■ **PRODUCT FLAGS**   

When a flag icon is associated to a product, it indicates that it is currently only available in that region(s).
When no flags are associated then the product is available in all regions.

WHO WE ARE

■ **THINK OUTSIDE is the creator of remarkable hand-crafted sculptures, décor and furniture for homes, gardens or as cherished gifts.**

All of Think Outside's products are carefully crafted and designed with impeccable detail and build with integrity to bring joy into people's lives.

Founded by Aaron Jackson in 1998, Think Outside has since gone from strength to strength and now employs over 300 people and supplies reputable home, garden and gift retailers across Australia, Europe, Asia and USA.

Since its conception, Think Outside has been committed to creating a global community by up skilling craftsmen in developing countries, whilst continually pushing the boundaries of art through innovation.

The unique pieces within each collection are custom designed by Aaron and crafted individually by artisans in developing countries, with Aaron regularly visiting to teach, guide and support the team.

This initiative was born out of Africa where Aaron regularly travelled for business, it was while in Zimbabwe he stumbled across locals creating rough metal sculptures on the side of the road. He recognized the skill and craftsmanship within each piece of artwork and the potential to support developing communities.

AARON JACKSON

our creator artist

■ **AARON JACKSON is the award-winning designer and creator behind THINK OUTSIDE.**

A multi-talented and passionate businessman, Aaron's journey and experiences have shaped his life and inspired the creation of unique and remarkable hand-crafted products for people to enjoy in their homes and gardens.

An artisan from a very young age, Aaron has always loved to be hands-on constructing and creating something new from the old with attention to the finer details, this passion led him into the world of fine jewellery design.

Starting his profession in Sydney, Australia, Aaron completed a four year apprenticeship in jewellery design at a boutique store.

Learning this traditional craft he began to master his skills in sculpting, drawing and painting while, finding a desire for restoration and custom design.

Aaron went on to win an Apprenticeship Design Award at the Australian Jewellers Design Awards and holds a Diploma in Gemmology.

By 1995, Aaron was working for a premier Sydney Jewellers, where he directed its very first open front-of-house workshop. Understanding and reading people's characters, Aaron created bespoke and high ticket fashion pieces.

By this time he had completed another two Diplomas in Advanced Diamond grading and Jewellery Evaluation, Not to mention he received the Nelly Smith Award the highest level of recognition for hand carving and engraving.

Full of confidence and connections Aaron next ventured into the prestigious diamond industry in South Africa, starting his own business: AJ Diamond supplies. It was his extensive travels throughout Africa where the Inspiration began for Think Outside.

WHAT WE VALUE

HANDCRAFTED

Working from Aaron's designs, our Artisans lovingly handcraft every individual piece. Each item cycles through stages at our workshop, starting with cutting, shaping and welding and then finally onto our special finishing stage, ensuring a unique look associated with our products.

ONE OF A KIND

Due to the nature of using recycled materials and crafting each item by hand it is inevitable that no two pieces are the same. You can be confident that a Think Outside piece is not only a wonderful talking point, but also totally unique.

ETHICAL

Building a global community is our ethos at Think Outside. Our artisans are part of the lifeline of Think Outside and we value their skills very highly. Our commitment extends beyond design innovation; our objective is to sustain and improve the lifestyle of all the people who we directly employ and their communities.

RECYCLED

Recycling is at the heart of everything we do. Our ongoing design direction focuses on the use of recycled and natural sustainable materials; be it metal, wood, rubber or stone, we are committed to reimagining amazing new products from used and sustainable materials.

BENEFITS OF BECOMING A THINK OUTSIDE RETAILER

High quality items not only yield greater returns they also generate more exposure. People share memorable purchases within their social circles, which in turn generates referrals. Strategically displayed eye-catching pieces will also drive more shoppers into your store, people you may not have attracted otherwise. You will not find a better draw card into your business.

- **Higher Returns**
- **More Exposure**
- **Referrals**
- **Higher Foot Traffic**

We create the environment in someone's business to do more of the above. You attract more people, who spend higher amounts, they talk about it and then repeat business comes. It is a winning formula that we have repeatedly witnessed businesses embrace all over the world and we would love you to experience the amazing pulling power Think Outside products have.

MARKETING SUPPORT THAT INSPIRES YOUR CUSTOMERS

■ Let us take your marketing to greater heights!

As a Think Outside Retailer you will have full access to our media library; putting the world of marketing content at your fingertips.

Our media library updates regularly and contains social media images, fun viral videos, professional lifestyle and studio photographs, in-store marketing and much more.

Our media library takes all the pressure off you to create content and enables you to focus on the business at hand.

LIMITED EDITION BY *Armin Landers*

LIMITED EDITION BY

A handwritten signature in black ink, reading "Aaron Jacobs". The signature is fluid and cursive, with a long horizontal stroke at the end.

For the first time at Think Outside, Aaron has created a Limited Edition range of super-sized sculptures for those high-impact spaces. Including pieces from both our EARTH and EEIEEIO ranges, these items are inspired by the many natural surfaces found on our planet. These Limited Edition products will delight customers year-round offering style and grandeur that is second-to-none.

With the special story of their immense handcrafted details and timeless recycled materials, they will be the highlight of any home or garden.

CARPENTERS

Reimagined from recycled hardwood pallets this original range heralds the beginning of more exciting and surprising designs to come. In keeping with the brand, the range is cute, quirky and creative but is also a bold move away from the popular recycled oil drum range. As with all Think Outside products, the CARPENTERS are ethically sourced, handcrafted and unique works-of-art.

Each piece is finished with a timber oil, which not only makes them suitable for any climate it also gives each piece that luxurious timber-log feel.

The BARNYARD range is a new and exciting opportunity for our retailers to capture all of the fun and uniqueness that is important in all of our designs.

The BARNYARD range is produced in our own workshop in Vietnam, and is based on simpler designs, using a mixture of lighter weight recycled materials, so that we can pass on more favourable prices to our retailers.
