**KINK
PROOF**

**LIGHT
WEIGHT**

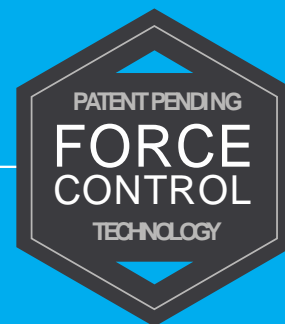

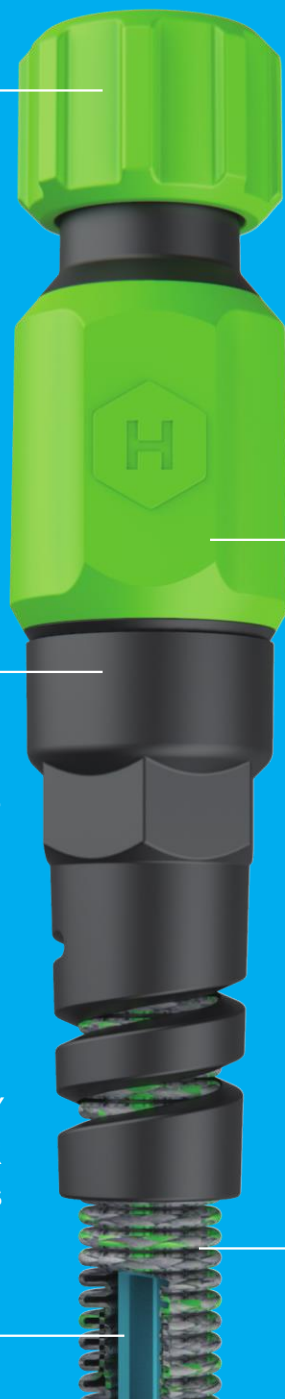

**CORROSION
RESISTANT**

**MOLD & MILDEW
RESISTANT**

**TOUGH NYLON
CONNECTOR**
Resists rust and
creates a tight
seal to the spigot

Protects the hose
from bursting

**PROTECTIVE
STRAIN RELIEF**
Prevents stress at
connection points

**HIGHEST QUALITY
LATEX INNER LINER**
Avoids rips, tears and bursts

**MOLD & MILDEW
RESISTANT
OUTER MATERIAL**

HydroTech Standard Expandable Hose

Features & Benefits

- Force Control Technology – Controls water pressure entering the hose, preventing bursting.
- Strain Relief Guard – Creates support from the connector to the hose, extending bend radius and stability.
- Nylon connector - Resists rust and creates a tight seal to the spigot.
- Heavy Duty Brass Valve with Flow-Control Shut-off
- Latex Liner – Thick inner latex liner provides an added layer of protection to the webbing, avoiding tears and rips at the connection point.
- Mold and Mildew Resistant Material
- Color Coded Packaging by Length – Enables consumer to quickly and efficiently make a decision.
- 5/8" Diameter
- Hoses recoil to 1/3 of their expanded length
- Our 200ft Hose is the longest expandable hose out on the market
- 10 Year Warranty!

HydroTech Pro Series

HYDROTECH.
LAWN & GARDEN

Innovation in Hose Performance

- PRO SERIES Hose with unmatched water flow – equates to 100% increased water flow (versus HydroTech Expandable Hoses)
 - 3/4 In. Hose diameter
 - MAX FLOW tested to 10gpm
- Force Control burst proof protection
- Stainless Steel Endings
 - Drinking water safe
 - Stronger connection points that can be tightened with a wrench
- Best-in-Class abrasion resistant jacket withstands extended use in all conditions
 - Specially formulated resin-based thread that withstands heavy duty use on all surfaces – tested to outperform the competition!
- Designed for Job sites, Farms, and Construction

HEAVY-DUTY STEEL VALVE

Rust & corrosion resistant
Impact & crack resistant

3/4 INCH VALVE
fits most nozzles,
sprinklers and other
watering accessories

FLOW-CONTROL SHUTOFF
