LEBANON SEABOARD CORPORATION

Celebrating Gardening Category Growth

Congratulations - we have all made it through one of the most challenging years of retail that many of us have ever seen or will see in our lifetime.

It has been a crazy three years in the lawn & garden world. We had the massive disruptions of COVID-19 that changed consumer behavior and frankly, the way we all do business. Changing and challenging weather patterns have significantly altered the seasons in different parts of the country. And that has all been topped off with shocks to the economic system – High Inflation (both in materials and wages), Rapid Increases in interest rates driving up the cost of capital, and Skyrocketing Mortgage rates putting pressure on consumers' spending ability. Needless to say, it has been a tough year in the lawn and garden category.

Despite the challenges in 2023, we are looking forward to 2024. We believe the economic environment will once again have the consumers focused on their Backyard Oasis. With travel and services costs rapidly rising, we are confident the consumer will once again focus on their yard and making it a priority. It will be where they seek refuge.

But make no mistake, the consumer will be seeking value more than ever. They will continue to spend but will be looking for products that ADD Value to them, specifically their Backyard Retreat.

From America's #1 Garden Weed Preventer, to our Best-in-Class lawn fertilizers, to our 5-STAR Wild Bird Foods – we are positioned to help your consumers achieve that look and feel they deserve. A lush, green lawn, weed-free garden, and beautiful songbirds will help ensure they enjoy and are proud of their Backyard Oasis. Now that's value we AND YOU can provide them.

Our 2024 marketing programs will continue to reach the consumer in new, meaningful ways and drive that value messaging. Gardeners will be free from weeding so they can spend time doing the things they enjoy. Thick, lush, weed-free lawns mean less worrying and obsessing and more enjoying. Vibrant songbirds feeding in the backyard without the traditional mess of standard wild bird foods are an enjoyment for everyone. That Backyard Oasis will come to life!

We are committed and fully invested in driving the consumer to your garden centers for our trusted brands!

You can count on Lebanon Seaboard – as you have for over the 75+ years we have been in the lawn & garden business – to continue to provide uninterrupted access to Preen, GreenView, Lyric Wild Bird Food, and Pine Tree Farms (our newest brand) branded products.

We look forward to a strong 2024 and sharing in our continued growth paths...

Bill Kelso
Executive Director, Sales & Marketing
Consumer Products

America's #1 Leading Brand of Weed Preventers

When it's time to get out into the yard, gardeners reach for Preen® – America's leading brand of weed preventer. After all, why battle weeds, when a single application can stop weeds from germinating for between one to six months?

Our research shows – and retailers confirm – that Preen is one of those must-have products with the ability to draw customers in, all season long. Gardeners who recognize and prefer Preen over other weed preventer products are the type of consumers more likely to spend significantly more on lawn and garden products over the course of the season.

There
solution

There's a Preen weed prevention solution for **every gardening need.**

Our Vision for 2024

In 2024 You'll See a Refreshed Approach to **Weed Prevention.**

As America's leading weed preventer

brand, it's only right that we set our sights high to change the way ALL gardeners prevent weeds. Now more than ever, consumers' gardening habits and expectations of brands they purchase from is changing, and so is the way they're consuming media. To ensure that we're staying ahead of consumer needs and adjusting to life post-pandemic, we've taken an evolved look at marketing. We're building upon what worked in 2022 and fine-tuning it to meet mindsets and realities of 2024.

200% Growth in interest in gardening in the U.S. from 2019 to 2020, according to the National Gardening Association.

Many of these estimated 20 million new gardeners are millennials and are expected to remain gardeners for life. **For independent garden centers, this means our products will be in high demand.**

Our 2024 Campaign

2024 is a Year of Improvement.

Improved insights
Improved targeting
Improved creative
Improved customer experience

With the same leading weed prevention products your consumers know and love.

For 2024, we're continuing to improve as we form closer connection with our product through our **Still No Weeds?!** campaign.

Doubling Down on **Digital.**

In 2024, we're continuing with a completely digital approach so we can maintain media flexibility.

Combining audience segment data with media consumption behavior, our 100% digital approach allows us to more efficiently and effectively reach engaged, garden-interested consumers across the country.

Over The Top (OTT) and Digital Video **The average household views 100 hours**

of OTT content across a month. We're employing OTT TV ads to efficiently reach our core audience.

Key benefits include:

Offers unique digital targeting techniques than traditional TV
Can be adjusted as quickly as display & other digital tactics

Source: ComScore 2021 State of OTT Report

Digital Display

90% Of our core audience have browsed the internet in the past 30 days. We'll reach consumers across computers, tablets and mobile devices, leading them to our brand new website to educate and drive purchase.

Key benefits include:

- Optimized targeting and retargeting to drive in-store action
- Quickly adjust geography based on weather or sales needs

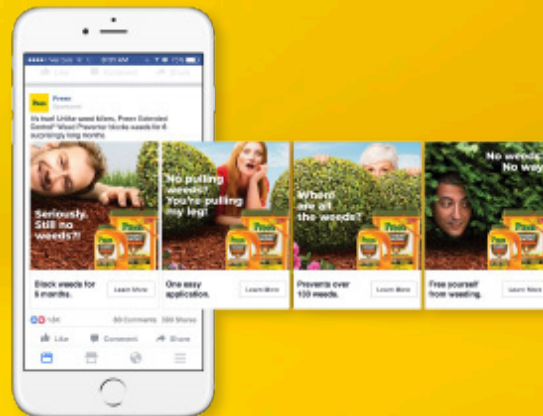

Paid Social Media

70% Of our target audience has used

Facebook or Instagram within the past 30 days.

Key benefits include:

- Nielsen brand effect shows on average Facebook increased ad recall by 10 percentage points (globally)
- Optimizing media targeting based on performance

In-Store Merchandising

And, of course, when consumers get into independent garden centers, they'll be greeted by the Preen packaging and displays they'll recognize from the digital marketing they've seen. Thus, making their weed-preventing purchases easier than ever.

Our longest lasting Preen yet!

With Preen® Extended Control Weed Preventer, a single application on landscape beds at any time during the season **blocks listed weeds for up to six months**. Gardeners who use it in spring can eliminate weekly weeding sessions all summer long—and a late fall application can prevent winter and early spring germination.

Apply anytime during the growing season

Prevents 125 grassy & broadleaf weeds

Safe for use around over 600 established trees, shrubs, ground covers & perennials*

* See use directions on product label for complete plant compatibility list.
* Not for use on lawns, vegetables or specific perennials.

Don't sell seed without it!

GreenView Fairway Formula Seeding Success is the foolproof, one-step starter fertilizer and seeding mulch ideal for establishing thicker lawns in one convenient application. It's the perfect upsell for customers purchasing seed for lawn repair or overseeding, and they'll love the guaranteed grass seed germination (or money-back on Seeding Success purchase), no matter which grass seed they choose.

Water Less

- Pellets holds 3Xs their weight in water to keep seed moist longer

100% Weed-Free

- Will never introduce weeds into the lawn

No Clean-up

- Mulch is biodegradable for no-mess seeding

Starter Fertilizer

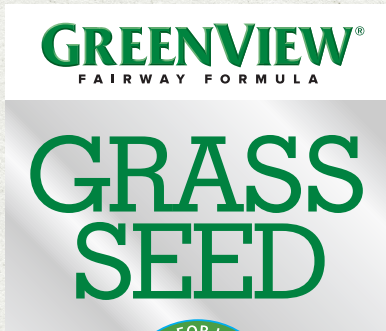

- Encourages strong new roots

Keeps Seed in Place

- Tackifier holds seed in place while they germinate - even on rainy, windy days or when seeding a sloped area

Pure Seed, Proud Results

Every homeowner *dreams of a lush, green lawn.* Whether they're starting from scratch, repairing trouble spots or overseeding, GreenView Fairway Formula Grass Seed provides a pure, premium growing experience **without the additives, coatings, excessive failure rates** and waste of competitive products.

Pure Seed, More Coverage

No Coatings, No Fillers

99.9% Weed-Free

GreenView Fairway Formula Grass Seed

Certified A-LIST® Grass Seed A Difference You Can Count On!

What is A-LIST®?

A-LIST® stands for the **Alliance for Low Input Sustainable Turf**, and is a national non-profit organization seeking to aid turfgrass managers and grass growers by providing holistic guidelines that account for all factors in sustainable growth. Organization members include universities and industry companies serving to test, identify and promote grass varieties to consumers that maintain acceptable turf quality while requiring reduced water, chemical, and fertility inputs.

All GreenView Fairway Formula Grass Seed is verified A-List® Seed - Guaranteed.

What does this mean for consumers?

TRUST! It means they will purchase one of the highest-quality grass seeds in the country. It means they will plant a grass seed that is nationally recognized as environmentally friendly turf. It means they can expect a beautiful lawn that is backed by our money back, GreenView Guarantee.

A Thicker, Greener Lawn

More Heat And Drought Tolerant

More Traffic Tolerant To Children And Pets

More Disease And Insect Resistant

Requires Less Water

Small Lawn, **Big Curb Appeal**

GREENVIEW[®] SMALL LAWNS

A recent trends report reveals homes across America continue to get larger and lawns continue to shrink. GreenView

introduces a new product line up that's the right size for homeowners within this small lawns segment. Proprietary research indicates that homeowners don't want to purchase more product than what their small lawn needs and they don't want to store leftover product when forced to purchase larger bag sizes. The product value for homeowners and margin contributions to business remain strong with GreenView's Small Lawns Products, despite the smaller bag format - **so it's a win, win for everyone!**

Small Yard

Homeowners have less square feet to maintain

Storage

Homeowners do not want to store extra product

Lawn Issues

Homeowners have a targeted area of weeds to kill or recently reseeded

GreenView Small Lawns

The average U.S. home size
Has Grown by 37%
Since 1978

As a result
41% of homes have
yards less than 5,000 ft²

Majority are
Below
Average
 household incomes.

Weed & Feed

Active Ingredients: Trimec
 Analysis: 27-0-4

- Kills over 250 weeds*
- Thickens turf to crowd weeds
- Apply when weeds are actively growing
- No phosphate, helps protect waterways

Hand-crafted, all-natural nutrition **beloved by birds, birders and bird food retailers everywhere.**

Birds—and the birders who love them—know that nothing satisfies, sustains and attracts a greater variety of feathered friends to the backyard feeder than Lyric® Wild Bird Food.

Our hand-crafted approach to nutrition, custom songbird mixes and premium, all-natural ingredients are key to the high degree of customer confidence we've earned among America's 60 million bird watchers.

Care, dedication and pride infuse the day-to-day work of our devoted staff—many of whom have been hand-selecting ingredients, personally testing and painstakingly manufacturing our products in small batches for decades. They've adopted a philosophy of continuous improvement—measuring results through direct observation, listening to customers, and always looking for ways to fine tune.

No other bird food instills the same degree of loyalty in its customers. Whether it's a desire to feed their backyard birds the very best or provide them a treat from time to time – birders everywhere will attest that Lyric Wild Bird Food in their feeders attracts the widest variety of birds.

If you carry bird food, featuring Lyric Wild Bird Food is a must.

Hand-crafted **all-natural** nutrition.

Premium Variety Mixes

Looking for a crowd pleaser? Our variety mixes are scientifically formulated to attract the widest variety of birds. Using premium ingredients like seeds, nuts, and dried fruit, Lyric has perfected the recipe for all-natural wild bird mixes that are sure to please!

Formulation subject to change.

Lyric Supreme Wild Bird Mix

- Contains over 50% sunflower seeds & nuts
- Guaranteed to attract the widest variety of wild birds

INGREDIENTS: Black oil sunflower seed, white proso millet, cracked corn, shelled peanuts, safflower seed, black striped sunflower seed, pecans, pistachios, small golden millet seed, canary seed, Nyjer seed, and sunflower kernels.

Formulation subject to change.

Formulation subject to change.

Item No	2647409	2647410
Net Wt	5 lbs	15 lbs
Count	8 Bags/Bale 30 Bales	72 Bags

Packaging that delivers product freshness & reduces infestation.

At Lyric, our premium branding extends to our commitment to product freshness. This is exemplified by our efforts to mitigate infestation throughout supply chain distribution with the use of special packaging & packaging elements. Each bag features either a micro-perf packaging design (18 lb. bags and larger) or oxygen absorber packet inserts (3.75 lb. to 15 lb., look for STAYFRESH TECHNOLOGY INSIDE logo).

Both are proven to help keep seed fresh and bugs out.

Premium Selective Mixes

Birds, like people, have food preferences, and Lyric knows just what will get your favorite feathered friends to your feeders. Our selective mixes are carefully crafted to attract the birds you want to feed with the high-quality ingredients they prefer.

Formulation subject to change.

Lyric Cardinal Premium Sunflower & Safflower Mix

- Contains larger seeds which Northern Cardinals and other big billed birds prefer
- Contains over 70% sunflower seeds

Brand Loyal Customers that Buy Again & Again.

All you have to do is get them started, and customers “flock” back to buy more. The Lyric customer, is a brand loyal customer – because the difference in the quality of our seed and mixes is visible both in the bag and at the feeder. Your birding customers will appreciate the benefit of a *family-owned & operated manufacturing commitment to use only the finest ingredients.*

Premium Single Seed

Our single seed bird food contains only the highest quality ingredients, so you don't have the dust or mess of other brands' straight seed. Straight seed can stand alone at the feeder or be combined with one of our hand-crafted blends.

Formulation subject to change.

Lyric Black Oil Sunflower

- The perfect food to attract a variety of seed eating birds
- Feed alone or add to another mix

INGREDIENTS: Black oil sunflower seed.
