Introducing

tickle cards

We have featured a
 real feather and the word "tickle"
 on our displays since the early days of
 our company. Now we are pairing the two
 in a fresh way to create new branding for
 our award-winning, U.S. handcrafted
 greeting cards. We plan to gradually
 introduce our new brand.

Watch for it!

We're birds of a feather

Is this just
 about the
 cutest card
 display you've
 ever seen?

We hope so! We're
 thrilled with our warm,
 inviting, playful and fun
 birdhouse spinner
 we designed just for our
 award-winning cards.

Our eye-catching
 birdhouse display is
 handcrafted of real wood
 wainscoting, painted a
 warm vanilla and
 topped with a sweet
 bird on a perch.

...& it's a space-saver!
 Our adorable birdhouse
 spinner displays 240 cards
 (six each of 40 designs)
 in just one square foot
 of floor space.
