K703	Bosmere Large Potting Sheet	38.5" x 30" x 4"	8

NEW PRODUCT

Bulldog Premium Tools

Made in England from forged heads + long growth hardwood handles

Bulldog
Wigan, England Since 1780

Bulldog tools was formed in 1780. It has been on the same site for all of this time. Known under a number of different names over the years the business sits on the site of the Clarington river, which runs below the factory to this day. History states that the site was originally the site of a monastery where the first tools were created.

Over the years Bulldog tools used to be one of many companies making spades and shovels for industry. There were over 100 mines that were supplied with tools from the Bulldog factory in the Wigan area alone back in the 1800's.

LIFETIME GUARANTEE

Buy quality. Buy once for a lifetime of use.

EXCEEDS BRITISH STANDARD

We bend test every spade & fork to easily exceed the British Standard

ONE-PIECE OF STEEL

No welds. No weak points. Forged from one piece of steel

Kindle Firelight Flamers

U100 | 18 pack

U105 | 24 pack

U110 | 50 pack

- * **MADE FROM WOOD WOOL**
- * **CLEAN + CONVENIENT**
- * **NATURAL + ODORLESS**
- * **ONLY 1 PER FIRE NEEDED**
- * **EASY LIGHT + LONG BURN**
- * **PERFECT FOR ALL FIRES!**

Kindle Firelight Flamers

What is wood wool? It's a product made of thin wood shavings. Here in the US, we call it Excelsior

- * Made in Britain out of wood wool and then dipped into wax to provide a longer and easier burn
- * Only one is needed to light your fire
- * Made from natural wood wool with natural, renewable, untreated wood shavings
- * Multi-purpose: our natural firelighters can be used to start fires in wood burners, barbecues, stoves, campfires, pizza ovens and firepits
- * They are great for camping enthusiasts: light to carry, natural, and will light even when wet
- * If feeling adventurous, these multi-purpose firelighters can be easily lit with a flint and steel too

SKU	Description	Case

- * **New for 2025!**
- * **350 lbs. capacity**
- * **Drainage holes for water shedding**
- * **UV-resistant plastic**
- * **Locking caster**

Protects decks, floors, carpets and tile from stains and rot caused by potted plants. Stops the build up of dirt and insects and reduces costly repairs.

The Down Under Plant Stand's diameter can be reduced by simply cutting off the ends of its supporting arms.

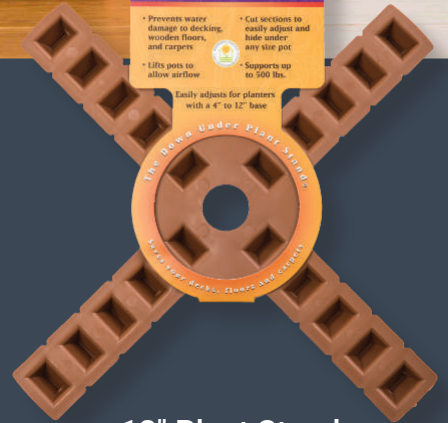

The Down Under Plant Stand® is easy-to-use: Place the stand under your potted plant tray. This will promote airflow between the floor and the potted plant. Water from spills and condensation will evaporate, preventing stains and saving your decks and floors.

US Patent No. 6,029,396

- Lifts pots to allow airflow
- Supports up to 500 lbs.
- Improves drainage
- UV Resistant

Kozy Coats

Kozy Coats are water-filled tee-pee plant protectors. Kozy Coats are the secret to growing heat-loving plants early every year... whether it's tomatoes, peppers, cucumbers or melons. Kozy Coats allow gardeners to be the first to pick vegetables every year by guarding tender young plants against the outdoor elements and then extending their growing season.

SKU	Description	Case
L760	Kozy Coats- 18" high, 2 pack	6

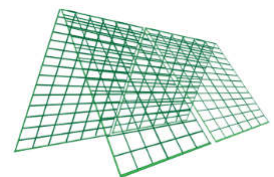

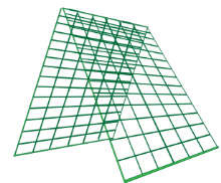

Veggie Trellis

Sturdy, green powder-coated steel trellis to support your vegetables and help them grow strong and abundant. Two ground staples are provided to pin the bottom of each panel to the ground or raised bed. Made with 3" square grids for easy harvesting, while still providing strong support for the plants. Trellis can be stored flat during winter.

K715	Tomato Planter Bag	Green	12.5" dia x 15" H	12

Plant Halos

Used to protecting and nurturing young tomato and vegetable plants. Each Halo holds in its moat 3 Quarts of water and then via the spikes, gradually delivers the water to the young plant. Each Halo has three built in channels for bamboo or wire supports to be inserted. A cane grip with each Halo holds the top of the canes together to for a wigwam/teepee support. Each Halo is made from polypropylene, made in England and is sold in sets of three.

L765 Plant Halos

Water reservoir- Green, holds 3.1 liters

Calipso Self-Watering Planters

INGENIOUS & INNOVATIVE! Made in France, the Calipso planters work like a self-contained raised garden bed! The Maxi version holds up to 8 Gallons of your preferred soil and has a 2.0 gal water reserve for aquifer roots as well as an internal, perforated container for feeder roots. Included are the 8 Gallon box, dual-wall containers, removable legs and water control. The Combi holds 10.5 Gallons and includes the modular sections for your seed roots and a mini greenhouse.

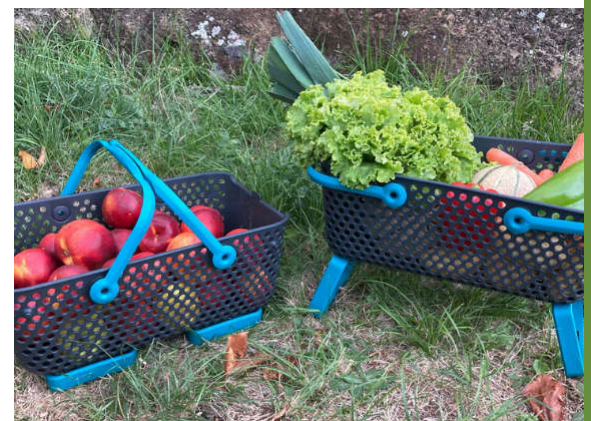

SKU	Description	Color	Size	Case

Coco Bricks & Chips

Compressed coco fiber, which after being soaked in water, is used as an alternative to peat as a soil extender. These are a fantastic growing medium: lightweight, high aeration, low ph (5.4 to 6.8), has no salts and holds water very well. Each 650g Coco Brick expands to produce 2.5 gallons of material and the Large Coco Brick creates 18 Gal of material. A 1.2lb Coco Chips brick makes up 1.6 gallons expanded material. Perfect for terrariums and orchids.

SKU	Description	Color	Size	Case
F475	Coir Chips Brick	Brown	1.2lb	10
F485	Compressed Coco Brick	Brown	22oz	12
F489	XL Compressed Coco Brick	Brown	10lb	3

Coco Rolls

Our F531 Liner Roll is used for lining hanging window baskets, while the M250 Border Roll stops weeds growing around your plant borders. The Border Roll is 1/2" thick and made from coco moss and natural latex.
