PENGUAN 0.1-7.1-0.5

100% natural organic dry fertilizer derived from seabird guano existing in the Atacama Desert on the Chilean north coast.

Product Performance:

- An alternative solution to traditional fertilizers, there is no intervention of chemical processes in the extraction process or chemical additives, thus maintaining its organic characteristics.

- Unlike most commonly used guanos (broiler, cow manure, compost, etc.), the organic matter of PenGuan is stabilized. Therefore it does not lose its properties throughout time.

AVAILABLE IN SIZES:
6.4LB BUCKET

HAY MAKER 18-3-4

Product Performance:

- "Legacy" formula that customers know and love!
- Fertilizer increases hay and forage production with a resulting increase in protein content.
- The slow release liquid nitrogen adheres to the leaf blade, continuously feeds the leaf and may increase nutrient uptake.
- Hay Maker is effective on all grass types.

**AVAILABLE IN SIZES:
1-GALLON AND 2.5-GALLONS**

**AVAILABLE IN BULK BY REQUEST:
30-GALLONS, 55-GALLONS, AND 275-GALLON TOTE**

HAY MAKER SUPRA 18-3-4

New improved supra molecular technology concentrate formula with low residue.

Product Performance:

- 10x more concentrated from the traditional "legacy" formula
- Blend of slow release "legacy" ingredients and quick absorption ingredients (supplied by the supra molecular technology) for immediate plant needs.
- Increases hay and forage production with a resulting increase in protein content.
- Hay Maker Supra is effective on all grass types.
- Quart treats up to 2.5 acres
- 1 Gallon treats up to 10 acres
- 2.5 Gallons treats up to 25 acres

AVAILABLE IN SIZES:

QUART, 1 GALLON, AND 2.5-GALLONS

AVAILABLE IN BULK BY REQUEST:

30-GALLONS, 55-GALLONS, AND 275-GALLON TOTE
