Total Units Sold 52 Weeks

# **BITEBARRIER<sup>®</sup>**

**VAPOR RELEASE SYSTEM**

**EVERY YEAR, millions of people around the globe get mosquito-borne illnesses.** They're dangerous public health threats that disproportionately affect families in the most underserved communities. We're working with public health partners to prove the effectiveness of low-cost spatial repellents for reducing disease transmission, through public health to protect people. This is where that's where our new **BiteBarrier®** product comes in.

**EASY TO USE**

**WORKS 24/7 FOR 21 DAYS**

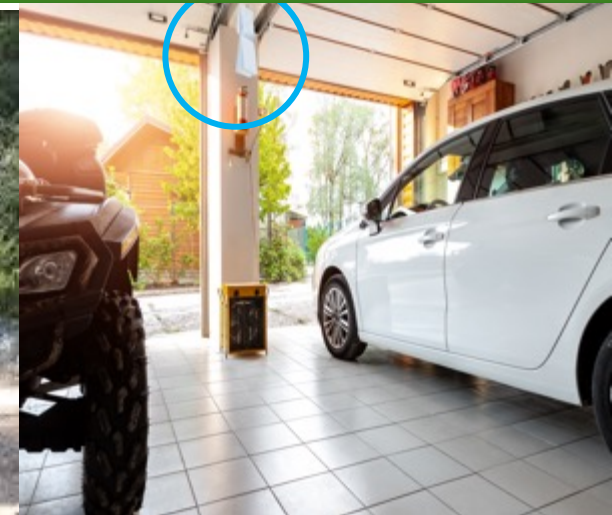

**USES PASSIVE AIRFLOW**

**REAL PROTECTION**

**CONTROLS AN 8' x 11' x 12' AREA WITH CONTINUOUS REPELLENCY!**

The Spatial Repellents research program, sponsored by *the Bill & Melinda Gates Foundation* and lead by researchers, Nicole L. Achee and Neil F. Lobo, focuses on the prevention of vector-borne diseases, transmitted through the bites of infected mosquitos. Spatial repellents are designed to release volatile chemicals into the air to reduce mosquito-human contact.

**INNOVATIVE NEW TECHNOLOGY! KILLS MOSQUITOES & BITING FLIES FOR UP TO 21 DAYS**

# Kills Mosquitoes and Biting Flies

Innovative New Technology Knocks down and Kills for up to 21 Days

One Device Protects a Maximum Area of 1060 Cubic Feet

For use in semi-enclosed porches and sunrooms, garages, tents, stables, RV's, campers, port-a-potties, garages, and kennels

Knockdown of Mosquitoes, Stable Flies and Sand Flies occurs within 2 Hours. Works with passive airflow.

Opens and Hangs Easily. Lightweight, Compact.

Odorless. Operates Silently. Simply hang as shown.

Small, Portable, Disposable, No Sprays, Creams, Open Flame or Heat Required.

Automatically Emits Transfluthrin Vapor to Knockdown and Kill Mosquitoes

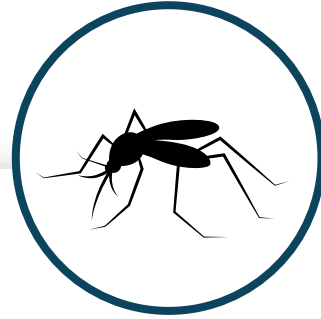

Patent No. US 1050925003 B2, 10,856,540 B2  
EPA Reg# 91879-1-3095

# BiteBarrier® VS No-Pest® Strip

Kills mosquitoes and flies

Protects against diseases they may carry such as Dengue Fever, West Nile Virus, Zika Virus, and Chikungunya

Can be used indoors and in semi enclosed areas like porches, patios, garages, sunrooms, tents, and RV's.

Suitable for use 24/7 to provide a healthier and more enjoyable pest free living experience

- ✓ SUPERIOR PROTECTION
- ✓ MORE VERSATILE
- ✓ BETTER LIFESTYLE

BiteBarrier®

No-Pest® Strip

Cannot claim to kill mosquitoes

Cannot claim to protect against disease mosquitoes carry

Indoor usage only

Exposure limited to 4 hours

# Flying Insect Solutions

# Flickering Flame Zappers and Traps

We see consumers creating their own **outdoor oasis** so they can focus on the things and people that matter while enjoying the comforts of their space. To create this setting, they want a beautifully decorated space that compliments their style and the decor of the house. They want to be able to enjoy precious time uninterrupted by pesky Insects. People also dislike the look of traditional, noisy, bulky bug zappers and call attention to pest problems.

# New Look for Ant and Roach Solutions

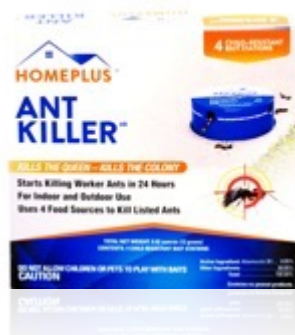

## 20 Year Anniversary Refresh

Over the past 20 years, Homeplus™ by PIC® offered indoor and outdoor ant control products that focused on efficacy and a proven formula for eliminating ant colonies in and around the home. It was time for the packaging to echo what the Homeplus™ brand is all about. 5 SKU's and counting, Homeplus™ now reflects the cleaner, pest free home our brand encourages, plus, solutions for your outdoor spaces without sacrificing an ounce of efficacy.
