LOVING PROTECTION FOR HANDS AND EYES

Thriving Design's soft safety caps fit snugly on garden stake tips to protect gardeners from sharp edges and pointy tips. Not only do they protect your hands from being cut, they also provide a visual to help you avoid the dreaded garden stake eye-gouge (ouch). Our snazzy safety caps fit standard 7/16" garden stakes.

SUPPORT FOR PLANTS AND THEIR PEOPLE

Thriving Design is a family business, launched in 2020 by Jason Rider and his sister Morgan. From the onset, we've known that caring for our communities and our planet is an extremely important part of how we do business. Our innovative C-BITE clips make it easy to create the garden of your dreams with sustainable and durable support and protection systems. Master gardener? Commercial grower? First-time hobbyist? Whoever you are and whatever you've got growing, we're here to support your vision.
