

## Soluble. Available. Consistent.

These are three words that you have come to expect when you open a bag of Jack's fertilizers. Introducing Jack's Nutrients; a collection of formulas that gives you choices that work for many different controlled environments without the hype or confusion of extravagant names and crazy labels. Jack's makes quality fertilizers with quality nutrient sources. See the difference our products can make on the crops that you are growing.

The Jack's FeED line is comprised of complete nutrient formulations. Everything your plants need for each stage, from start to finish.

FeED

<p>FORMULA <b>5-12-26</b> Part A</p>	<p>An improvement on the classic "Part A" formula for general vegetative growing. This redesigned blend is built with purely soluble and available nutrients to allow the grower maximum flexibility. Specific balance of macro, secondary and micronutrients delivers an efficient combination of nutrients suitable for many different growing environments and crop types.</p> <p><b>Product # 79031</b> 1kg/6 Per Case • <b>Product # 79030</b> 25 lb Bag</p>
<p>FORMULA <b>6-6-26</b> Low Phos Part A</p>	<p>A unique formula designed to deliver lower phosphorus levels into any growing program. This new introduction is part of our Jack's Part A series designed to be interchangeable with other Part A's to hit a more realistic phosphorus target when growing many different plants in various environments. Jack's Part A 6-6-26 will replace and/or complement any two part growing system paired with typical calcium content from a Jack's Part B by ensuring consistent N, K and micronutrient levels as you expect in our typical Part A 5-12-26.</p> <p><b>Product # 79221</b> 1kg/6 Per Case • <b>Product # 79220</b> 25 lb Bag</p>
<p>FORMULA <b>8-10-26</b> Strawberry Part A</p>	<p>Designed to deliver targeted nutrition specific for Strawberry production. This unique formula combines specific macro, secondary and micro nutrients at a low constant feed rate in conjunction with our Jack's Part B for the calcium source.</p> <p><b>Product # 79211</b> 1kg/6 Per Case • <b>Product # 79210</b> 25 lb Bag</p>
<p>FORMULA <b>12-4-16</b></p>	<p>For the Purist in you. This one part nutrient blend is designed for crops grown in very low alkalinity waters such as reverse osmosis (RO) water, rainwater, and distilled water. Formulated utilizing the innovative raw materials to reduce pH crash while delivering all the nutrients essential for vigorous plant growth.</p> <p><b>Product # 79041</b> 1kg/6 Per Case • <b>Product # 79040</b> 25 lb Bag</p>
<p>FORMULA <b>15-5-20</b></p>	<p>Allow your plants to drink up this formula designed to provide all the macro, secondary and micro nutrients in a one-part system. Specifically formulated for tap, city or well water types with slightly higher alkalinity and pH. This combination of nutrients will lower pH over time while including the extra soluble calcium, magnesium, and the right balance of micronutrients.</p> <p><b>Product # 79051</b> 1kg/6 Per Case • <b>Product # 79050</b> 25 lb Bag</p>
<p>FORMULA <b>10-30-20</b> Bloom</p>	<p>Need a boost of flower power? Our 1:3:2 major nutrient ratio has been trusted by Jack's professional growers for over 70 years. This soluble and available nutrient combination stimulates blooming, resulting in heavy bud and fruit set.</p> <p><b>Product # 79061</b> 1kg/6 Per Case • <b>Product # 79060</b> 25 lb Bag</p>

FORMULA  
**15-6-17**  
**Clone**

Like a shot gun start for your new plants - this formula will help promote strong and fast root growth and expansion. Best used for fertilizing young seedlings, transplants, clones, and newly set rooted cuttings.

**Product # 79071** 1kg/6 Per Case • **Product # 79070** 25 lb Bag

FORMULA  
**5-50-18**  
**UltraViolet**

Get ready for a serious boost of available phosphorus. The primary goal of this formula is to assist in shutting down the strong vegetative growth stage of the plant and stimulate a switch to the reproductive or flowering phase of plant and flower development.

**Product # 79011** 1kg/6 Per Case • **Product # 79010** 25 lb Bag

FORMULA  
**7-15-30**  
**Finish**

You've always been told to finish strong. This formula is ideally formulated for this purpose to provide your plants with a very low nitrogen, high phosphorus and very high potassium content to keep the whole plant happy to the end of its crop cycle.

**Product # 79021** 1kg/6 Per Case • **Product # 79020** 25 lb Bag

FORMULA  
**18-8-23**  
**Outdoor**

Yep that's right, a nutrient blend specifically tailored for outdoor hemp and cannabis production. The research team at Jack's has a real knack for making things easy, efficient and cost effective in any growing environment and this product definitely wears its name well. The nutrient blend in Jack's Outdoor is potentially acidic and designed to keep your pH in the desired range for optimum nutrient uptake. Plus, we've perfected the N:K<sub>2</sub>O ratio as well as added a kick on Mg and S to hit the right balance so that your plants can thrive in the outdoor sunlight rich environment. Get ready to see fields of happy plants!

**Product # 79141** 1kg/6 Per Case • **Product # 79140** 25 lb Bag

**The Jack's Boost line is all the little extras your plants may need. Do you need calcium, extra micros, or extra iron? These supplements and more are found in the Jack's Boosted Line.**

FORMULA  
**15-0-0**  
**Cal Nit Part B**

An essential "Part B" provides a very soluble and available source of calcium in a two-part nutrient system. Contains very pure and completely available calcium and nitrate nitrogen nutrient sources.

**Product # 79081** 1kg/6 Per Case • **Product # 79080** 25 lb Bag

FORMULA  
**EPSOM**  
**SALT**

Behold, a nutrient supplement backed by science. One of life's original "salts", the Mg + S in our Jack's Nutrients Epsom had made it through extensive quality testing to ensure the lowest amount of heavy metals possible – so that you know that when you are adding a boost of Mg + S, you can be sure that is what you are getting – and nothing else. Magnesium and Sulfur are known for their greening effect in plant growth with both ions central to chlorophyll production.

**Product # 79161** 1kg/6 Per Case • **Product # 79160** 25 lb Bag

# JR PETERS INC

**TRUSTED BY PROFESSIONAL GROWERS SINCE 1947**

Here at JR Peters Inc. you will find the highest quality and truly soluble nutrients blends on the market. How can we say that? Because we are here watching over every step of the process - from research and formulation design in our small batch lab, through the intense qualifying of the purest raw materials according our QC standards, to our long-time employees watching over each handcrafted batch on our blending lines.

We are more than a company, we are a family of passionate, plant loving people. We care about our crafted products and about our customers.
