## Terms & Return Policy Cohasset Molten Glass Products

### IMPORTANT

Cohasset will not warranty the use of water in any vessel larger than a 650-24 due to possibility of thinner glass walls and/or end user breaking it while cleaning. Cohasset advises against using real flame/wick candles in our Molten Glass Sculptures. (They are ok for use in the candle holders).

### Returns:

Items returned for defects are subject to inspection to determine if flaws noted are just a part of the handmade process or are actual defects. Items deemed normal are subject to a 20% restocking fee and return freight charges.

The following are considered normal and acceptable:

- Minor smooth chips in the rim of the glass
- Minor calcium/mineral deposits
- Bubbles and ripples in glass
- Rims may be clouded due to the cutting and sanding process

The above examples are considered part of the handmade manufacturing process. However, if you feel your piece has excessive examples of this please call our returns department to discuss your options.

Returned glass items must be insured against damage at customers expense.

If you choose not insure the return shipment you will be responsible for the cost of any of the damage received in the return shipment.

RMA #'s are required to return a product. Please make sure the RMA# is displayed in large, readable print by the return label.

### Damages:

If your item has been damaged in shipment please call our returns department to discuss credit and/or replacement options.
