SUPPORT FOR PLANTS AND THEIR PEOPLE

Thriving Design is a family business, launched in 2020 by Jason Rider and his sister Morgan. From the onset, we’ve known that caring for our communities and our planet is an extremely important part of how we do business. Our innovative C-BITE clips make it easy to create the garden of your dreams with sustainable and durable support and protection systems. Master gardener? Commercial grower? First-time hobbyist? Whoever you are and whatever you’ve got growing, we’re here to support your vision.

PLANT SUPPORT KIT

THE ALL-IN-ONE C-BITE PLANT SUPPORT KIT

The 5' Plant Support Kit has everything gardeners need to build a custom cage, trellis, fence, a-frame, tripod or any combination of shapes. Featuring patented C-BITEs garden clips, the Plant Support Kit provides a customizable, reusable, and super-strong alternative to traditional plant supports. As the only DIY plant support system on the market, C-BITEs easily click together and connect to standard garden stakes.

LOVING PROTECTION FOR HANDS AND EYES

Thriving Design's soft safety caps fit snugly on garden stake tips to protect gardeners from sharp edges and pointy tips. Not only do they protect your hands from being cut, they also provide a visual to help you avoid the dreaded garden stake eye-gouge (ouch). Our snazzy safety caps fit standard 7/16" garden stakes.
