NO PRICE INCREASES FOR 2024

2024 Greetings!

Wishing everyone a wonderful gardening season ahead, we present our latest offerings, including new introductions in birdbaths, plant stands, plant supports and flower box trays. While shipping costs have stabilized, this year we face a different challenge of inflation. With that in mind, we have elected to keep our dealer prices the same for the coming year. This 2024 Catalog, marks our 30th edition! As always, all products are ready for shipment from our warehouse and our customer service team is here to help.

We sincerely appreciate this continued partnership with you, our customers, for all this time. We aspire to serve your needs, bringing beautiful, functional, quality products to consumers.

Trellises

An architectural element that serves to both accent the garden and support a climbing vine, a sturdy iron trellis will not rot or buckle under the load of a fully grown plant. We offer a wide range of sizes, styles, and shapes, designed to be self-supporting when staked firmly in the ground or anchored to a wall.

Statuary

Statuary has been a part of architecture and landscape decoration throughout history. Palaces, temples and grand residences have been opulently adorned with detailed figures of mythological and historic importance.

Whether bathtub Mary or plastic pink flamingo, we still highlight our own important figures or statues in the garden. Create a vignette with a trellis or water feature, or tuck a small creature into a secret space.

Our Community - Annual Fitchburg Blacksmith Art & Music Festival

We are ardent supporters of the arts in our community, and in 2003, founded the New England Blacksmith, Art and Renaissance Festival held each fall in our town of Fitchburg, Massachusetts, at downtown Riverfront Park, along the bank of the Nashua River. The event is open to the public and has garnered substantial support from the City of Fitchburg, MA, Cultural Council, and neighboring communities.

The festival strives to raise awareness of the art and craft of blacksmithy. It promotes a congenial fellowship among students, hobbyists and professionals alike. Participants bring portable forging stations to the park for a full day of work on projects and competition. Each year a well-known Master Blacksmith is invited to judge the competition and demonstrate skills. These live demonstrations have become a highlight of the event, alongside local crafts, food, music and handcraft sales.

This year's festival will be held September 28th 2024. Join us! For info see: <https://fitchburgforgein.org>
