Bags & Totes

Grow Bags

The perfect environment to accelerate growth and increase yields.

Create a breathable environment for your plants to grow faster and larger. The perfectly porous fabric increases drainage and encourages aeration to prevent over-watering, regulate soil temperature, and automatically air prune roots, resulting in healthier plants with increased yields.
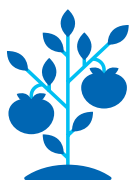

IDEAL FOR FRUITS & VEGETABLES

RINSE & REUSE

STRONG & DURABLE

100% RECYCLABLE HDPE FABRIC

10 YEAR FABRIC WARRANTY
10 YEAR
AGAINST UV DEGRADATION

How It Works

Breathable fabric allows oxygen to flow through the soil

Roots sense oxygen outside bag and naturally prune themselves*

The result? Faster growth and increased yields!

Roots reach the sides of the bag, sense airflow, stop growing, and send a signal to the plant to grow more roots

Coolaroo Grow Bags: Air-Pruned Roots
Air Pruning results in thick, fibrous roots and fuller, faster plant growth

Non-Breathable Planters: Pot-Bound Roots
Weak, stringy roots prevent plants from growing to their full potential

VS

Same soil.
Same water.
Same yard.
Better Results.

Coolaroo Pet Beds

Upgrade your pet's comfort with Coolaroo Elevated Pet Beds. Crafted with our premium UV-resistant and breathable fabric, these raised dog beds provide 360° air circulation, keeping your pet cool during hot summer months. The durable fabric design promotes soothing joint support and ensures ultimate relaxation.

New for 2024

Coolaroo Elevated Pet Beds feature HeatShield, the patent pending, gentle-on-paws fabric technology feels up to 15°F cooler*.

Elevated Pet Bed Pro with HeatShield Technology

The experts' choice for comfortable, cool, place training.

Consistency is key for training, and the easy access Coolaroo Elevated Pet Bed Pro can be quickly assembled and used in any space. Now featuring HeatShield, the patent pending fabric technology designed to reflect infrared rays and reduce heat to feel up to 15°F cooler. With quick-change, 100% recyclable covers free of harmful toxins, Pro delivers protection and comfort indoors, outdoors, or in-crate, so your pup always knows it's their safe place.

Elevated Pet Bed On-The-Go with HeatShield Technology

Lightweight and compact for instant adventures.

Embark on adventures with your best friend using Coolaroo Elevated Pet Bed On-The-Go. This travel-friendly, cooling bed features HeatShield, patent-pending fabric technology designed to reflect the sun's heat and feel up to 15°F cooler. The suspended design relieves joints and provides all-over airflow while the mold and mildew resistant, easy-clean quick-change covers are 100% recyclable and toxin free. The fully assembled, pop-up design includes a matching carry bag, perfect for spontaneous escapes. Compact, collapsible, and portable, On-The-Go combines convenience with comfort for every journey.
