

COOP POOP™

Lawn & Garden Varieties

Coop Poop Organic Garden & Lawn Food

Coop Poop organic fertilizer is naturally packed with the essential nutrients your soil needs to grow hearty, healthy plants. This aerobically composted chicken manure (ACCM) is high in calcium for strong plant tissue development and disease resistance, while also improving photosynthesis, nutrient uptake and starch conversion. Plus, Coop Poop is virtually odor-free compared to the pungent scent normally associated with other manure-based composts.

Guaranteed Analysis

Total Nitrogen (N)	2.0%
0.38% Water Soluble Nitrogen	
1.62% Water Insoluble Nitrogen	
Available Phosphate (P2O5)	4%
Soluble Potash (K2O)	3%
