ABOUT US

Brome Bird Care has been designing and manufacturing wild bird feeders since 1998. They are designed according to our Legacy Commitment and are recognized by customers and retailers to be top ranked wild bird feeders.

Our Lifetime Care™

Should you need a part covered under our warranty, we will provide it for free to extend the life of our products, and shipping is on us. Call us for advice or help. A real person will be happy to assist: 1-800-856-5685 Monday through Friday, from 9:00 AM to 5:30 PM (EST), except holidays.

Our Unilateral Policy

Our products are covered under our Unilateral Resale Pricing, Warranty and Internet Policy. Only authorized dealers are permitted to market our products.

Our Legacy Commitment

- **Legacy Construction™** : Disposable products are no longer an option. All of our products are designed with our planet in mind and based on our Legacy Construction™ design code. All parts are designed to be replaceable and recyclable. The future of new products, manufacturing and the preservation of our planet must be linked to a vision of products made to last.

- **Bird Conservation** : We proudly support bird conservation by donating our feeders to the Canadian Wildlife Federation and to over 25 bird festivals in North America to help them with their fundraising efforts. Each feeder's literature also includes links to Project FeederWatch, promoting birdwatching and research, as well as encouraging our customers to be part of a bigger movement for wildlife conservation.

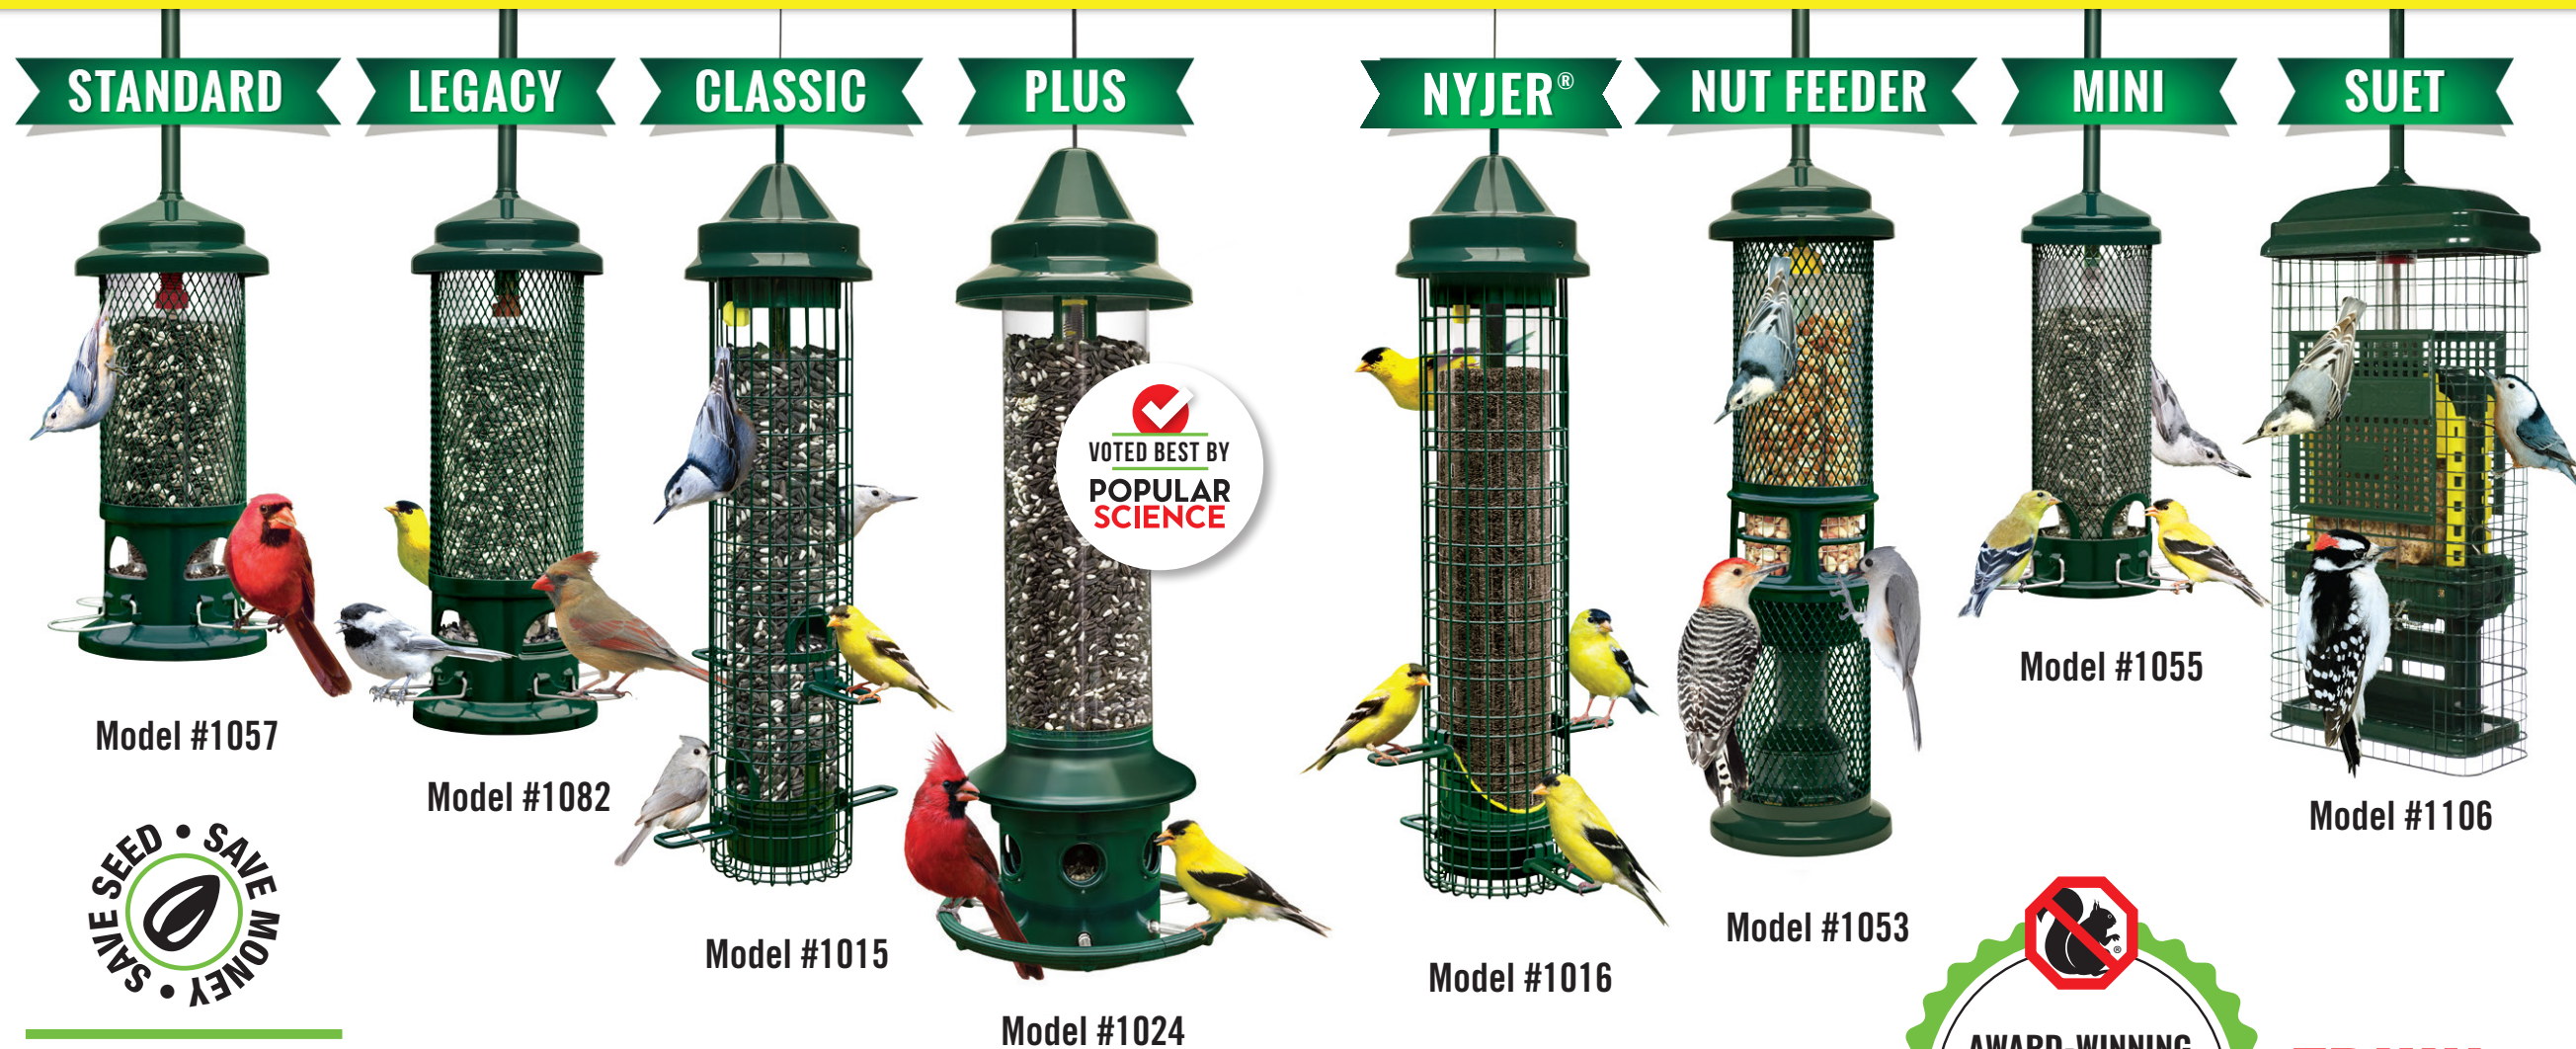

- **Brome Bird News** : Our free online show is dedicated to birds and everyone who loves them. Buying a Brome® product is just the beginning of a rather exciting journey. Join us to learn more!

SquirrelBuster®

WILD BIRD FEEDER

PAYS FOR ITSELF IN SAVED SEED®

VOTED BEST BY POPULAR SCIENCE

TRULY SQUIRREL-PROOF™

LIFETIME CARE™ 1-800-856-5685

TRULY
SQUIRREL-PROOF™

How it Works

Openings in the shroud align with the ports, providing birds access to the food. When a squirrel climbs onto the feeder, its weight automatically forces the shroud down, closing access to the ports. Squirrels and some large birds are foiled but not harmed in any way. See videos at www.brome.com

25" HANGING BRACKET

Model #1258-V01	Product & Box	Master Carton
Qty	1	4
Product Materials	Metal	N/A
Capacity	25 lbs	N/A
Dimensions (W x L x H)	25.4" x 4.8" x 2.5"	26" x 5.1" x 10.3"
Weight	2 lbs.	9 lbs.
UPC	628209125814	10628209125811

Included:

- 1 25" long arm
- 1 Docking hub
- 4 Stainless steel screws

STAINLESS STEEL SNAP HOOK

Model #1257-V01	Product & Header	Master Carton	Shipper
Qty	1	12	144
Product Materials	Stainless Steel	N/A	N/A
Capacity	N/A	N/A	N/A
Dimensions (W x L x H)	6.5" x 4" x 0.5"	5.8" x 4.3" x 3.7"	15.7" x 13.6" x 6.7"
Weight	0.1 lbs.	1.6 lbs.	23 lbs.
UPC	628209125715	10628209125712	20628209125719

1-INCH MOUNTING FLANGE

Model #1244-V01	Product & Header	Master Carton	Shipper
Qty	1	6	150
Product Materials	ASA Plastic	N/A	N/A
Capacity	N/A	N/A	N/A
Dimensions (W x L x H)	7.5" x 4.75" x 2"	9.5" x 4" x 2.8"	21.5" x 14.9" x 10.2"
Weight	0.1 lbs.	0.9 lbs.	23 lbs.

Branch Hook

Truly Squirrel-proof™

Supported by an impressive list of patents, our feeders are recognized as the leaders in the squirrel proof category. The weight of an adult squirrel automatically closes the seed ports, denying access to the seed but not harming the squirrels in any way. Also effective for some large nuisance birds.

**We are truly squirrel-proof
not squirrel-resistant.**

Chew Proof

All feeder parts exposed to squirrels are made of chew proof metals or RoxResin®, a remarkable 100% chew proof, waterproof, rust proof and UV resistant material.

Detachable Component System™

Squirrel Buster® bird feeders are designed to be dismantled by hand into individual components without the use of tools. This allows for easy cleaning and maintenance.

Seed Tube Ventilation™

Transparent seed tubes trap solar energy. Conventional seed tube designs block the escape of the heated air. Our patented Seed Tube Ventilation™ permits humidity and hot air to escape through vents at the top of the feeder and replaces it with fresh air. Bird food remains fresher, attracting more wild birds.

Weight Adjustable for Selective Feeding

The patented adjustable spring mechanism controls how much weight the shroud will support, allowing birds to feed. Any additional weight will activate the closing mechanism deterring heavier birds.

UV Resistant

All components are UV resistant.

Our Visions and Responsibilities

We do our best to make sure that our products remain true to our commitment from the concept stage to hanging in your garden. We are continuously monitoring our materials to ensure that they are environmentally friendly and compliant. We promote fair labor practices and safe working conditions throughout our supply chain with international code of conduct audits. We are members in good standing of AMFORI, the leading global business association for open and sustainable trade, whose objectives contribute to the fulfillment of the UN Sustainable Development Goals. Our core values are: Caring, Honesty, Respect, Responsibility and Fairness. Our founding principle is that our business can do well, when you and the planet do well.

Should you need a part covered under our warranty, we will provide it for free to extend the life of our products, and shipping is on us.
