2023 Greetings!

We wish you all a very happy and prosperous year! Facing a new reality, we are all focused on creative ways to adapt to post-pandemic changes. People returning to the workplace after time at home want to retain their new hobbies, hoping to maintain a work-life balance through nature and gardening. We, in the trade are well-positioned to foster that harmony through joy, in seeing a plant awoken with the warmth and ample light of spring, watching a seedling grow at an extraordinary pace, observing a trusting bird splash in a cooling bath.

With these thoughts in mind, we continue to improve and expand our birdbath and plant stand collections, flower boxes, trellises, and arbors. This 2023 catalog is offered with the prospect of continued growth in your business. As always, all products are ready for shipment from our Massachusetts warehouse.

We sincerely appreciate this continued partnership with you, our customers, for the past 29 years. We aspire to serve your needs by bringing beautiful, functional, quality products for burgeoning and life-long plant and garden enthusiasts.

Arbors

Create an elegant garden entrance with an Achla Designs handcrafted wrought iron arbor. We are pleased to offer a great variety of arbors in a style and size for every garden theme. These arbors stand tall and are sturdy enough to support climbing vines with ample room for passage beneath.

Designed to ship flat and to be easily erected, many of our arbors use only slip-in components. All arbors come with 4 spiked stakes for in-ground installation, except where noted. They can be permanently cemented, or used on hard surfaces with feet.

Trellises

As an architectural element, the trellis (treillage) serves to accent and support a special climbing plant. Trellises can be used singularly, or in tandem to create a green wall or to camouflage an unsightly area.

Metal trellises offer an added advantage, for they will not rot or buckle under the load of a fully grown vine. We offer a wide range of sizes, styles and shapes, designed as self-supporting, sturdy structures when staked firmly in the ground.

FT-62 Hammered Detail

Our wide array of plant supports includes stakes, pylons and trellises for every gardener's need.

For container gardening and single stems, Plant Stakes SFT-04-6 [pg. 25](#), and Spiral FST-01 are smaller in scale and found on [pg. 26](#).

To add vertical elements in the landscape, Mushroom Trellis PYL-09, and Obelisks OBL-01/02, lift vining vegetables and showy flowers, all on [pgs. 24-25](#).

For green screening, use freestanding or wall-mounted modular trellises, Oxfordshire Trellis FT-54 [pg. 20](#), Square-on-Squares [pgs. 6-9](#) or our Vinifera trellis FT-48 [pg. 19](#).

Statuary

Statuary has been a part of architecture and landscape throughout history. Palaces, temples and grand residences have been opulently adorned with detailed figures of mythological and historic importance.

Whether bathtub Mary or plastic pink flamingo, we still highlight our own important figures or statues in the garden. Create a vignette with a trellis or water feature, or tuck a small creature into a secret space.

Our Community - Annual Fitchburg Blacksmithing Art & Renaissance Festival

We are ardent supporters of the arts in our community, and in 2003, founded the New England Blacksmith, Art and Renaissance Festival held each fall in our town of Fitchburg, Massachusetts, at downtown Riverfront Park, along the bank of the Nashua River. The event is open to the public and has garnered substantial support from the City of Fitchburg, MA, Cultural Council, and neighboring communities.

The festival strives to raise awareness of the art and craft of blacksmithy. It promotes a congenial fellowship among students, hobbyists and professionals alike. Participants bring portable forging stations to the park for a full day of work on projects and competition. Each year a well-known Master Blacksmith is invited to judge the competition and demonstrate skills. These live demonstrations have become a highlight of the event, alongside local crafts, food, music and handcraft sales.

This year's festival will be held September 30th 2023. Join us! For info see: www.fitchburgforgein.org
