THE RIGHT TOOL FOR EVERY TASK

IT'S AN HEIRLOOM.

On April 1, 1898 Willem de Wit started his blacksmith company in Kornhorn, a small village in northern Holland. Today, the 5th generation of the forging family is running the company. Top-notch quality combined with innovative designs make DeWit tools the ultimate gardener's choice. The latest equipment and techniques coupled with historical craftsmanship make DeWit one of the most modern garden tool manufacturers in the world. TDI Brands is proud to be the original DeWit partner.

PUSH OR PULL... IT'S PERFECT!

"THE P-GRIP"

- Use one or two hands
- Push or pull
- Great for seniors
- Ergonomic shape
- Strong ash handles
- Perfect for raised bed gardening

Developed by TDI Brands and manufactured by DeWit, this exclusive P-Grip handle is much more ergonomic than a standard hand tool. The "P" handle allows the use of either one or two hands while giving more pushing and pulling power with less pain!

The P-Grip's appeal to the aging population and "no frills" ergonomics, along with the natural look and feel of the tool, creates much interest for this innovative design.

Trake®

- The ULTIMATE garden tool!
- It's a trowel, it's a rake, it's the TRAKE®!
- Lengthy 17" handle; only weighs 1lb
- Less bending and less back strain
- Angled handle provides leverage
- Great for digging and cultivating
- Perfect size to cultivate between narrow rows
- Rugged die-cast alloy blade and shaft won't rust, bend, or distort; solid die-cast tines can't bend
- Terradynamic trowel design penetrates soil easily
- Permanent graduations on trowel blade allow precision for bulb and seed planting
- Non-slip vinyl coating on grip with thumb recess
- Ergonomic handle design works in both directions
- The Trake is exclusive to Tierra Garden in the U.S.

Comes with a convenient hanging tag!

IT'S CERAMIC ART.

Founded in 1893, the company has spent the last 125 years developing all the attributes that make up a successful business. Over the last century, Soendgen Keramik has grown from a small local craft shop to an international player. This commitment to progress has accompanied, inspired and motivated SK Pottery. Always at the cutting edge, the company is known for high-quality, trend-conscious ceramics.

PEACOCK VEGGIE STAKE DISPLAY

- Veggie Stakes are made of a plastic-coated steel tube
- Extremely durable alternative to bamboo or cane stakes
- These provide a straight-forward means to build all the necessary frames for vegetable gardens when used in conjunction with the connectors
- The Spiral stake is ideal to grow cucumbers and tomatoes. Just place the Spiral stake over the seedlings and watch the plants grow up along the spiral!
- With the connection clips, you can simply connect various Spiral stakes together to create a 'wigwam' frame
- UV-Resistant!

FRUIT TREE COVERS

Most fruit trees are very hardy but with new growth in the spring, flowers and buds are especially vulnerable to frost and may need protection to crop well. Heavy rain and hail can also be damaging to both flowers and fruits.

The 1mm (0.04") mesh size of the Haxnicks Fruit Tree Covers is large enough to let in moisture and sunlight but protects from harsh rainfall and hail. It is also small enough to avoid trapping birds, bats and other unsuspecting wildlife.

It is important to uncover fruit trees once the flowers are set to allow access for pollinating insects.

- Easy to use "Lift Over" design
- Wildlife friendly 1mm (0.04") mesh in soft green
- Sealable, drawstring opening
- Protects fruit from cherry worm, aphids, fruit fly, wasps, birds, and other pests without the need for chemical sprays
- Protects from frost, heavy rain, and hail
- Use in the early Spring to protect blossoms and then remove for pollination
- Use in summer and autumn to protect fruits
- Perfect for cherry, peach, nectarine, apricot, apple, pear trees and more!

VIGOROOT HANGING BASKET LINERS

HANGING BASKET LINERS MADE FROM VIGOROOT AIR PRUNING FABRIC GIVING MORE ABUNDANT FLOWERS AND LONGER LASTING BLOOMS

- Vigoroot promotes rapid root growth giving stronger roots
- Stronger roots allow plants to absorb more nutrients and grow larger

Vigoroot Hanging Basket liners are made from Air Pruning fabric to give more abundant plants. Not only will it act as a very effective barrier to keep soil and plants in place but it will also make the plants develop much healthier root systems.

There are many different liners on the market but none of them specifically aims to provide air pruning to ensure bigger blooms that look better for longer. Being a more solid material than coir or moss liners, it will not be targeted by birds trying to steal nesting material.

Washable at the end of the season—they can be reused year after year.

AQUASTORE

WATER STORAGE FOR HANGING BASKETS

- AquaStore Hanging basket liners store water for plants to draw up steadily
- It means people need to water less frequently
- Keeps plants hydrated for longer
- Made from super absorbent polymer crystals
- Can be used in conjunction with Vigoroot Hanging Basket Liners

AquaStore absorbs water in the super absorbent polymer crystals. It then gently releases the water back to the plant exactly when required. Plants are healthiest when they can get water as and when they need it. So not only does using AquaStore mean less frequent watering but it also means no more over or under watering, resulting in happy plants.

AquaStores do not replace traditional liners as they are placed within the soil rather than on the outside.

THE ALL-IN-ONE WATERING AND CROP SUPPORT SOLUTION!

1 #GP167G Green Plant Halos (Set of 3)

- The 5.5" D central inner pot creates the planting area, while the outer 'moat' features 6 watering spikes which penetrate below the soil surface, delivering water directly to the plant's roots
- Ensures water and nutrients are delivered at a reduced rate so the plant is better able to absorb, preventing waste which is common with conventional watering
- Unique support system with 3 anchor slots that allows up to 4 canes to be joined at the peak (canes not included)
- Made from recycled, UV-stabilized plastic
- Guaranteed for 5 years

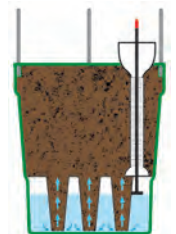

11"D x 6.5"H; 1.8lbs

BIRDBATHS

ADD ELEGANCE & FUNCTION TO ANY GARDEN WITH OUR RANGE OF FIBER CLAY BIRDBATHS.

- Our full Fiber Clay birdbaths are a favorite with our customers!
- Easy-to-use and move throughout the garden
- We recommend storing in an enclosed area or indoors during cold temperatures
- Being lightweight is an advantage, but if a heavier option is needed, fill the standard size base with sand to create more stabilization
- Top and base simply screw together, creating a tight-locking fit
- Available with full fiber clay base in standard or low profile height or pair the tops with a variety of decorative bases

OUR BEST-SELLING FIBER CLAY BIRDBATH IN A SHORTER SIZE!

- Our full Fiber Clay birdbaths in a shorter size!
- Made of durable fiber clay, making the birdbaths impact-resistant
- 2.5 inch deep bowl holds the perfect amount of water
- Easy-to-use and move throughout the garden
- We recommend storing in an enclosed area or indoors during cold temperatures
- Easy 3-piece threaded construction

LIGHTWEIGHT,
EASY-TO-USE,
DURABLE,
AND IMPACT
RESISTANT!

- Made of 70% Clay, 25% Plastic, and 5% Fiber. This provides more durability over time, and makes it less fragile than full clay birdbaths.
- Easy to use and move throughout the garden
- Top and base simply screw together, creating a tight-locking fit
- Fill base with sand or gravel to add weight and stability
- We recommend storing in an enclosed area or indoors during cold temperatures

CARTS

CARTS DESIGNED FOR YOUR ENVIRONMENT

When choosing a TDI Cart, you should give the matter some thought. This faithful servant will be around for many years to come!

Zinc plated frames with protective clear coat finish help ensure a long-lasting appearance. Wheels and casters have been adapted to suit every type of surface and weather condition, and they are not welded to the frame - which means if they should wear out, they can easily be replaced. The plastic handles, baby seat flap, safety strap, and metal baskets are also replaceable, extending the life of your cart.

All TDI Carts can be nested together, whether the top shelf is up or down, making storage extremely easy and efficient. And our carts are suitable for any garden center, nursery, and hardware store.

But most importantly, our large capacity and load surface shopping carts will help to maximize your profits. Invest in the best and buy the biggest...because when the cart is full, the shopping (and your profit) stops!

Buying carts is an investment for your business,
so be confident by making an informed decision.

SELECTING THE RIGHT CART IS KEY IN PROVIDING THE BEST CUSTOMER EXPERIENCE AND IN MAXIMIZING PROFITABILITY.

LET TDI HELP!

Answer these six simple questions then review the individual product pages to identify the carts that will work best for you. We're happy to assist! Just call your local Sales Representative or TDI Headquarters at 800.992.1220.

1. What is your main business?
 - Perennials & Annuals (require max floor loading capacity)
 - Trees & Shrubs (require short upper shelf or wagon)
 - Landscaping Products (require heavy weight capacity)
2. What kind of terrain do you have?
 - Hilly (use carts with brakes)
 - Flat (carts with brakes aren't needed)
3. Where will the carts be used?
 - Inside Only (use of Small wheels are OK)
 - Inside and Outside
 - Outside Only
4. How wide are your aisles?
 - Narrow (use Standard Frame Carts)
 - Wide
5. What type of carts are you looking for?
 - Wagons
 - Shelf Carts
 - Nestable/Stackable Carts
6. What type of surfaces do you have?
 - Concrete (6" wheels)
 - Asphalt (6" wheels)
 - Paving Stone (6" or 8" rubber or foam wheels)
 - Compacted Stone Dust (8" rubber or foam)
 - Coarse Gravel (8", 10", or 16" foam)
 - Mulch or Mud (10" or 16" foam)

HELPFUL HINT!

Plan to provide 1.2 carts for every parking space available at your business.

For example, if you have 50 parking spaces, we recommend purchasing 60 carts.

The icons below will help you identify the correct wheel type for each ground surface.

These are also shown on the individual product pages.

12 REASONS TDI CARTS ARE BETTER

- 1 Plastic handles can be replaced.
- 2 Baby seat is ideal for children, purses, or small, delicate items.
- 3 Easier to maneuver because of the narrow frame with a large loading capacity.
- 4 Additional clear lacquer over the zinc-plated metal ensures the carts will look new for many years.
- 5 Foldable upper shelves when more space is required on the lower shelf.
- 6 Large cubic loading capacity is 30% larger than similar carts.
- 7 Hooks to hold baskets or flower bags.
- 8 Nestable with shelves up or down for greater storage capacity.
- 9 Carts available with ideal width for narrow aisles.
- 10 Long bottom shelf for greater loading capacity.
- 11 Large rims retain pots on the shelves.
- 12 Select from multiple tire options to accommodate the surface types and terrain at your business:
 - 6" and 8" Rubber Flat Proof
 - 8", 10", or 16" Foam Flat Proof*Wheels are not welded.*

WHAT CUSTOMERS ARE SAYING ABOUT TDI CARTS!

THESE CARTS INCREASED OUR SALES BY 28%!

Ned Wilson
Wilson's Garden Center

"At Wilson's Garden Center in Newark, Ohio, we used UPC tracking on every single TDI Cart to register every sale. The result was stunning! TDI Carts generated 28% more sales per cart compared to the other cart that we were using."

CUSTOMERS JUST KEPT LOADING FLAT, AFTER FLAT, AFTER FLAT!

Jerry Dill
Dill's Greenhouse

"The Derco 3-Shelf Cart has such a large loading capacity that each customer will buy more! Our cashiers can clearly see that the customers buy more by completely loading the three decks. This cart is so versatile that in the middle of the season, we can easily make a single or double decker cart by taking out the extra shelves. We are so happy with the result that we will definitely purchase more TDI 3-Shelf Carts!"

THE BOTTOM LINE IS THE BEST
THING ABOUT THESE CARTS...
WE HAVE DOUBLED OUR SALES SINCE
WE STARTED USING TDI CARTS!

Cole Webster & Jim Webster
The Barn Nursery

"These carts are all we use...got everything (red wagons, wooden carts, etc.) off the property!"

"Customer sales are directly related to cart space and TDI Carts give us lots of space!"

"The staff and customers love these amazing carts"

"Cheapest carts we have ever bought based off of increased sale and longevity of the carts. What a bargain!"

BIG THINGS COME IN SMALLER PACKAGES.

TDI's Standard Frame Carts provide a smaller frame, but lots of load surface capacity. They are easy to maneuver, come with a child seat, and effortlessly glide through smaller spaces, narrow aisles, and can be used on paved or rough terrain - just select the right wheel for your business. They are light in weight with a heavy-duty construction.

THE CARTS ARE DURABLE, THE FINISH IS BUILT TO LAST, AND THE CUSTOMERS LOVE THEM...AND WE LOVE HOW MUCH THEY LOAD INTO THEM! – Joe Blackshere, Westlake Ace Hardware

"TDI Brands has been a pleasure to do business with. Their team of experts have made our cart buying experience easy. The carts we most recently purchased include an automatic brake which provides us a sense of security in our stores that have slopes out in our parking lots. The cart does not move unless the user has a hold of the handle. This allows customers to shop freely without keeping a hand (or more dangerously a foot) on their cart. The carts are durable, the finish is built to last, and the customers love them...and we love how much they load into them!"

IT'S TRULY ONE OF A KIND

Our 3-Shelf Cart is the only nestable, 3-Shelf cart in the industry!

So not only do you increase sales with its enormous 16.64 sq. ft. of loading surface, you also save space by nesting the carts when they are not in use.

The two upper shelves can be easily removed, plus the rims prevent pots from falling. With the extra hooks for hanging baskets and a baby seat with a safety belt, this cart has it all. Not to mention, it has been proven to increase sales. Get your own 3-Shelf Cart success today!

SAVE SPACE!
Carts nest every 15" with the shelves down or 17.5" with the shelves up.

Versatile, middle shelf can be removed when needed.

CUSTOMIZE THIS CART THROUGHOUT THE SEASON!

Use all three shelves for annuals, then take out the middle shelf for taller perennials.

THE BIGGER YOUR CART, THE BIGGER YOUR PROFIT

– Timothy H. Wolfe, Lake Street Garden Center

"The other day I saw two women shopping and using one of the new TDI 3-Shelf Carts we had recently purchased. The women had loaded the bottom shelf with some concrete products, and the top and middle shelves were full with plants as well. The cart was so loaded it took both women to push it to the register! At first when I saw this I was concerned that the shelves might not handle all the weight. But they did! The value of the product on the cart that day was almost \$1000.00!"

Cart Care Guidelines

Regular maintenance inspections and repairs will extend the life of your shopping carts.

1. KEEP CARTS CLEAN

Clean all cart surfaces with mild soap and water. Use citrus degreaser on any grease/oil deposits. Rinse well with water.

2. INSPECT/ADJUST

Carefully check all parts of the frame, wheels, yokes, shelves, basket, and seat belt for damage, wear, and/or rust. Tighten any loose bolts. Check and adjust brakes if necessary.

3. LUBRICATE

Using a spray lubricant or light grease/oil, lube all swivels, bearings, and pivot points and grease fittings. Spray lube inside any frame tubing weep holes to help prevent rust.

4. REPAIR/REPLACE

Any worn or damaged parts should be replaced with original TDI replacement parts. See catalog for options, pricing, and model numbers.

5. TOUCH UP/PROTECT

Any rust spot or worn area can be sprayed with a light touch up of paint to make the cart look like new, and it will also make it resistant to corrosion for years. Newer carts will require a chrome (metallic) or galvanized color; older carts may require a darker color. A coating of clear lacquer is also recommended for areas that are touched up to provide further protection and shine.

TERMS & CONDITIONS

Freight:

FOB Jasper, Indiana; a build and skid fee will be added to the FOB freight charges. This build/skid fee also applies to customer pick-up orders.

Terms:

Net 30 days (for approved accounts). MasterCard, Visa, and Discover accepted. 3.5% processing fee for all credit card payments.

Credit Terms:

To set up an account, simply call our customer service department and request a credit application or apply online (www.tdibrands.com). You will be notified when approval has been given. Overdue invoices will be assessed a 1.5% per month finance charge.

Prompt and Efficient Service:

Under normal conditions, carts and non-personalized trunk liners are shipped within 3 - 7 days. Allow 8 - 12 weeks for personalized and custom trunk liners.

Back Orders:

Items temporarily out of stock are shipped at our discretion and according to the freight terms of the original order.

Returned Goods Policy:

Returns are not accepted without prior return authorization from our Customer Care Team. The invoice number must appear on all packages. Return merchandise must be sent freight prepaid along with a copy of the invoice within 30 days of the invoice date. Returns may be subject to a 20% restocking fee. Items must be in saleable condition. TDI Brands does not issue call tags.

Shortages and Damages:

All claims must be made within 10 days of the invoice date. In the case of a damaged shipment, indicate "damaged" when signing for the package and call us immediately for further instructions. Keep the original carton and damaged merchandise until claim is resolved.

Express Limited Warranty:

Tierra-Derco International warrants to the original that any goods supplied by Tierra-Derco shall be free from defects in material and workmanship for ONE YEAR from the date of purchase. This EXPRESS LIMITED WARRANTY does NOT apply where there has been a failure of the goods due to misuse, improper assembly, neglect, accident, or normal wear and tear.

Prices and specifications subject to change without notice:

We make every attempt to hold catalog prices throughout the year. Due to fluctuations in international currency and inflation, price changes may be unavoidable. Actual color of product may vary slightly due to color variations in the printing process for trunk liners. All weights listed in the catalog are approximate.

TRUNK LINERS

TRUNK LINERS ARE ONE OF THE EASIEST AND MOST INEXPENSIVE WAYS TO SHOW YOU CARE.

Our trunk liners are larger to better fit any size vehicle, providing greater coverage and eliminating the need to use two (saving you money!).

OUR CUSTOMERS SAY IT BEST!

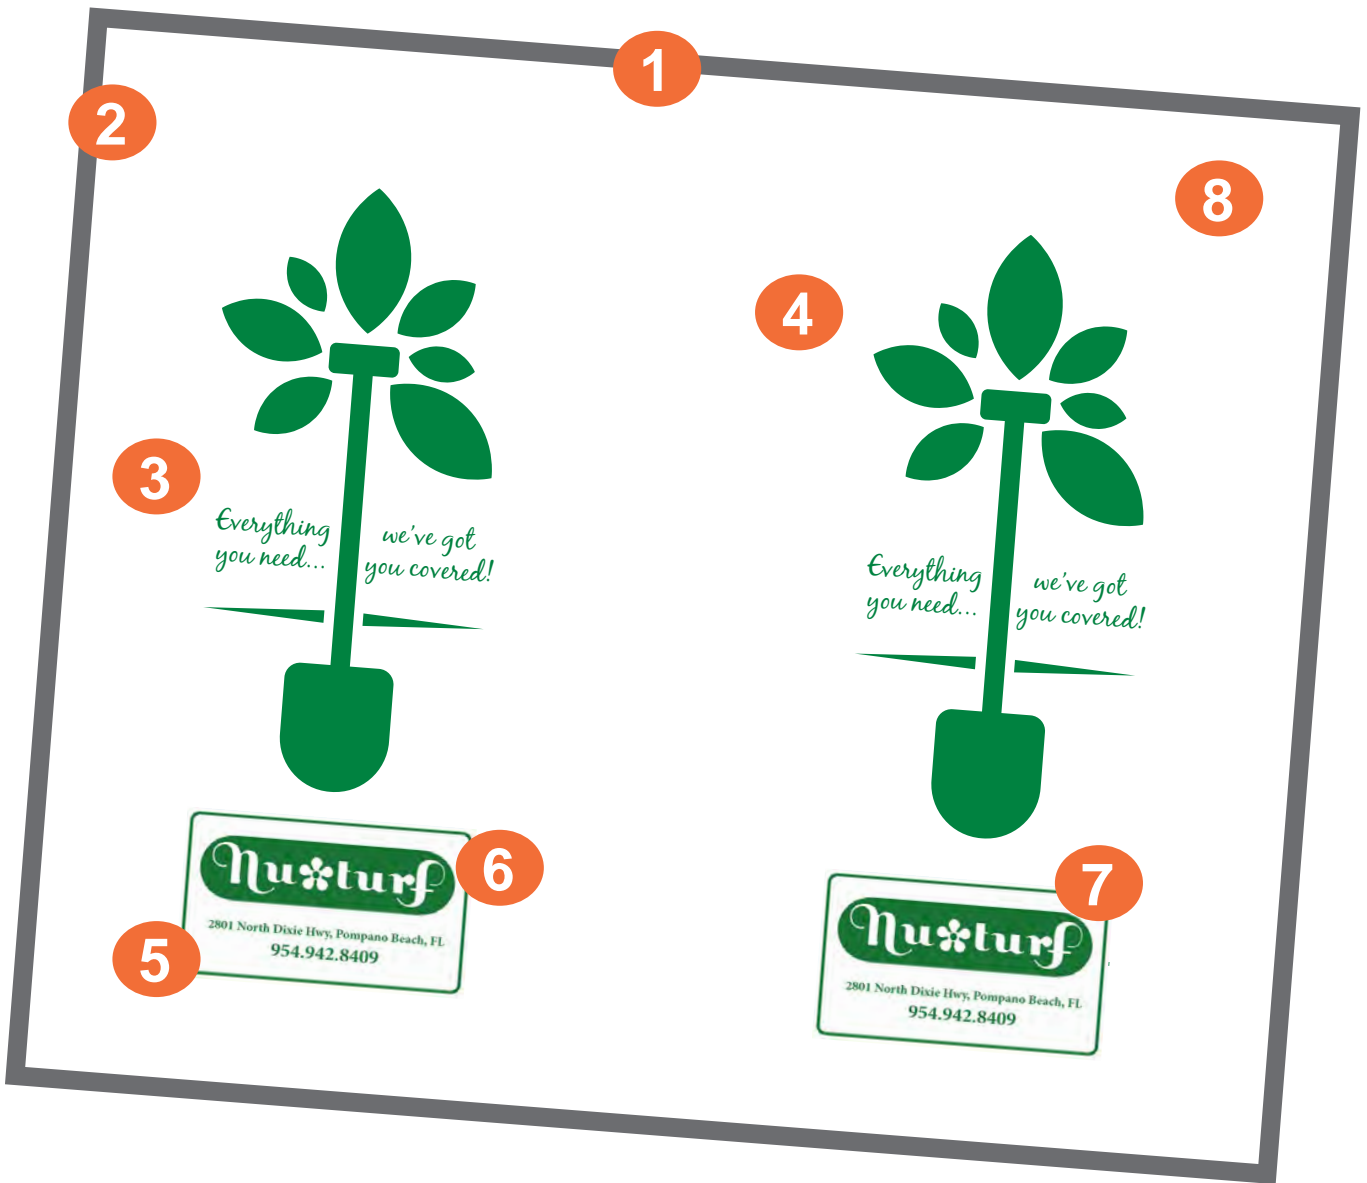

THESE
LINERS
HOLD UP
EXTREMELY

WELL AND IT IS SO NICE TO SEE
OUR CUSTOMERS RETURNING TO SHOP
AT MAHONEY'S WITH OUR LINERS STILL
IN THEIR CARS.

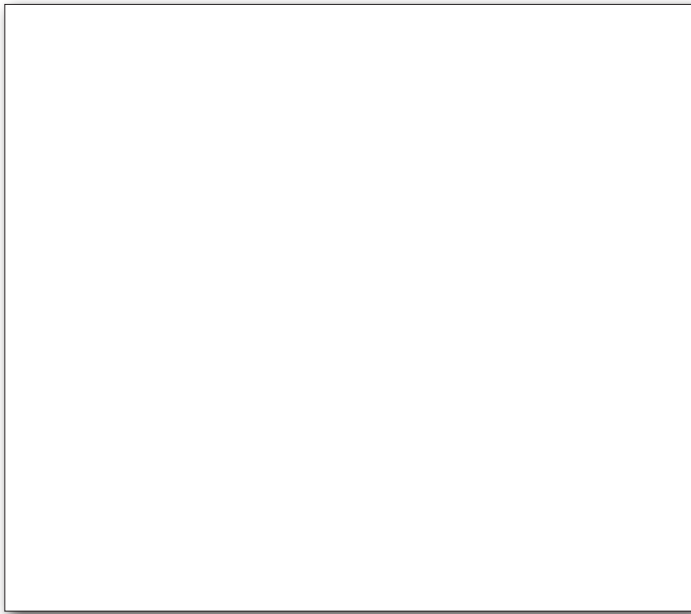

Bob Rocco
Mahoney's

"We at Mahoney's have been purchasing trunk liners from TDI Brands for a few years now. The liners from our former supplier were folded as they came off the display. Customers were inadvertently taking several liners off the display at one time, since they appeared smaller. The liners from TDI Brands are larger and come off the display as a full sheet. With the addition of the "tear here" dotted line that was added to our custom liner, we are finding there is very little waste, so our customers are actually taking fewer liners at one time. These liners hold up extremely well and it is so nice to see our customers returning to shop at Mahoney's with our liners still in their cars."

- 1 An inexpensive marketing tool!
- 2 Easy to tear perforations
- 3 Perfectly sized! Use only one per trunk! (38" x 45")
- 4 TDI's simple design enhances your company name
- 5 Works great with the available heavy-duty, polystone display
- 6 Your business name or logo is printed in over 140 square inches of space
- 7 Your company name appears twice on each sheet
- 8 1000 flat (not folded) sheets per roll reduces downtime in changing rolls
