is also designed with air pruning strips so that your plants' roots air prune and don't get oversaturated. Available in three sizes - 2x4, 2x6, and 2x8 - the Self Watering Garden Bed is easy to assemble and suits any outdoor space. Plus, with the wicking cells serving as the bed's bottom, it can be placed on a patio or balcony instead of soil. Get ready to grow your own garden with Vego Garden's Self Watering Garden Bed!

Dragon Fruit Rolling Planter-Pearl White

The dragon fruit plant is actually a cactus, and requires a specialized trellis to support its water-filled branches. We combined our Rolling Planter with some innovative new tools to create a Dragon Fruit Planter, which makes it easy to grow dragon fruit at home! The wicking cell enclosed in the bottom helps regulate and conserve water, & the heavy duty locking wheels make it easy to roll your frost-sensitive cactus inside during colder months.

MSRP: \$259.95

Dimensions

Total height: 5ft. tall from wheels to top of trellis

Garden bed measures 17" tall, has a diameter of 24", and the wheels measure about 7" tall

Interior depth measures 13.5" due to the 3.5" wicking cell which closes the bottom of the bed

Solar Garden Light

Let your garden light the way with Vego's Solar Garden Lights! These waterproof, solar-charged lights are magnetic, and snap flush into the corrugated pattern of your garden bed. Simply turn on the light, magnet to your garden bed, and enjoy the ambiance of an evening stroll through your garden.

Note: To test the light, turn on & cover the solar panel with your hands, or hold it in the dark and it should illuminate. If it does not, let the light charge in full sun for 5-6 hours, then test again.

Cover System & Mister Irrigation

Pests in your garden are now a thing of the past. Modularly designed, Vego Garden's Modular Cover System can be customized to match the configuration of any Vego Garden raised garden bed. The frame, which is made of durable powder coated steel, conveniently attaches to the garden bed's interior through the existing bolt holes for a secure, custom fit.

The top of the frame is gently arched, to allow a little extra height for your plants to thrive. While you can use the frame alone as a trellis, in addition to the frame, we've designed a series of covers, custom fit to the size and shape of the frame to protect your plants from the elements.

Included with the Cover System is Vego's state of the art Mister Irrigation System. Designed for easy installation with your Cover System and standard garden hose, the pre-cut irrigation tubes clip securely to the frame, and the mister nozzles can be adjusted to gently mist the plants inside.

Straw Mulch

Vego Garden Straw Mulch is the perfect solution to reduce water loss in raised garden beds. Sustainably sourced from Florida, each 18 lb bag of Straw Mulch covers up to 160 sq ft or 5 of the 4 x 8 ft garden beds with a 2-inch layer of mulch. This sustainable mulch helps reduce evaporation, maintains optimal soil temperature, protects against direct sunlight, and promotes a thriving microorganism ecosystem. With its natural and pleasing appearance, Straw Mulch adds aesthetic value to your garden. It is easy to store and blends into the soil over time, enriching it with nutrients.

Note: Though not certified organic, the clean processing of the straw may result in minimal straw seed content, which can easily be removed once sprouted and decomposes quickly on the mulch surface.

Locally Sourced Organic Worm Castings

Ready to take your gardening to the next level? Vego Garden is now offering Omri-Certified, organic worm castings sourced from our incredible local partners The Magic Worm Ranch! Worm castings are a gentle, effective, natural fertilizer produced as a byproduct by worms that provide essential nutrients to plants such as potassium, nitrogen, and phosphorus. These rich, organic worm castings also improve soil structure by increasing aeration, improving drainage, and enhancing moisture retention all at the same time! By purchasing worm castings through us here at Vego Garden you are helping support a remarkable small business here in Texas, and are helping to rebuild the life of our Earth's soil!

Note: Worm Castings do not contain live worms

Terms and Conditions

Vego Garden eGift Cards are digital gift cards and sent via email. Vego Garden eGift Cards are redeemable towards the purchase of eligible goods and services online at <https://Vegogarden.com> or a Vego Garden Customer Service Representative. If a purchase exceeds the balance on your eGift Card, the remaining amount must be paid with another payment method. Upon redemption, any unused balance will remain on the Gift Card for future purchases. Gift Cards cannot be returned; resold; cancelled; used to purchase other Gift Cards; used for unauthorized advertising purposes; redeemed for more than face value; transferred for value; or redeemed for cash or returned for a cash refund (except to the extent required by law). We reserve the right to make changes to these Gift Card Terms, at any time without notice, from time to time at our sole discretion.
