A beautiful pond or water garden can feel like a backyard oasis, and API Pond has everything you need to make your pond season a great one. Choose from a wide range of our highly-effective products –many of which contain natural ingredients – for optimal results in eliminating algae and sludge, keeping your fish and aquatic plants healthy, and maintaining a clean and clear pond all season long. Also consult the API Pond Easy Care Guide for quick and expert guidance in growing lush pond plants, keeping active and vibrant fish, and maintaining ideal water conditions.

TREATMENTS

ALGAEFIX®

Quickly and safely eliminate unsightly pond algae with API Algaefix, the #1 brand for pond algae control. API Algaefix works to combat all types of algae, including string, hair, and blanketweed algae, and works quickly to restore cleanliness and clarity to your pond or water garden. Best of all, API Algaefix will not harm surrounding wildlife, and is registered with the E.P.A for safe and easy use with your fish and aquatic plants.

Treatments

Algae Control

POND ALGAEFIX®

Pond Algaecide

API® Pond AlgaeFix® controls many types of green or green water algae, string or hair algae, and blanketweed in ponds with live plants. This powerful and fast-acting treatment controls existing algae, and helps resolve algae blooms. Registered with the Environmental Protection Agency, AlgaeFix is safe for use in ponds, fountains, and waterfalls, and may be used in ponds with live plants and fish.

Use API for a clean, healthy pond all season long!

Item	Size	Treats

169C	1 U.S. gal. / 3.78 L	38,400 U.S. gal. / 145,152 L
169J	2.5 U.S. gal. / 9.45 L	96,000 U.S. gal. / 363,400 L

MICROBIAL ALGAE CLEAN®

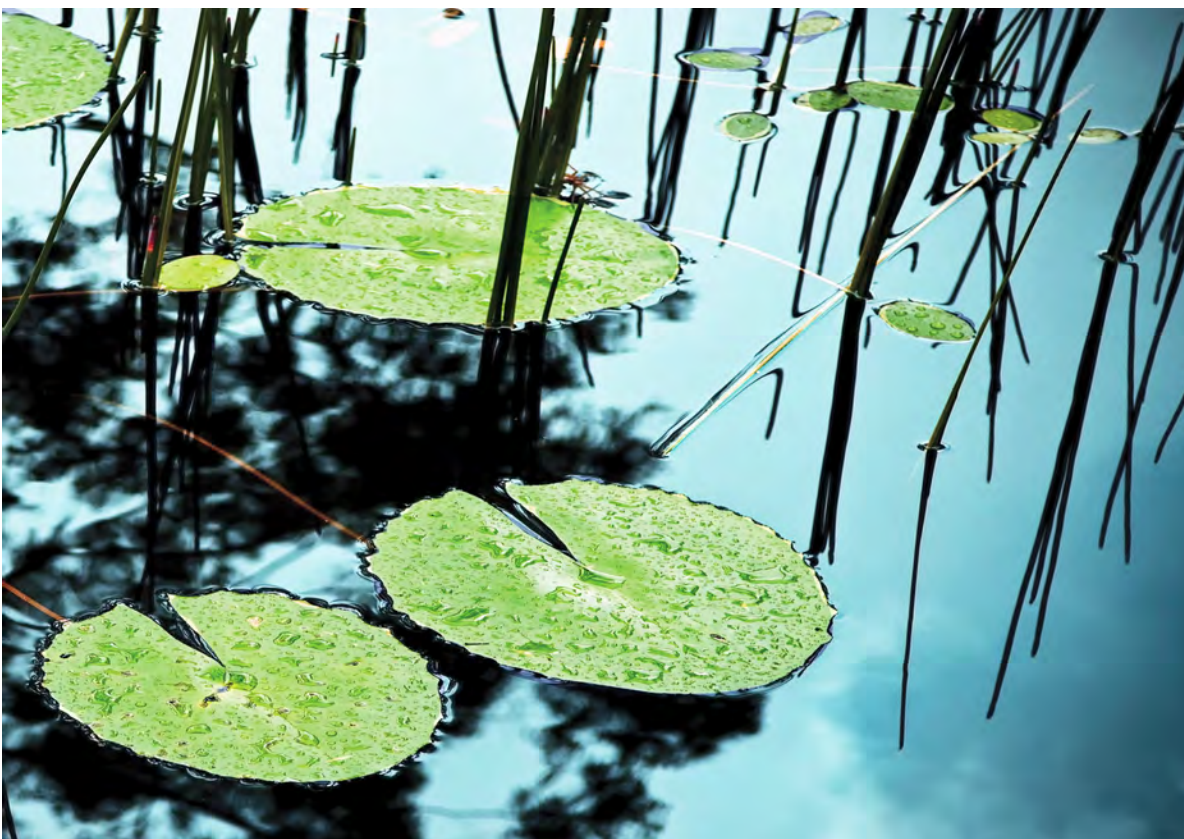

Bacterial Algae Control

Microbial Algae Clean® is an alternative, all-natural approach to algae control as the first bacterial algaecide registered with the Environmental Protection Agency. This product contains patented bacteria to control green water algae in ponds with live fish and plants, and helps establish and maintain a clean, odor-free and algae-free pond. Microbial Algae Clean promotes a cleaner pond environment by eliminating organic sludge and debris, and will not harm live plants or fish.

Use API® for a clean, healthy pond all season long!

Item	Size	Treats
269B	16 oz / 473 ml	4,800 U.S. gal. / 18,144 L
269D	64 oz / 1.89 L	19,200 U.S. gal. / 72,576 L
269C	1 U.S. gal. / 3.78 L	38,400 U.S. gal. / 145,152 L

Treatments

Water Conditioners

POND STRESS COAT®

Fish and Water Conditioner

API® Pond Stress Coat acts as a unique water conditioner that replaces the natural slime coating on the skin of your pond fish when it has been damaged by handling, netting, or other forms of stress, and prevents the loss of internal fluids using electrolytes. This product contains Aloe Vera to help heal torn fins and skin wounds, protecting damaged tissue against disease-causing organisms. API Pond Stress Coat instantly removes chlorine as it conditions tap water, and should be used when setting up a pond, adding new fish, or changing pond water.

Use API for a clean, healthy pond all season long!

Item	Size	Treats up to
140B	16 oz / 473 ml	1,920 U.S. gal. / 7,268 L
140G	32 oz / 946 ml	3,840 U.S. gal. / 14,435
140D	64 oz / 1.89 L	7,600 U.S. gal. / 28,770 L
140C	1 U.S. gal / 3.78 L	15,360 U.S. gal. / 58,138 L

POND AMMO LOCK®

Ammonia Detoxifier

API® Pond Ammo Lock serves as a source of nutrition for good bacteria in your pond's natural biological filter. Pond Ammo Lock also detoxifies poisonous ammonia, which is continually produced in your pond by waste, to a safe form for fish. This product eliminates ammonia stress, and promotes healthy gills and a safe pond environment for your pond fish.

Use API for a clean, healthy pond all season long!

Item	Size	Treats
166B	16 oz / 473 ml	1,920 U.S. gal. / 7,267 L
166D	64 oz / 1.89 L	7,680 U.S. gal. / 29,072 L

Treatments

Water Conditioners

POND pH UP®

pH Adjuster

API® Pond pH UP slowly raises the pH of pond water, making it more alkaline, without harming delicate pond fish or aquatic plants. It slowly neutralizes acid substances that contribute to low pH, which can stress pond fish and suppress the activity of your pond's natural biological filter.

Fix your pH levels for a healthy, thriving pond with API Pond pH UP!

Item	Size
171B	16 oz / 473 ml

CHLORINE & HEAVY METAL NEUTRALIZER

Pond Dechlorinator

API® Pond Chlorine & Heavy Metal Neutralizer instantly makes tap water safe for pond life by neutralizing chlorine, copper, lead, and zinc, in addition to other heavy metals which are toxic to fish and plants. This super concentrated solution treats 600 US gallons of pond water with just one ounce of dosing, and assists in making pond keeping and maintenance easy and effective all season long!

Item	Size	Treats up to
141B	16 oz / 473 ml	9,600 U.S. gal. / 36,340 L
141G	32 oz / 946 ml	19,200 U.S. gal. / 72,600 L

POND pH DOWN®

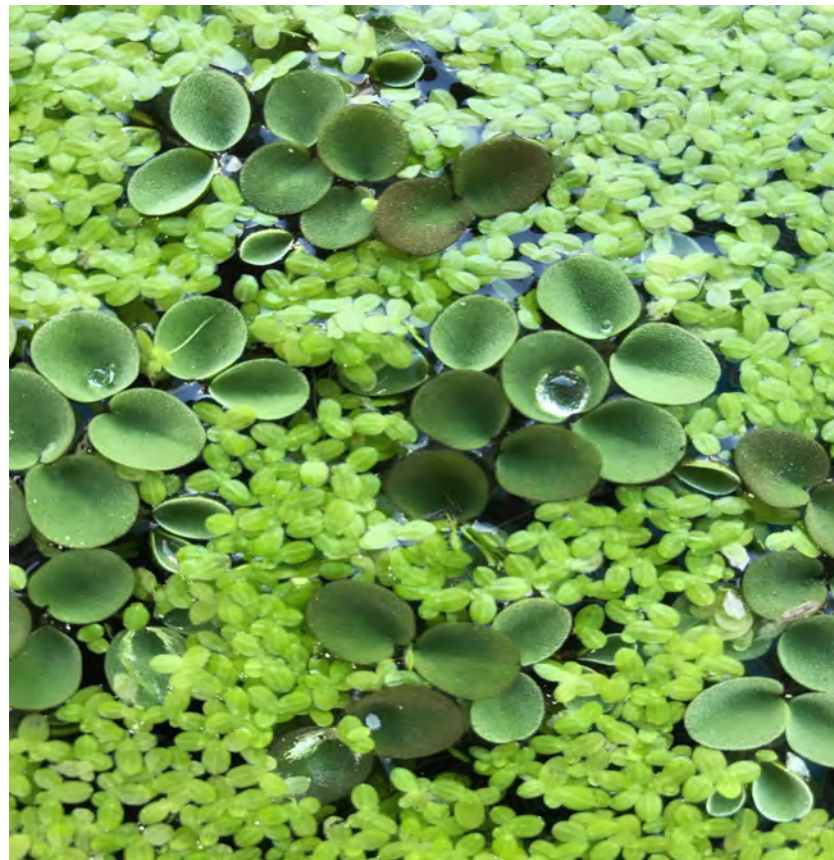

pH Adjuster

Slowly lower the pH of your pond water to make it more acidic using API® Pond pH DOWN. This product slowly neutralizes alkaline substances that cause high pH, which limits the ability of aquatic plants to absorb necessary nutrients. pH DOWN is safe for pond fish and aquatic plants, and contains no algae-promoting phosphates.

Use API for a clean, healthy pond all season long!

Item	Size
170B	16 oz / 473 ml

Treatments

Cleaners & Clarifiers

POND SIMPLY CLEAR®

Bacterial Cleaner & Clarifier

API® Pond Simply Clear is a natural bacterial-based pond clarifier that quickly clears cloudy water and keeps it clear. This triple action formula works fast to clear pond water, consume sludge, and break down algae, offering a long-term solution to murky water.

Item	Size	Treats up to
248B	16 oz / 473 ml	4,000 U.S. gal. / 15,140 L
248G	32 oz / 946 ml	8,000 U.S. gal. / 30,280 L
248D	64 oz / 1.89 L	16,000 U.S. gal. / 60,560 L
248C	1 U.S. gal / 3.78 L	32,000 U.S. gal. / 121,120 L

POND ACCU-CLEAR®

Fast Acting Pond Clarifier

API® Pond Accu-Clear works to establish and maintain crystal-clear pond water, quickly clearing murkiness and helping your water filter to function more efficiently. Accu-Clear works by causing tiny, suspended cloud particles in water to clump together, which then quickly fall to the bottom of your pond. Recommended for use with Pond Zyme® or Pond Ecofix for unparalleled pond cleanliness.

Item	Size	Treats
142B	16 oz / 473 ml	4,800 U.S. gal. / 18,170 L
142G	32 oz / 946 ml	9,600 U.S. gal. / 36,340 L
142D	64 oz / 1.89 L	18,900 U.S. gal. / 71,544 L
142C	1 U.S. gal / 3.78 L	38,000 U.S. gal. / 143,640 L

POND & WATERFALL CLEANER

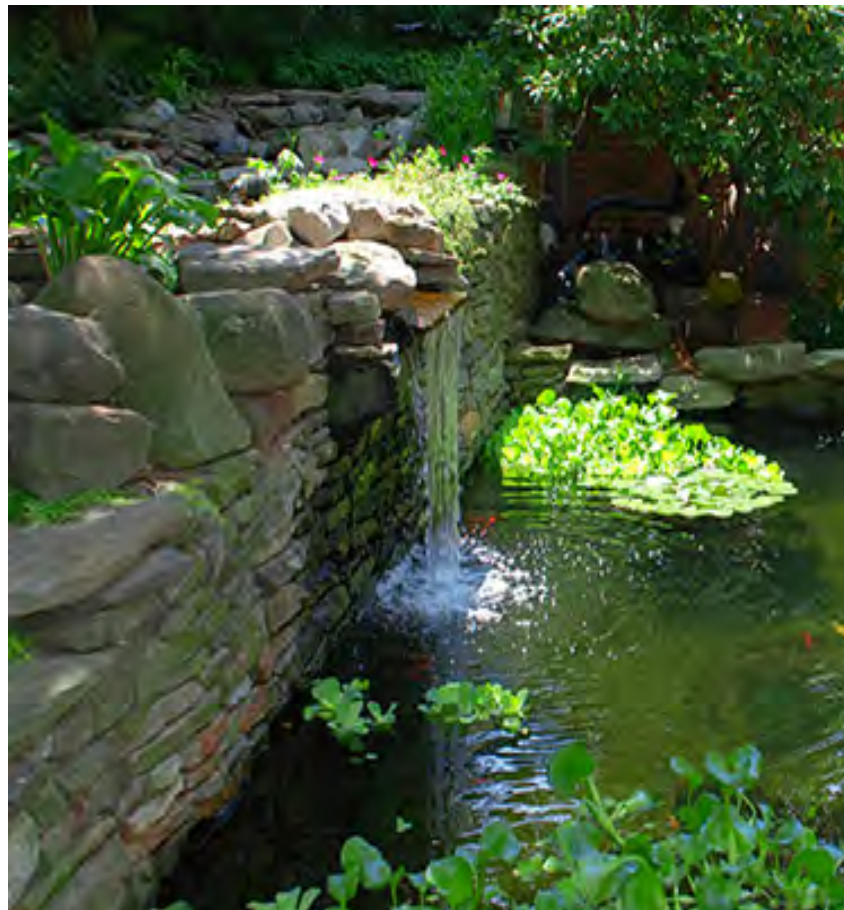

POND & WATERFALL CLEANER

Pond & Waterfall Cleaner uses the power of active oxygen to deep-clean pond surfaces, waterfalls, fountains, and bird baths on contact. It is safe for all fish and aquatic plants, and should be used as needed to maintain a clean, clear pond or outdoor water feature.

Use API® for a clean, healthy pond all season long!

Item	Size
167S	2.2 lb

Treatments

Cleaners & Clarifiers

POND ECOFIX® SLUDGE DESTROYER™

Bacterial Pond Cleaner

API® Pond Ecofix Sludge Destroyer reduces pond maintenance by breaking down fish waste and dead algae, as well as working to increase the concentration of dissolved oxygen in pond water by eliminating sludge build-up. The result is cleaner, clearer pond water and a healthier ecosystem for pond fish. This highly concentrated liquid formula may be used in standard garden ponds, or in ponds containing salt.

Use API for a clean, healthy pond all season long!

Item	Size	Treats up to
147B	16 oz / 473 ml	4,000 U.S. gal. / 15,140 L
147D	64 oz / 1.89 L	16,000 U.S. gal. / 60,560 L
147C	1 U.S. gal / 3.78 L	32,000 U.S. gal. / 121,120 L

POND-ZYME® SLUDGE DESTROYER™

Heavy Duty Pond Cleaner

Specially selected bacterial strains in API® Pond-Zyme Sludge Destroyer immediately begin breaking down fish waste and dead algae that cause cloudy water, sludge build-up, and debris that clogs pumps and filters. Through enzymatic action, Pond-Zyme Sludge Destroyer reduces pond maintenance and keeps pond water clean and clear. Pond-Zyme Sludge Destroyer is a 100% natural product, & safe for all pond fish, plants, and wildlife.

Item	Size	Treats
146	8 oz / 227 g	8,000 U.S. gal. / 30,280 L
146B	1 lb. / 454 g	16,000 U.S. gal. / 60,560 L

Treatments

Medications

POND MELAFIX®

Antibacterial Remedy for Koi & Goldfish

API® Pond Melafix acts as an all-natural, antibacterial remedy for koi and goldfish diseases, including eye cloud, mouth fungus, fin & tail rot, damaged fins, ulcers, and open wounds. Use if you notice these symptoms among fish in your pond, or when adding new fish. Pond Melafix® is safe for snails and other invertebrates, and will not harm aquatic plants, affect pH, or adversely affect your pond's natural biological filter.

Use API for a clean, healthy pond all season long!

Item	Size	Treats up to
176B	16 oz / 473 ml	4,800 U.S. gal. / 18,170 L
176C	64 oz / 1.89 L	19,000 U.S. gal. / 72,010 L

POND PIMAFIX®

Antifungal Remedy for Koi & Goldfish

API® Pond Pimafix contains an all-natural formula that rapidly treats fungal infections on the body and fins of your pond fish, in addition to treating internal and external bacterial infections. This product can be used in combination with Pond Melafix® to enhance effectiveness against certain fish diseases.

Use API for a clean, healthy pond all season long!

Item	Size	Treats up to
178B	16 oz / 473 ml	2,365 U.S. gal. / 8,952 L
178C	64 oz / 1.89 L	9,600 U.S. gal. / 36,340 L

POND SALT

Natural Fish Tonic

All-natural API® Pond Salt is made from evaporated sea water, and provides essential electrolytes that fish need to survive. Salt improves gill function, protects against nitrite toxicity, and reduces stress by helping to maintain a natural balance of electrolytes in the body fluids of pond fish. May be used safely with all API Pond water conditioners, filtration materials, medications, and fish foods.

Use API for a clean, healthy pond all season long!

Item	Size	Treats up to
156C	4.4 lb / 2 kg carton	550 U.S. gal. / 2,082 L
156	9.6 lb / 4.35 kg jar	1,200 U.S. gal. / 4,536 L
106D	50 lb. bulk container	6,200 U.S. gal. / 23,467 L

Treatments

Plant Care

AQUATIC PLANT FOOD TABLETS

Potted Plant Fertilizer

Provide essential nutrients and trace elements needed by pond plants to ensure non-stop blooming. Tablets contain iron for lush, green growth and boron to promote flower formation. Keeps water lilies blooming all season long. Stimulates lush foliage and beautiful blooms of all aquatic pond plants (hardy tropical plants and marginal and bog plants).

Item	Size
185A	25 tablets

Monitoring the water parameters of your aquarium will help you catch problems before they occur, and regular testing is the only way to protect the health of your fish and pond! API Pond offers a range of popular pond water test kits that are quick, accurate, and easy to use. Stay one step ahead of your pond conditions with API Pond test solutions, offered in both liquid and test strip form.

WATER TESTING

Water Testing

Test Kits & Strips

POND MASTER TEST KIT

Liquid Master Test Kit

The API® Pond Master Test Kit measures the most important levels in your pond quickly and accurately, including pH, ammonia, nitrite, and phosphate. Product conducts over 500 tests, and is compact and convenient for easy home storage with 6 bottles of liquid test reagent, laminated color cards, 4 glass test tubes, and a complete step-by-step instructional booklet.

Use API® for a clean, healthy pond all season long!

Item	Size	# of Tests
164M	6 bottle kit	500+ tests

POND WIDE RANGE pH TEST KIT

Liquid Test Kit

The API® Pond Wide Range pH Test Kit quickly and accurately measures the pH of pond water, and prevents the harmful effects of pond water that is either too alkaline or too acidic, which could result from minerals found in tap water, high ammonia levels in the pond, rain runoff, or overstocking of pond fish. Product contains 160 tests that read pH levels from 5.0 to 9.0, and includes test solution, 1 glass test tube with cap, and color chart instructions.

Use API for a clean, healthy pond all season long!

Item	Size	# of Tests
160	1 bottle kit (37 ml)	160 tests

POND 5 in 1 TEST STRIPS

Test Strips

The API® Pond 5 in 1 Test Strips provide accurate results for your pond's water conditions using a highly precise color chart for easy-to-read results. Snap-cap container keeps unused strips protected and dry, maintaining product stability and extending the shelf life of the product. No separate test vial is required – simply dip a test strip directly into your pond for easy reading of your pond's levels. Testing your water has never been so simple!

Item	Size	# of Tests
164F	25 test strips	125 tests

Water Testing

Test Kits & Strips

AMMONIA TEST KIT

Liquid Test Kit

The API® Ammonia Test Kit quickly & accurately measures the level of ammonia in pond and aquarium water. Ammonia is continuously produced from fish waste, uneaten fish food, and decaying plants, and when these levels of ammonia rise, your pond or aquarium can become a toxic environment for your fish. Use the API® Ammonia Test Kit to ensure your ammonia levels are low for a thriving underwater ecosystem! Product reads ammonia levels from 0 ppm to 8 ppm, and contains 130 tests.

Testing your water has never been so simple with API®!

Item	Size	# of Tests
LR8600	2 bottle kit (2 x 37 ml)	130 tests

COPPER TEST KIT

Liquid Test Kit

Copper, a common treatment for many parasitic infections, must be monitored in an aquarium and pond, as it can drop too low for the treatment to be effective or increase to a point that is detrimental to fish health. The API® Copper Test Kit enables easy and accurate testing of copper levels to maintain copper-based fish treatments at therapeutic levels, and tests copper from 0 to 4 ppm. It measures both free and chelated copper for your ideal underwater world!

Testing your water has never been so simple with API!

Item	Size	# of Tests
65L	1 bottle kit (37 ml)	90 tests

NITRATE TEST KIT

Liquid Test Kit

High nitrate levels in your aquarium or pond indicate a build-up of fish waste and organic compounds, resulting in poor water quality and an increase in algae growth. Contrarily, maintaining a low nitrate level improves the health of fish and invertebrates. Use the API® Nitrate Test Kit to ensure that the nitrate levels in your tank and pond are safe and healthy for your fish. The Nitrate Test Kit reads parameters from 0 to 160 ppm.

Item	Size	# of Tests
LR1800	2 bottle kit (2 x 37 ml)	90 tests

Water Testing

Test Kits & Strips

NITRITE TEST KIT

Liquid Test Kit

The API® Nitrite Test Kit quickly and accurately measures nitrite levels in pond water – a toxic chemical produced when nitrifying bacteria break down ammonia in pond water. Consequences of high nitrite levels include fish suffocation and death. The API Nitrite Test Kit will help you catch and correct nitrite before it reaches unsafe levels in your pond, reading levels from 0 ppm to 5 ppm. Product contains 180 tests, and comes with test solution, 1 glass test tube with cap, a color chart, and easy-to-follow instructions.

Testing your water has never been so simple with API!

Item	Size	# of Tests
26	1 bottle kit (37 ml)	180 tests

PHOSPHATE TEST KIT

Liquid Test Kit

Phosphate can enter your aquarium or pond through tap water, fish waste, and decaying organics such as uneaten food and dead algae. Excess phosphate contributes to unsightly algae and green water blooms, and in saltwater, excess phosphate can inhibit the growth of hard corals. The API® Phosphate Test Kit tests phosphate levels from 0 to 10 ppm so that you can easily monitor the condition of your aquarium or pond water.

Item	Size	# of Tests
63L	2 bottle kit (2 x 37 ml)	150 tests

API Pond Food diets provide superior color enhancement and 100% complete and balanced nutrition to pond fish. Our unique formula ensures that fish more readily use the nutrients provided, resulting in enhanced growth and a 30% reduction of waste and ammonia as compared to the leading competitor. Spend less time cleaning your pond and more time enjoying it – feed API Pond!

API POND FISH FOOD

API Pond Food diets provide superior color enhancement and 100% complete and balanced nutrition to pond fish. Our unique formula ensures that fish more readily use the nutrients provided, resulting in enhanced growth and a 30% reduction of waste and ammonia as compared to the leading competitor. Spend less time cleaning your pond and more time enjoying it – feed API Pond!

Nutrition

Pond Fish Food

POND FISH FOOD

Pellet Food for All Pond Fish

To properly support the health and immune system of your fish, high-quality ingredients such as vitamins, antioxidants, garlic, and a prebiotic yeast have been carefully selected in creating API's Pond Fish Food. Containing no artificial colors, our unique formula ensures that your fish get the essential proteins they need to reach their full potential for growth. With polychaete worms to increase palatability, pea protein to improve digestion, and marigold to provide natural carotenoids to bring out the vibrant colors of your fish, API Fish Food continues to be the leader in fish nutrition.

Item	Size

198D	1.56 lb.	4 mm
198F	2.68 lb.	4 mm

COOL WATER FOOD

Pellet Food for Feeding in Cooler Seasons

When the water temperature is between 41-65 degrees Fahrenheit, API's Cool Water Food delivers proteins that your fish need for optimized growth and reduced waste. Ingredients such as garlic, vitamins, antioxidants and Bio-Mos – a prebiotic yeast – were selected in producing this high-quality formula to boost fish health, resulting in a longer life and improved well-being for your fish.

Supplemented with polychaete worms, pea protein, and marigold to increase palatability, digestibility, and enhancement of your fish's natural colors, API Cool Water Pond Food is a source of 100% complete and balanced nutrition.
