About Wagons

Wagon Construction

Millside Wagons are built with long-term durability and quality in mind, and are intended to provide years of enjoyment and use. Each of the wagon components — including the North American hardwoods, the UV resistant poly, the sturdy undercarriages, and the hand sewn fabrics — are selected to withstand the wear and tear of kids at play.

Millside wagons are built and assembled in Canada to ensure every product meets our rigorous quality standards.

Powered by kids energy and imagination, Millside wagons continue a timeless tradition of play and fun... Remember your own childhood, the idyllic summer days, and the wagons that doubled as spaceships and steamships

Today, Millside builds wagons for your kids. And we build them for the demanding rigors of children's play — or use and abuse. The tradition continues ...
