Mosses

Long-Fibered Sphagnum Moss

Wisconsin-harvested sphagnum holds 20 times its weight in water and repels bacteria. Excellent water retention for lining hanging baskets, and window boxes, pot soil cover, planting gardens, lawns and trees, orchids, seed starting, and much more. Rich tan color adds beauty to any use.

Sheet Moss

Sheet Moss is harvested from the sides and branches of fallen trees in deep American forests. Our high quality moss resembles a carpet and is excellent for hobbies, doll houses, fairy gardens, model building, pot soil cover, terrariums, dish gardens and creative decorations.

Harvesting Wisconsin Sphagnum Moss

1914

HISTORIC
JACKSON COUNTY, WIS.

Susan Renae Simpson

THE MOSSER LEE COMPANY

FOUNDED IN 1932 BY WILLIAM EPSTEIN & HIS TWO SONS MAX & LEWIS. THE COMPANY BEGAN WHOLESALING LONG-FIBERED SPHAGNUM MOSS. THE PERENNIAL MOSS GROWS IN WET MARSHLANDS. IT IS HARVESTED BY HAND. AIR-DRIED THEN PACKAGED INTO BALES. THE EPSTEIN FAMILY PIONEERED MANY HORTICULTURAL PRODUCTS UTILIZING SPHAGNUM'S HIGH-WATER RETENTION & STERILITY. TODAY, MOSSER LEE PRODUCTS CAN BE FOUND IN MOST LAWN & GARDEN CENTERS.

SPHAGNUM MOSS - CENTURY OLD BUSINESS
