Our Brand Serves a Higher Purpose

If it is not sustainable or does not have a positive impact on our environment, we do not use it.

Transforming The Vision To Reality

CARBON NEGATIVE SINCE 2014

At Dr. Earth, we practice what we preach. In 2014, we bought a retired Air Force Base in Northern California to become the first organic consumer goods company to grow organic produce certified by one of the most credible farming agencies, the CCOF or "California Certified Organic Farmers". Now we make organic products on the farm and in the factory. We use everything we make on site – no trucking. No carbon emissions.

As the CEO of the company, I wanted to lead the charge globally for every company making money claiming to be organic, so I bought the land and military site. I can proudly say we have zero waste at our company because we are farmers. If we don't sell it, we use it to grow certified organic food and raise livestock that graze in organic fields.

I am proud to say, I run the ONLY negative carbon company in the lawn and garden industry in the USA. We use our factory / farm to grow vegetables and grasses, and we use our products exclusively along with crop rotation and animals grazing in a truly biodynamic and balanced ecosystem.

We are always working to raise the bar when it comes to preserving our planet.. We invite you to join us in working towards a better tomorrow.

Milo Shammass - Founder & Formulator

Food waste is our future

SUPERMARKETS ARE THE POWERHOUSE OF A SUSTAINABLE FUTURE

8% to 10% of all meats and vegetables are thrown out in the garbage at supermarkets because they were not sold in time. This is a serious problem for supermarkets and their profits. All that waste comes at a cost. We pay the price for wasted food through higher product pricing at our next visit to the Supermarket, but our environment pays the ultimate price with pollution, landfill toxicity, and trucks that move the same materials twice while doubling the carbon footprint.

Our dream is to create a zero waste modern society and this fits our vision perfectly. This is very exciting to us, it's progressive, innovative, bold and solves a real world problem.

Milo, touring the facility to maintain the highest level of quality.

Yesterdays' Food Is Tomorrows' Garden

We recycle organic nutrients from today's supermarket food waste to create the purest organic liquid fertilizer to grow tomorrow's food.

This reduces waste going to landfills by transforming grocery waste into certified organic fertilizers.

Nothing is wasted and would-be waste is upcycled. This is the future of true sustainability.

Advocate for Sustainability

AS EARTH'S POPULATION CONTINUES TO GROW AT A RAPID PACE, MANAGING OUR FOOD WASTE BECOMES VITAL TO SUSTAINABILITY

We partner in converting 2.6 million tons of organic materials, including fruits & vegetables, into compost, mulch & premium soil. We pioneered the sustainable management of biodegradable resources. The results from our process contributes to water purity, reduction in green house gas emissions and a source of the best ingredients on earth.

Our products are derived from only the best ingredients

Clean Water For Our Future

WE RECOVER THE PLASTIC BEFORE IT ENTERS THE OCEAN...

We at Dr. Earth are sensitive to a growing world population and share a passion for clean water. By working with OceanBound®, we are removing 10 million pounds of plastic at-risk of polluting our oceans over the next 2 years. We compensate third world workers dedicated to cleaning up their own environment which impacts our earth.

Conservative estimates suggest that approximately 12 million metric tons of plastic entered the ocean from land in 2019, much of this began on land as mismanaged plastic that lacked professional collection and disposal systems. We are encouraging the development of formal collection programs in places where they do not currently exist.

Turning trash into something usable is OceanBound Plastic's way of upcycling plastic at risk of polluting the ocean and turning it into a recyclable product within the circular economy. For 2020, we have committed to two million recovered bottles!

We support the goal of drinkable water for everyone.

NEW!

INTRODUCING OUR NEWEST ADDITION TO THE FAMILY

House Plant Fertilizer is the #1 sales category

The house plant market is booming and that trend projects to continue. In response to the growing demand, Dr Earth has created the ideal potting soil for indoor plants, made from ocean based ingredients. Because it is manure free, it reduces smelly odors in the house. Be sure to stock up on Americas most trusted organic brand to meet this growing demand.

A NEW LEASE ON LIFE!

Dr. Earth® is proud to announce our new and improved Life® Premium Potting Soil now available in a 1.5 cubic foot size! We've reformulated our ingredient package to bring you our best soil on the market. Specially designed for use in all container applications, our new formula now comes loaded with Earthworm Castings, Bat Guano, Fish Bone Meal, Fish Meal, Shrimp Meal, Crab Meal, Granite Dust & Bentonite Dust.

NEW!

Unleash the power of your soil with Mykos® natural root promoter

NEW!

Dr. Earth® and Extreme Gardening® have teamed up to offer you a pure mycorrhizae inoculant that squeezes every last drop out of your garden soil!

MYKOS BAR FROM EXTREME GARDENING

Mykos is a fast-growing, beneficial fungi that connects many of the beneficial microbes in the soil to host plants. This "symbiotic" relationship increases the supply of nutrients to plants, increasing the availability of both moisture and most of the fundamental elements required for plant growth. This greater nutrient availability leads to a bounty of healthier, bigger plants! Mykos helps just start new planting by reducing transplant shock and by stimulating root growth. Mykos forms a bridge (hyphae) between roots and the nutrients in the soil. It protects against drought and is helpful in improving soil structure both in clay soil and sandy soil. Use in fruits, vegetables & flowers!

NEW!

Organic Soil Conditioners

WE HAVE ADDED A COUPLE OF NEW SOIL CONDITIONERS TO OUR LIVING SOIL LINE UP

EARTHWORM CASTINGS SOIL CONDITIONER

Our 100% natural premium worm castings are harvested from organic certified farms and help build and improve garden soil

FLOWER GIRL® SOIL BOOSTING CONDITIONER

Great all purpose planting mix for use in all outdoor gardening applications. Perfectly conditions all soil types, loosens soil and improves aeration.

DIRTY SOIL

GET CLEAN

CLEAN SOIL DETOX

Helps Neutralize Chemicals, Contaminants & Heavy Metals

CLEAN® Soil Detox is a potent "soil washing" conditioner that uses the power of highly porous Indonesian activated coconut shell charcoal, Utah mined humic acids, mineral-rich Bentonite Clay and TruBiotic® cultures to help adsorb, neutralize and bioremediate contaminants from the soil, providing a safer planting medium for your edible gardens. CLEAN® is designed to neutralize petroleum, herbicides, pesticides, sewage sludge (biosolids), chicken manure residue and other toxins from the soil. It works through metal and chemical chelation, "Binding-Up" and "Locking-Up" the contaminants by turning them into inert "non-bioavailable" compounds.

PELLETIZED SOIL ACIDIFIER

Helps to lower the pH in soils with excessive alkaline levels. It is a great source of sulfur which promotes dark green growth and is ideal for all acid loving plants, lawns, evergreens, trees and vegetables. It is effective in helping to turn hydrangeas blue. Covers 100 square feet.

AVAILABLE SIZES: 6lb

PELLETIZED GARDEN LIME

Helps to raise the pH in soils to aid plants in maximizing nutrient intake. Great source of calcium and magnesium which are important nutrients for plant growth and health. Helps to turn hydrangeas pink. Covers 100 square feet.

AVAILABLE SIZES: 6lb

Bio-stimulators to activate life into the soil

SUPER ACTIVE™ SOIL & SEED INOCULANT

A powerful bio-stimulator formulated to activate life into the soil, while also inoculating "legume" seeds for maximum germination and transplant success. Micronization ensures that the inoculant tea can travel deep into the soil structure for maximum root penetration.

AVAILABLE SIZES: .5 Ounce packet

METABOLIC TRANSFORMER® SOIL CATALYST

Formulated to inoculate and stimulate microbes and assist in performing a variety of tasks such as desirable soil structure & desirable soil conditions. Improved biological and biochemical characteristics in the soil assist in improving overall plant growth.

AVAILABLE SIZES: 1lb

Organic Fertilizers

The highest level of organic quality

OCEAN RICH NUTRIENTS

Micronutrients are important in many different situations. Soil can be depleted from over gardening or over farming. Micronutrient replenishment with organic fertilizers increases crop production, quality of produce, and yields along with healthier fruits and vegetables. It also stimulates the viability of beneficial soil microbes and mycorrhizae. Micronutrient rich fertilizers can help you save money, reduce fertilizer costs, save on energy use and decrease your goal of lowering your carbon footprint.

Our base ingredients are "ocean-derived", such as fish bone meal, an exotic ingredient used in high quality cat foods and other exotic fish foods. Fish meal, full of complex proteins that become soluble nitrogen as they are fully decomposed and digested by probiotics in the soil, also contains an abundance of micronutrients. Kelp meal, or our even more concentrated kelp flour is one of our favorites. Imagine the flour you bake with. This is how fine the particles are in our sea plant kelp flour which we use as the base ingredient to carry all of our biological inoculants. We add these custom, hand made ingredients into our blended fertilizer line. This is why our blends are incredibly diversified with a plethora of trace elements and micronutrients in a highly bioavailable form due to its micronized size.

*The Wild
Blue Ocean
VS
Factory
Chicken Farm*

TRUBIOTIC® SOIL MICROBES

We make our blends the best by infusing them with TruBiotic®, a "broad-spectrum" biological soil inoculant that consists of our "ALL SOIL TYPES" blend of beneficial soil bacteria that are approved for organic gardening. It contains 18 varieties of ecto and endomycorrhizae making our blends the highest quality on earth. We are confident no one matches our quality.

NOT ALL FERTILIZERS ARE CREATED EQUAL

THE KEY DIFFERENCE: *Dr. Earth fertilizers are chicken manure-free*

There are a lot of organic fertilizers on the market, so how do you choose? Take a closer look at the ingredients. Dr. Earth fertilizers use only the finest ingredients derived from nutrient rich fish. Many fertilizers labeled "organic" use cheap chicken manure fillers that may contain GMO's and pathogens.

We convert fresh caught fish from the icy waters of northern Alaska into premium, high grade fertilizers and soils.

HOME GROWN® TOMATO & VEGETABLE FERTILIZER

Home Grown® fertilizer is formulated to feed vegetable gardens, summer and winter crops, container planting or native backyard soil. Use it during initial planting of seeds, transplanting, and on a regular basis as a top dressing or compost tea.

AVAILABLE SIZES: 1lb • 2lb • 4lb • 8lb • 12lb • 25lb • 50lb

NATURAL WONDER® FRUIT TREE FERTILIZER

Natural Wonder® fertilizer is formulated to feed all fruit trees, berries, and fruiting vines in containers or any backyard soils. It can be used during the initial transplanting after digging the hole or anytime of the year to feed actively growing fruit trees and vines.

AVAILABLE SIZES: 1lb • 2lb • 4lb • 8lb • 12lb • 25lb

PREMIUM GOLD® ALL PURPOSE FERTILIZER

Premium Gold® All Purpose Fertilizer produces remarkable results. Nutrients are released immediately and provides optimum nutrition over several months. It's great for every plant in the garden and for feeding mid-season for a nutritional boost to maximize plant health.

AVAILABLE SIZES: 1lb • 2lb • 4lb • 8lb • 12lb • 25lb • 50lb

ANNUAL BLOOM® FLOWER GARDEN FERTILIZER

Annual Bloom® dry fertilizer is formulated for all flowering plants. Use when planting seeds, transplanting established plants, and periodically throughout year – as needed. Best for annual gardens that require a burst of phosphorous for a quick blooming period.

AVAILABLE SIZES: 4lb

SPECTACULAR® BULB FOOD

Spectacular® dry fertilizer is formulated for tubers, edibles, and ornamentals. Use on summer and winter crops – containerized or in-ground. For best results, use during initial planting and re-apply on a regular basis.

AVAILABLE SIZES: 4lb

ROOT ZONE® STARTER FERTILIZER

Root Zone® fertilizer is formulated to feed all transplants, vegetable garden plants, both summer and winter plants, in containers or in native soil found in your yard. It is best used when planting seeds or transplanting anything into a new container or at home in the garden.

AVAILABLE SIZES: 1lb • 2lb • 4lb • 12lb

ACID LOVERS® ACID LOVING PLANT FERTILIZER

Acid Lovers® fertilizer is formulated to feed all acid loving plants in planting environments. Both summer and winter plants, in containers or in backyard soil. It can be used during initial plant starting, direct transplanting, or to feed on a regular basis.

AVAILABLE SIZES: 1lb • 2lb • 4lb • 8lb • 12lb • 25lb

FLOWER GIRL® BUD & BLOOM BOOSTER

Flower Girl® dry fertilizer produces remarkable results as some nutrition is released quickly and some continues to feed for several months. Ultra-premium scientific formula provides multi-minerals and micronutrients for optimum levels of essential plant nutrients.

AVAILABLE SIZES: 1lb • 2lb • 4lb • 8lb • 12lb • 50lb

TOTAL ADVANTAGE® ROSE & FLOWER FERTILIZER

Total Advantage® dry fertilizer is formulated to feed all flowering plants in the garden, containerized or in-ground. Use during initial planting, at transplant, or via top dress onto established plants to help them reach their fullest potential.

AVAILABLE SIZES: 1lb • 2lb • 4lb • 8lb • 12lb • 25lb

EXOTIC BLEND® PALM & TROPICAL FERTILIZER

Exotic Blend® dry fertilizer has been carefully designed for exotic plants such as palm, hibiscus, ferns, and tropical varieties. You'll get remarkable results and larger, natural blooms. We utilize a proven scientific formula that provides optimal levels of plant nutrition.

AVAILABLE SIZES: 1lb • 4lb • 12lb

PURE GOLD® ALL PURPOSE FERTILIZER

Pure Gold® All Purpose Plant Food is formulated to feed plants anytime of the year. Pure Gold® is a true pelletized and homogenous organic all purpose fertilizer that produces remarkable results. Can be applied to the soil without having to be worked in. Just throw and go!

AVAILABLE SIZES: 3lb • 8lb

ANNUAL BLOOM® PANSY FOOD

Annual Bloom® Pansy Food is formulated for all flowering plants, containerized or in-ground. Use when planting seeds, transplanting established plants, and periodically throughout year. Best for annual gardens that require a burst of phosphorous for a quick blooming period.

AVAILABLE SIZES: 1lb

SWEET & SOUR® CITRUS FERTILIZER

Sweet & Sour® fertilizer is formulated to feed all fruit trees, berries, and fruiting vines in containers or any backyard soils. It can be used during the initial transplanting after digging the hole or anytime of the year to feed actively growing fruit trees and vines.

AVAILABLE SIZES: 1lb • 4lb • 8lb • 12lb • 25lb

PREMIUM COMPOST STARTER

Significantly speeds up the decomposition of organic materials to create true organic humus. For use in all types of composting strategies: piles, bins, barrels and others. Contains a biological compost activator that helps to break down food & garden waste.

AVAILABLE SIZES: 1lb • 3lb

LIFE®

ALL PURPOSE FERTILIZER

- Our highest quality fertilizer
- Easy to use pelletized fertilizer
- Easy to apply - just throw & go!
- OMRI & OIM Registered

DESCRIPTION:

LIFE® All Purpose Fertilizer produces remarkable results. Nutrients are released immediately and over several months. It comes in an easy to use, pelletized form. Just throw and go! Contains TruBiotic® which renews and restarts tired soils. TruBiotic® is alive with probiotic beneficial soil microbes and mycorrhizae. It is infused with a broad spectrum biological inoculant that results in greater adaptability and viability success.

IDEAL FOR:

Providing balanced, fast-acting, and long term nutrition for all vegetables, flowers, bedding plants, potted plants, all trees, shrubs, annuals, and perennials.

AVAILABLE SIZES: 1lb • 4lb • 12lb • 25lb • 40lb

Unleash the power of your soil with Mykos[®] natural root promoter

FERTILIZERS

Throw and Go!
quick and easy to apply

DESCRIPTION:

Our Nitrogen Fertilizer is a true pelletized and homogenous organic all-purpose fertilizer that produces remarkable results! It is free of synthetic chemicals, chicken manure fillers, sewage sludge and biosolids, making it odor free and people and pet safe. Our Ultra-premium scientific formula provides optimum levels of primary essential plant nutrients, including micronutrients and multi-minerals.

IDEAL FOR:

Promotes lush, green growth and long term nutrition for lawns, vegetables, flowers, trees, shrubs, annuals, and perennials.

AVAILABLE SIZES: 18lb & 30lb

SINGLE INGREDIENT FERTILIZERS

BLOOD MEAL

Kiln-dried Blood Meal infused with seven strains of TruBiotic® beneficial soil microbes.

USES:

All plants in vegetative growth. Vegetables, roses, flowers, container plants, tropical plants, trees and shrubs.

BENEFITS:

Excellent source of organic Nitrogen and Iron that promotes growth of all plants and helps repel deer. Can be used in a fertilizer tea to feed plants.

AVAILABLE SIZES: 2lb & 3lb

BONE MEAL

Bone Meal infused with seven strains of TruBiotic® beneficial soil microbes.

USES:

Bulbs, flowers, roses, vegetables, all blooming plants, trees and shrubs.

BENEFITS:

An excellent source of organic phosphorous and calcium. Provides both long term and short term benefits. Great for root and fruit development. Contains trace elements.

AVAILABLE SIZES: 2.5lb & 4lb

KELP MEAL

Cold Water Norwegian Kelp infused with seven strains of TruBiotic® beneficial soil microbes.

USES:

Vegetable gardens, roses, tropical plants, trees and shrubs.

BENEFITS:

An excellent source of potash. Promotes health in all planting applications. Contains minerals, growth regulators, vitamins, hormones, and enzymes. A potent all-around ingredient that will benefit all plants by supplying trace minerals.

AVAILABLE SIZE: 2lb

SINGLE INGREDIENT FERTILIZERS

ALFALFA MEAL

Valley Grown Alfalfa Meal infused with seven strains of TruBiotic® beneficial soil microbes.

USES:

Roses, vegetable gardens, tropical plants, trees, shrubs, annuals and perennials.

BENEFITS:

Fast acting and excellent source of Magnesium – which roses love. Contains natural growth stimulant Triacantanol which boosts growth of all plant types.

AVAILABLE SIZE: 3lb

BAT GUANO

Bat Guano infused with seven strains of TruBiotic® beneficial soil microbes.

USES:

All indoor plants, all outdoor plants, plants that love nitrogen, plants in vegetative growth, vegetables and herbs.

BENEFITS:

An excellent source of fast acting nitrogen. Promotes growth of all types of plants. Can be used in a fertilizer tea for all applications.

AVAILABLE SIZE: 1.5lb

FISH BONE MEAL

Pasteurized Fish Bone Meal infused with seven strains of TruBiotic® beneficial soil microbes.

USES:

Roses, bulbs, trees, shrubs, vegetable gardens, all fruiting plants, and all flowering plants.

BENEFITS:

High in trace elements, organic phosphorus, and calcium which benefits plants in all stages of growth. Especially beneficial for roots, buds, and blooms.

AVAILABLE SIZE: 2.5lb

YEAR-ROUND FERTILIZING MADE EASY

PLASTIC PACKAGING FROM A GREAT PLACE

We at Dr. Earth are sensitive to a growing world population and share a passion for clean water. By working with OceanBound® we are removing 10 million pounds of plastic at-risk of polluting our oceans. We compensate third world workers dedicated to cleaning up their own environment which impacts our earth.

- Grow your sales with year-round fertilization products designed to boost repeat sales!
- Made from human-grade ingredients
- Safe & effective to use around the home
- Convenient ready-to-spray bottle
- Increases the drought tolerance of plants
- OMRI Listed® for use in organic gardening

SUPER NATURAL™ LIQUID LAWN FOOD

Our Lawn Fertilizer is specially formulated to feed turf naturally and promote ultra-green and vibrant lawns anytime of the year. It is great for all new & established lawns, warm & cool season lawns, as well as assisting seedlings and sod in becoming established year-round.

AVAILABLE SIZES: 32oz. Hose End Spray

FLOWER GIRL® BUD & BLOOM BOOSTER

Dr. Earth® Flower Girl® Bud and Bloom Booster is formulated to feed plants gently to promote maximum bloom and strong root systems. It is great for all flowers, vegetable gardens, fruit trees and over all bud and bloom production.

AVAILABLE SIZES: 24oz. Concentrate; 32oz. Hose End Spray

HOME GROWN® TOMATO & VEGETABLE FERTILIZER

Dr. Earth® Home Grown® Tomato, Vegetable & Herb Fertilizer is formulated to feed plants gently to promote robust and productive vegetable gardens. It is great for all types of vegetable gardens, both summer and winter, rooting and flowering gardens.

AVAILABLE SIZES: 24oz. Concentrate; 32oz. Hose End Spray

TOTAL ADVANTAGE® ROSE & FLOWER FERTILIZER

Dr. Earth® Total Advantage® Rose & Flower Fertilizer is formulated to feed flowering plants naturally to promote bigger and more abundant blooms. It is great for all roses, flowers, flowering trees, shrubs as well as annuals & perennials.

AVAILABLE SIZES: 24oz. Concentrate; 32oz. Hose End Spray

PURE GOLD® ALL PURPOSE PLANT FOOD

Dr. Earth® Pure Gold® All Purpose Plant Food is formulated to feed plants anytime of the year, both annuals and perennials. Our Pure Gold can be used on flowers, vegetables, trees, shrubs, annuals & perennials.

AVAILABLE SIZES: 24oz. Concentrate; 32oz. Hose End Spray; 1 Gallon Concentrate

NATURAL WONDER® FRUIT & BERRY FERTILIZER

Dr. Earth® Natural Wonder® Fruit & Berry Fertilizer is formulated to feed plants gently to promote large and abundant fruits, nuts and vines. Excellent for all berries, such as blackberries, blueberries, strawberries, fruiting vines, nut trees, and all fruit trees.

AVAILABLE SIZES: 24oz. Concentrate; 32oz. Hose End Spray

ACID LOVERS® ACIDIC LOVING PLANT FERTILIZER

Dr. Earth® Acid Lovers® Azalea, Holly & Evergreen Fertilizer is formulated to feed acid loving plants naturally to promote bigger, more abundant blooms. Excellent for hollies, blueberries, hydrangeas, ferns and shade plants, both indoor and outdoor, as well as all acid loving plants.

AVAILABLE SIZES: 24oz. Concentrate; 32oz. Concentrate

ROOT ZONE® STARTER PLANT FOOD

Dr. Earth® Root Zone® Starter Plant Food is formulated to feed plants gently and promote a great start. Excellent for all transplants, vegetables, trees, shrubs, herbs, house plants, annuals and perennials.

AVAILABLE SIZES: 24oz. Concentrate; 32oz. Concentrate

SUCCULENCE® CACTUS & SUCCULENT PLANT FOOD

Dr. Earth® Succulence® Cactus & Succulent Plant Food is formulated to feed both indoor and outdoor container plants. Excellent for transplanting and regular maintenance feeding of cactus and succulents.

AVAILABLE SIZES: 24oz. Concentrate; 32oz. Concentrate

The Dr. Earth 3-Part Liquid Fertilizer System

3-PART LIQUID FERTILIZER SYSTEM

Dr. Earth OMRI listed organic liquid fertilizers are designed to maximize the yield and flavor of valuable plants. When used together or as a stand alone fertilizer, Dr. Earth liquid fertilizers provide exceptional results. The 3-part liquid fertilizer line is fast-acting with a proven track record of success. Can be ordered in a 3-Pack Complete Growing System that is easy to merchandise and solves consumer fertilizer needs for the season.

AVAILABLE SIZES: 28oz. Pump; 16oz. pump; 24oz. Concentrate; 32oz. Concentrate; 1, 2.5 and 5 Gallon Concentrates

3-PART LIQUID FERTILIZER SYSTEM

GROW

NITRO BIG HIGH NITROGEN PLANT FOOD

Creates lush compact growth that's capable of supporting heavy fruits and flowers. It includes potassium to enhance energy transfer and get aggressive growth rates.

ANYTIME

POT OF GOLD ALL PURPOSE PLANT FOOD

All Purpose liquid fertilizer has a balanced NPK and is great to apply anytime from seed to harvest to help maintain optimal nutrition levels for an abundant harvest.

BLOOM

GOLDEN BLOOM HIGH PHOSPHOROUS PLANT FOOD

Contains elevated levels of phosphorus and dramatically enhances overall yield and essential oil profiles. Results in multiple bud sites, larger bud size, and amplified flavor profile.

Premium Organic Living Soils

YESTERDAYS' CROPS BECOME TODAY'S SOIL

The best soils are made from organic food. Dr. Earth converts over 380,000 tons of green materials into compost, mulch and other premium soil products each year. We are the pioneers of sustainable management of biodegradable resources. The results from this process contributes to water purity, reduction in green house gas emissions and a source of the best ingredients on earth.

We found a sustainable solution!

POT OF GOLD® ALL PURPOSE POTTING SOIL

Pot of Gold® All Purpose Potting Soil is recommended for use in all outdoor and indoor potting and container applications. It is great for many projects in the garden. It can be used as a soil amendment for in-ground planting: trees, shrubs, bare root planting, flowers and vegetables; mulching; and seed cover.

AVAILABLE SIZES: 4QT, 6QT, 8QT, 12QT, 16QT, 20QT, 27.5QT & 1.5 Cu. Ft.

MOTHER LAND® ALL PURPOSE PLANTING MIX

Mother Land® All Purpose Planting Mix creates the perfect soil conditions to promote plant health and vigor in all outdoor planting applications. It's a perfect mix for large outdoor containers and can be used as an amendment for planting trees, shrubs, bare root planting, flowers and vegetables.

AVAILABLE SIZES: 27.5QT, 1.5 & 3 Cubic Feet

HOME GROWN® VEGETABLE GARDEN PLANTING MIX

Home Grown® Vegetable Garden Planting Mix creates the perfect soil conditions to promote plant health and abundant vegetables and herbs. Home Grown® can be used for many projects in the garden or as an amendment for planting trees, shrubs, bare root planting and flowers.

AVAILABLE SIZES: 4QT, 6QT, 8QT, 12QT, 16QT & 1.5 Cubic Ft.

NATURAL WONDER® FRUIT TREE PLANTING MIX

Natural Wonder® Fruit Tree Planting Mix creates the perfect soil conditions to promote plant health and abundant fruit production. Natural Wonder® is great for many projects in the garden. It can also be used as an amendment for planting ornamental trees, shrubs and bare root planting.

AVAILABLE SIZES: 1.5 Cubic Feet

ACID LOVERS® ACID LOVING PLANTING MIX

Acid Lovers® Planting Mix creates the perfect soil conditions to promote blooming and vigorous health for all acid loving plants. Use Acid Lovers® as a soil amendment throughout the garden when planting trees, shrubs, bare root plants, flowers, and all acid loving plants in the garden.

AVAILABLE SIZES: 8QT & 1.5 Cubic Feet

FLOWER GIRL® BUD & BLOOM POTTING SOIL

Flower Girl® Bud & Bloom Booster Potting Soil is formulated to promote an abundance of quality buds and will allow the flowers to bloom bigger and brighter. The nutrients in this soil will feed for several months. This blend is recommended for use in all outdoor and indoor potting and container applications.

AVAILABLE SIZES: 4QT, 6QT, 8QT, 12QT & 16QT

EXOTIC BLEND® CACTUS & SUCCULENT POTTING MIX

Exotic Blend® Cactus & Succulent Mix is recommended for use in all outdoor and indoor planting applications. This blend has excellent drainage and water holding capabilities simultaneously. Cactus, succulents and all drought tolerant plants will enjoy home in our mix specially designed for their needs.

AVAILABLE SIZES: 4QT, 6QT, 8QT, 12QT, 16QT, 20QT, 1 & 1.5 Cu. Ft.

TOTAL ADVANTAGE® ROSE & FLOWER PLANTING MIX

Total Advantage® Rose and Flower Planting Mix promotes blooms in all flowering plants: roses, trees, shrubs, annuals. Total Advantage® is great for many projects in the garden. It can be used as an amendment for planting trees, shrubs, bare root planting, flowers and vegetables. Ideal for English teas, all flowers, hybrid teas, mini roses, climbers, annuals and perennials.

AVAILABLE SIZES: 1.5 Cubic Feet

ROOT ZONE® SEED STARTER POTTING MIX

Root Zone® Seed Starter Mix contains powerful beneficial microbes and select organic inputs that help seeds successfully germinate and young plants get off to a vigorous start in life. Root Zone® Seed Starter helps establish a vigorous root system very quickly. Excellent for use in seed start flats and containers.

AVAILABLE SIZES: 4QT, 6QT, 8QT, 12QT & 16QT

RAISED BED POTTING MIX

Our Raised Bed Potting Mix creates the perfect soil conditions to promote plant health and abundant vegetables, herbs and flowers. Raised Bed Potting Mix can be used for many projects in the garden: amendment for planting trees, shrubs, bare root planting and flowers. Excellent for use in raised beds.

AVAILABLE SIZES: 1.5 Cubic Feet

BONSAI POTTING SOIL

Bonsai Potting Soil is formulated to provide optimum growth for evergreen and other bonsai plants. It is designed to handle the delicate needs of moisture, drainage and plant support vital for ideal development. Bonsai Potting Soil is recommended for use in indoor potting and container applications.

AVAILABLE SIZES: 8QT

AFRICAN VIOLET POTTING SOIL

African Violet Potting Soil is formulated to promote an abundance of quality buds and will allow the flowers to bloom bigger and brighter. It is ideal for all types of indoor flowering plants. This blend is recommended for use in all outdoor and indoor potting and container applications.

AVAILABLE SIZES: 8QT

HOUSE PLANT ALL PURPOSE POTTING SOIL

House Plant All Purpose Potting Soil is recommended for use in all indoor potting and container applications. It is ideal for all indoor applications because it is sustainably made from food grade ingredients, eliminating that smelly odor found in manure based fertilizers and is people and pet safe when used as directed.

AVAILABLE SIZES: 8QT

FREE® VEGETARIAN POTTING SOIL

Free® Vegetarian Potting Soil is a very unique blend of ingredients free of animal by-products, chicken manure & chemicals. It is great for many projects in the garden. In addition to container planting, it can be used as a soil amendment for in-ground planting trees, shrubs, bare root planting, flowers & vegetables.

AVAILABLE SIZES: 4QT, 6QT, 8QT, 12QT & 1.5 Cubic Feet

LIFE® ALL PURPOSE POTTING SOIL

Life® All Purpose Potting Soil is formulated to produce remarkable results in your container gardens. The nutrients are quickly available yet continue to feed for several months. This blend is recommended for use in all outdoor and indoor potting and container applications. It is great for many projects in the garden.

AVAILABLE SIZES: 4QT, 6QT, 8QT & 12QT

NATURAL CHOICE® ALL PURPOSE COMPOST

Natural Choice® All Purpose Compost creates the perfect soil conditions to promote plant health and optimum growth. Natural Choice® All Purpose Compost can be used for many projects in the garden: amendment for planting trees, shrubs, bare root planting, flowers, vegetables and over seeding lawns.

AVAILABLE SIZES: 16QT, 1 Cubic Foot & 1.5 Cubic Feet

FLOWER GIRL® SOIL BOOSTING CONDITIONER

Great all purpose planting mix for use in all outdoor gardening applications. Perfectly conditions all soil types, loosens soil and improves aeration. Contains no synthetic ingredients or GMO infested chicken manure and is infused with TruBiotic® beneficial soil microbes & mycorrhizae.

AVAILABLE SIZES: 1.5 Cubic Feet

EARTHWORM CASTINGS SOIL CONDITIONER

Earthworm Castings Soil Conditioner aids in plant growth, water retention & helps to build a productive soil. Our 100% natural premium worm castings are harvested from organic certified farms and help build and improve garden soil. Ideal for all applications including edibles, flowers and raised beds.

AVAILABLE SIZES: 8QT & 20QT

FINAL STOP[®] Killer Sprays

In many instances, physical and biological controls won't be enough to remedy a pest problem. In these cases you will face the choice of losing your harvest, flowers, and valuable plants or using organic insect sprays.

Organically acceptable pesticides and fungicides have 3 characteristics:

- They are derived from natural substances.
- They are generally less toxic to humans than synthetic pesticides.
- They break-down in the environment to harmless substances.

KILL, REPEL, AND CONTROL NATURALLY

Final Stop[®] products provide the home gardener with an effective alternative to chemical sprays. Dr. Earth[®] is unique in its formulation with components that quickly kill and control the target naturally.

FAST AND EFFECTIVE RESULTS

Formulated with essential oils and garlic extract to knockdown and kill insects and fungus quickly, the results can be seen anywhere from immediately to over a period of several minutes. Octopamine is a chemical neurotransmitter that controls body movement and metabolism in insects and mites. The ingredients in Dr. Earth[®] interfere with the transmission of octopamine signals throughout an insect's body. The interference of these signals leads to metabolic toxicity, immobilization and ultimately death.

LONG LASTING

Garlic extract has been proven to repel insects for several weeks or even longer. We also include several oils and molasses that will naturally stick to plant foliage. This "gummy" carrier causes the insecticide to adhere to plant foliage for a long period of time, creating effective control.

DYNAMIC COMBINATION

We designed the dynamics of our essential oil blend, garlic extract, and specialized inert ingredients to work synergistically, killing insects and fungus within minutes. They also have the ability to repel insects for weeks. Dr. Earth[®] Final Stop[®] effectively controls a broad spectrum of insects and fungus's through several active killing agents.

UNIQUE FINAL STOP[®] BONUS

Dr. Earth[®] insecticides and fungicides are environmentally safe yet contain the most dynamic combination of active and inert ingredients designed to kill and control plant-destroying insects. Our sprays have the ability to not only control insects and fungus but to also rejuvenate plant growth! We have added natural, biological growth enhancers, providing gardeners with multiple benefits. The Dr. Earth[®] formula offers a new concept: a single product that combines quick, safe control with fast-acting plant growth and healing capabilities.

**NOW AVAILABLE IN A
NEW GALLON SIZE**

DISEASE CONTROL FUNGICIDE

A year-round disease control and protective spray that is highly effective at killing and controlling powdery mildew and other mold. Kills on contact while providing continued protection for weeks.

AVAILABLE SIZE: 24oz Ready-to-Use; 32oz Hose End Sprayer; 24oz Concentrate and a 1 Gallon Concentrate

**NOW AVAILABLE IN A
NEW GALLON SIZE**

YARD & GARDEN INSECT KILLER

Final Stop[®] Yard & Garden Insect Killer is ideal for killing and controlling insects on vegetables, fruit trees, turf, ornamentals, walkways, driveways, in every part of the yard and garden.

AVAILABLE SIZE: 24oz Ready-to-Use; 32oz Hose End Sprayer; 24oz Concentrate and a 1 Gallon Concentrate

VEGETABLE GARDEN INSECT KILLER

Final Stop® Vegetable Garden insect Killer is used to kill and control insects on vegetables, both indoors and outdoors, and in every part of the yard and garden. Herb gardeners love this formula!

AVAILABLE SIZE: 24oz Ready-to-Use; 32oz Hose End Sprayer

FRUIT TREE INSECT KILLER

Effective in killing and controlling insects on all fruit trees, citrus, avocados, deciduous trees and every part of the yard and garden. Kills on contact while providing continued protection for weeks.

AVAILABLE SIZE: 24oz Ready-to-Use; 32oz Hose End Sprayer

ROSE & FLOWER KILLER SPRAY

Ideal for killing and controlling insects on roses, flowers, flowering shrubs, ornamentals, and every part of the yard and garden. Essential oils and garlic oil do the killing naturally!

AVAILABLE SIZE: 24oz Ready-to-Use

PEST CONTROL KILLER SPRAY

Use to kill and control insects under sinks, on walkways and driveways, in basements, on soil between plants, around foundations and in every part of your home.

AVAILABLE SIZE: 24oz Ready-to-Use; 1 Gallon Spray Bottle

IMPORTANT NOTE: Do not spray plants with this spray. It will burn them.

Better Safe Than Sorry!

A safe alternative to synthetic glyphosate sprays that let's nature do the killing.

WEED & GRASS KILLER HERBICIDE

A safe alternative to synthetic sprays, our organic and natural weed killer is effective for killing and controlling undesired weeds in your yard and garden, including grasses and broadleaf weeds. Our premium weed killer provides the highest level of safety for your customers with BioChecked Non Glyphosate Certification. It's so safe, it can be used up to the day of harvest.

AVAILABLE SIZE: 524oz Ready-to-Use, 32oz Ready-to-Use, Gallon Ready-to-Use

IMPORTANT NOTE: This is a "non selective" herbicide that will also kill grass.

SNAIL & SLUG KILLER SPRAY

Kills and controls a variety of snails and slugs by contact or as a repellent. Kills on contact while providing continued protection for weeks. May be used on edible crops up to the day of harvest.

AVAILABLE SIZE: 24oz Ready-to-Use

HOUSE PLANT INSECT KILLER

Effective in killing and controlling insects on all container plants. Safe for use around children and pets. Two layers of protection kills on contact while providing continued protection for weeks.

AVAILABLE SIZE: 12oz Ready-to-Use
