Coir Pole™

Our Mossify Promise

We at **Mossify** feel it is necessary to give back. For every order, we plant one tree with our partner One Tree Planted™. All of our products are made with sustainably sourced materials. We have also made an effort to use the least amount of single use plastics as possible.

What Our Consumers Think About Us

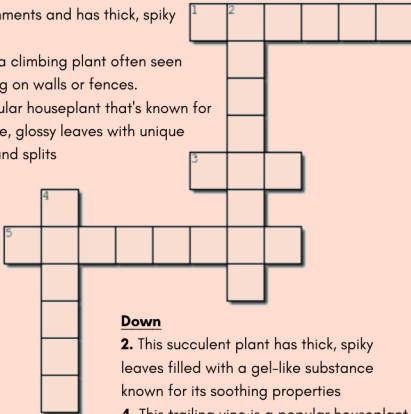

Mossify® Crossword

Across

1. This plant is adapted to arid environments and has thick, spiky stems.

3. It is a climbing plant often seen growing on walls or fences.

5. popular houseplant that's known for its large, glossy leaves with unique holes and splits

Down

2. This succulent plant has thick, spiky leaves filled with a gel-like substance known for its soothing properties

4. This trailing vine is a popular houseplant known for its heart-shaped leaves and easy care requirements.

Regg M. ★★★★★

"They have yet to disappoint, and they go above and beyond to provide the best customer service they can. They're just different from the rest."

Natalie P. ★★★★★

"**Mossify** is reliable and consistent! They will get back to you with no hesitation with resolving any issues or concerns."

Michelle B. ★★★★★

"My monstera is happy and thriving thanks to **Mossify**. I messaged with a couple of questions and they were super quick to respond and advise - which I appreciated because I'm a newbie plant mom."

RAW MOSS & SEEDS

Growable Moss For The Sun

Add some lush green to your flagstone joints, landscaping or terrarium. This type of moss contains pre-ground fragments of Bryum Caespeticium. A slow-growing moss species that enjoys the shade but can also withstand direct sunlight and will stay beautifully green when kept moist in the sun.

- Requires little to no chemicals to grow
- Stays beautifully green when kept moist in sun
- Removes CO2 from the air, making it more clean and breathable
- Packaging available in English, French and Spanish

Item Code	UPC	Pack
SUNGM-0001	639114714901	12/CS

Growable Moss for the Shade

Add some lush green to your flagstone joints, landscaping or terrarium. The Growable Moss for the Shade is a flexible, slow-growing moss with an excellent transplant success rate. This moss thrives in the shade and may even withstand moderate sunlight, but not direct afternoon sun.

- Thrives beautifully in the shade, can even withstand moderate sun
- Removes CO2 from the air, making it more clean and breathable
- Includes premium shade-loving moss mix with a organic tackifier gel powder
- Packaging available in English, French and Spanish

Item Code	UPC	Pack
