WHOLESALE CATALOG  
2023-2024

*Hey there!*

Thanks for checking out  
our new catalog.

**I am Zeba Parkar, the maker and designer behind Treleaf™ trellises. I first made nature-inspired trellis for my personal houseplant collection.**

With the support and encouragement of the plant community, I started selling these online, and got a warm response. I pride in bringing unique designs, sturdy materials and great finishes to the trellises. I want each piece to be a work of art!

Treleaf™ is a woman-owned & operated business that makes and sells unique handmade plant accessories. Each piece is designed and made in the USA. Our trellises are made by laser-cutting wood. We design each piece taking inspiration from nature keeping the functionality in mind.

Thank you so much for supporting our small business!

Enjoy,

*Zeba Parkar*
