 Item #20430 - 20" Terra Cotta  
 Item #20450 - 20" Light Gray

Packed 6 to a case

Protects decks, floors, carpets and tile from stains and rot caused by potted plants. Stops the build up of dirt and insects and reduces costly repairs.

The Down Under Plant Stand's diameter can be reduced by simply cutting off the ends of its supporting arms.

**The Down Under Plant Stand® is easy-to-use:** Place the stand under your potted plant tray. This will promote airflow between the floor and the potted plant. Water from spills and condensation will evaporate, preventing stains and saving your decks and floors.

US Patent No. 6,029,396

- Lifts pots to allow airflow
- Supports up to 500 lbs.
- Improves drainage
- UV Resistant

# growing products

## raised bed connection kit

A simple to use kit of metal hinges to connect the corners of a raised bed. As the corners of raised beds are the most common failure point, our hinges are made from heavy metal, plastic coated for rust protection. Each kit can be used for several shapes of raised beds.

### N426

Includes 8 hinges, 4 ground extender spikes and 16 wood screws. Wood not included.

## kozy coats

Kozy Coats are water-filled tee-pee plant protectors. Kozy Coats are the secret to growing heat-loving plants early every year... whether it's tomatoes, peppers, cucumbers or melons. Kozy Coats allow gardeners to be the first to pick vegetables every year by guarding tender young plants against the outdoor elements and then extending their growing season.

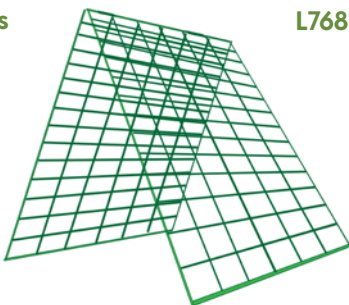

### L760

Kozy Coats- 18" high, 2 pack.

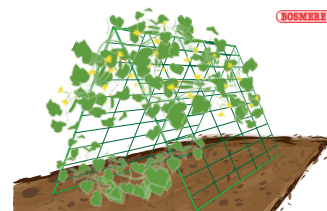

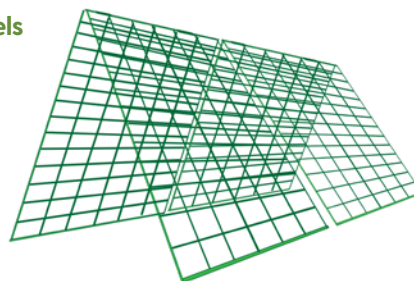

## new veggie trellis

Sturdy, green powder-coated steel trellis to support your vegetables and help them grow strong and abundant. Two ground staples are provided to pin the bottom of each panel to the ground or raised bed. Made with 3" square grids for easy harvesting, while still providing strong support for the plants. Trellis can be stored flat during winter.

### L767 2 Panels

### L768 4 Panels

## grow bags

Planter Bags make growing vegetables easy and convenient... great for decks, patios, balconies etc ...away from pests such as rabbits & slugs, plus easy to water. No need for digging vegetable beds. Perfect for children & adults. Each bag is made from strong, woven polyethylene with drainage holes, and sturdy carrying handles and all are re-usable. Growing Instructions are included in every package.

### K705 Potato Planter Bag

Includes viewing porthole.  
14" dia. x 18" H

### K715 Tomato Planter Bag

12.5" dia. x 15" H

## plant halos

Used to protecting and nurturing young tomato and vegetable plants. Each Halo holds in its moat 3 Quarts of water and then via the spikes, gradually delivers the water to the young plant. Each Halo has three built in channels for bamboo or wire supports to be inserted. A cane grip with each Halo holds the top of the canes together to form a wigwam/teepee support. Each Halo is made from polypropylene, made in England and is sold in sets of three.

### L765 Plant Halos

Water reservoir- Green,  
holds 3.1 liters

## calipso self-watering planters

INGENIOUS & INNOVATIVE! The Calipso planters work like a self-contained raised garden bed! The Maxi version holds up to 8 Gallons of your preferred soil and has a 2.0 gal water reserve for aquifer roots as well as an internal, perforated container for feeder roots. Included are the 8 Gallon box, dual-wall containers, removable legs and water control. The Combi holds 10.5 Gallons and includes the modular sections for your seed roots and a mini greenhouse.

## colander trug

### W310

Collect your feggies and rinse them too!  
Plastic and sturdy with handles.  
Dimensions in inches: 22L x 12W x 4.75D

## border roll

### F531 Coco Fiber Liner Roll

Easy to cut thickness.  
60 Inches long x 20 inches wide

## coco bricks & chips

Compressed coco fiber, which after being soaked in water, is used as an alternative to peat as a soil extender. These are a fantastic growing medium: lightweight, high aeration, low ph (5.4 to 6.8), has no salts and holds water very well. Each 650g Coco Brick expands to produce 2.5 gallons of material and the Large Coco Brick creates 18 Gal of material. A 1.2lb Coco Chips brick makes up 1.6 gallons expanded material.

### F475 Coir Chips Brick

For orchid growing and terrariums, etc. Makes 6 quarts

### F485 Compressed Coco Brick

22oz- Makes 2.5 gallons

### F489 Large Compressed Coco Brick

10.35 lbs.
