Botanical oils are very important ingredients in our products. The botanical oils we use are from various plants which animals naturally avoid. We have painstakingly researched and tested the best combinations of botanical oils, along with other natural ingredients, to formulate each of our unique repellents.

Deer - Spice & Mint Scent

[DA-DG]

Naturally stronger deer repellent. Proven effective, long-lasting, and pleasantly scented.

Available in two equally effective scents:

Spice Scent: Our original formula, trusted and used by thousands of home gardeners and industry professionals for over 20 years. It has a spicy cinnamon scent that repels deer – not people.

Peppermint Scent: Enhanced with kelp and a powerful blend of Peppermint botanical oils. In addition to repelling deer, Peppermint oils also help deter harmful insects. Kelp is a fantastic foliar feed for naturally stronger plants.

SuperStrong
20% Castor Oil
+ Botanical Oils
 For greater repellency

Mole & Vole [MV]

I Must Garden Mole & Vole Repellent has a super-strong formula containing 20% castor oil and a powerful blend of Peppermint and cedar oils – providing nearly double the amount of active ingredients found in comparable products.

It works by making the food source and environment of burrowing animals smell and taste unpleasant. This causes the animals to leave the treated area in search of a better habitat. Safe to use on any type of lawn, any time of year. Also repels gophers, skunks, and other burrowing animals.

Castor Oil, Peppermint, Cedar

Armadillo [ARM]

In addition to the industry-leading 20% castor oil, this formula also contains concentrated thyme and clove oils, making it particularly irritating to Armadillos. It coats the grubs and worms they love to eat, forcing them to take their destructive digging elsewhere in search of food.

Castor Oil, Thyme, Clove, Soybean Oil

Goose [GO]

Environmentally safe, using only natural ingredients, our Goose Repellent discourages geese from feeding, nesting and fouling in and around treated areas.

Wintergreen, Rosemary, Thyme, Cinnamon, Garlic, Peppermint, Fish Oil, White Pepper

Mosquito, Tick & Flea [MTF]

Put an end to the annoyances of mosquitoes, ticks, fleas, gnats, chiggers and no-see-ums. Kills mosquito larvae and insects on contact and repels up to 30 days.

For use in yards, gardens, playgrounds, around pools and decks. Perfect to take on barbecues, picnics and camping.

Ant [ANT]

Effectively kills and repels ants both indoors and out without using harmful or poisonous chemicals. Keep ants from invading kitchens and cupboards.

Use around the foundation of your house to prevent ants from coming inside.

Can also be used as a soil drench to eliminate ant nests.

Peppermint, Spearmint, Garlic, Wintergreen, Cinnamon, Molasses, Soybean Oil

Insect [IN]

For use on indoor and outdoor plants. The combination of natural ingredients will kill and repel aphids, whiteflies, spider mites, thrips, lace bugs, mealy bugs, scale, leafhoppers and more.
