## ADJUSTABLE RAILING PLANTERS

### NO TOOLS REQUIRED – FITS ANY TYPE OF RAIL OR FENCE!

Beautify your decks and fences with these ingenious adjustable railing planters that work on metal balconies, rounded composite and standard wood railings - they even work on chain link fences! No tools required. Made from UV-protected resin.

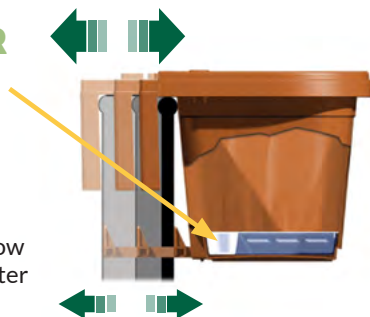

### ADJUSTABLE ARMS & LEVELING FOOT

Adjust the arms to fit over rail, lock in place with the included pins and pull out leveling foot to keep planter perfectly level, regardless of the fit.

### BUILT-IN WATER RESERVOIR & SLOTTED TRAY

Excess water sits in the lower reservoir with 1" overflow. Hidden tray separates plants from reservoir with slits to allow only the roots to reach the water below, avoiding root rot.

## ROLLING WORK SEAT

### TAKE THE BACK PAIN OUT OF ALL THE JOBS!

As we age, it sure doesn't get any easier on our backs, knees, and hips when it's time to get to work. Gardening for example, is a wonderful past time, but it sure can be a challenge getting down to ground level. Have a painting job? Again, not easy working on that floor trim. Even washing your car can be tough. Time to say goodbye to these challenges with this handy rolling seat, that allows you to sit comfortably and extra wide wheels that easily roll over grass and uneven ground. Keep your tools handy on the storage tray underneath. Made from durable plastic and steel frame.

## RAINFOREST SPRINKLERS USE UP TO 1/3 LESS WATER

Revolutionary sprinklers use up to 1/3 less water compared to conventional sprinklers and cover up to 1900 sq. ft (50 foot diameter spray). Heart-shaped head shatters water droplets into a fine rain/ mist that will not damage your plants or seedlings while improving water delivery to the root zone. Will not clog, so ideal for well systems and areas with hard water. Works on high and low water pressures. 6ft tripod has extendable legs, which work great on uneven surfaces.
