**SUCCESSFUL GROWING STARTS AT THE ROOT  
WITH LAMBERT SOILS & AMENDMENTS**

# LAMBERT PEAT MOSS

## A family company dedicated to horticulture for four generations.

Lambert Peat Moss Company, founded in 1928, is one of the true pioneers in developing the peat moss industry in North America. With the fourth generation of Lambert still operating from the original location in Rivière-Ouelle, Québec, along the south shore of the St-Lawrence River, we have expanded to several bogs along the north shore and near Lac St-Jean. Starting with the original product line of screened and bagged peat moss, we now offer numerous lines of professional growing mixes and retail potting mixes as well as select types of premium peat moss.

Today, Lambert Peat Moss supplies both the amateur horticulturalist and professional growers alike. A nationally based distribution network and strong individual product representation is always bringing new products to the trade. Lambert is able to supply the market at competitive prices to distributors and commercial users throughout Canada, United State and Mexico via ground transportation. In order to offer our clients the

most efficient means of transportation, Lambert ships directly from their production plants and from their distribution center in Beloeil, near Montréal, Québec. We also export products via container shipments around the world to South America, the Caribbean, Asia, Middle East and Europe. Based on our strong quality control, technical support and industry knowledge, Lambert gives their customers confidence that our products will serve their needs: service with the ability to supply products on time.

One of the secrets to Lambert's success is our ability to quickly adapt to the customer's request. This devotion to meeting the customer's needs comes from the Lambert family and their staff and has been rewarded with 95 years of success and respect from the industry.

### Quality First... A priority at Lambert Peat Moss.

Hand in hand the product and the service bring you the very best peat moss, grower mixes, retail peat and potting mixes...

**Lambert... At the root of your success since 1928.**

## OUR PROCESSING PLANTS & LOCATIONS

Our six peat bogs are located on both banks of the St. Lawrence River in Quebec, Canada. They are autonomous in terms of harvesting operations, the coordination of activities being ensured by our head office in Rivière-Ouelle, Quebec. Our total operating capacity spread across the various regions is rarely affected by adverse weather conditions.

**Lambert Rivière-Ouelle** (head office, laboratory, harvesting site, peat and substrate packaging plants) is located on the South Shore of the St. Lawrence River about 90 miles (167 km) northeast of Québec City. The original location in use since 1928 by Lambert.

**Lambert Beloeil** (warehouse and distribution center) is a 40 acres storage and distribution center. It is located at 13 miles (20 km) from Montréal City.

**Lambert Longue-Rive** (harvesting site and peat packing plant) is located on the North Shore of the St. Lawrence River about 180 miles (334 km) northeast of Québec City.

**Lambert Escoumins** (harvesting site and peat packing plant) is located on the North Shore of the St. Lawrence River about 160 miles (297 km) northeast of Québec City.

**Lambert Ascension-de-Notre-Seigneur** (harvesting site and peat packing plant) is located inland on the north shore of the St. Lawrence River approximately 160 miles (297 km) north of Quebec City.

**Lambert Labrecque** (harvesting site) is located on the north shore of the St. Lawrence River near the Lambert Ascension-de-Notre-Seigneur site.

**Lambert Senneterre** (harvesting site) is located in Abitibi.

# 95 YEARS AT THE ROOT OF YOUR SUCCESS

## QUALITY FIRST... A PRIORITY AT LAMBERT

### Lambert Laboratory

Quality has always been a priority at Lambert, that's why the company owns a complete quality control laboratory. The laboratory staff developed standards and procedures to make sure that every cubic foot of product that leaves our yard complies with our standards.

Quality control procedures are also developed regularly to increase the quality of our products. Procedures can be divided into three areas: chemical, physical and packaging. To comply with chemical standards, our products are sampled and analyzed for pH, EC and S.M.E. levels. To assure that physical standards are respected, we analyze particle size distribution, porosity and moisture content. Also, we regularly measure the yield and the firmness of our bags. Finally we run random greenhouse tests in order to evaluate our products' performances. Therefore, a product that does not conform completely to one or the other of our tested parameters stay in our yard.

### Research and Development

Innovation and improvement play an important role in Lambert laboratories. In order to be able to offer our valued customers the products they deserve, Lambert is constantly working on its processes to condition, harvest and manufacture its sphagnum peat moss. Agronomists and engineers work together to come up with ideas and innovations that will bring our products one step closer to perfection. Whether it is to improve, create a new product or adapt an existing product, the Lambert staff runs different greenhouse trials to achieve its ultimate goal which is to offer the very best for our customers.

### Technical Assistance

Our technical team, made up of experienced agronomists and soil technicians, is always ready to answer all of our customers' questions, whether it concerns peat moss or the use of our various products.

**At Lambert, we stand behind our products!**

## MARKET SEGMENTS

**Lambert Peat Moss.** is one of the leading horticultural producers of sphagnum peat moss and peat-based mixes in North America.

**Many companies trust Lambert as a reliable supplier.**

**Horticulture:** Greenhouse growers, nurseries, garden centers, chain stores, soil manufacturers, landscapers, medicinal cannabis

**Agriculture:** Vegetable producers, annual & perennial flower producers, mushroom producers, fruit farms, blueberry farms, worm culture, tobacco producers

**Forestry:** Forestry plants producers

**Environment:** Spills, filtration, absorption, animal bedding

**Soil Manufacturing:** Soils for lawns, soils for trees and shrubs, soils for gardens and vegetables, soils for flowers, soils for green roofs

**Leisure:** Golf courses, sports fields, race tracks

## DISTRIBUTION NETWORK

Lambert can supply the market at competitive prices to distributors and commercial users throughout Canada, United States and Mexico.

In order to optimize our transportation system, Lambert is able to ship directly from the production plants, and from our distribution center in Beloeil, near Montreal, Québec.

We also export products worldwide via container shipments to South & Central America, the Caribbean, Asia, Middle East, and Europe.

**We export to more than 65 countries.**

Thanks to its extensive, efficient and versatile distribution network, Lambert can quickly ship its products around the world.

# LAMBERT NATURAL & ORGANIC MIXES

## Professional Organic All Purpose Mix

For Flowers, Vegetables, Herbs, Trees & Shrubs

This ready to use, environmentally friendly peat-based substrate promotes healthy and rapid plant growth for all your favorite flowers, vegetables, herbs, trees and shrubs. Lambert Peat Moss values only selected quality ingredients to ensure the best growing results.

**Uses:** All purpose, bedding plants, flowering plants, hanging baskets, foliage, cuttings, seed germination, interiorscapes, whiskey barrels and window boxes

**Product Features:** OMRI listed for organic production, ready to use, environmentally friendly, professional grower formula, promotes roots growth and saves water

**Components:** Canadian sphagnum peat moss professional grade, horticultural coarse perlite, natural organic slow release fertilizer, dolomitic limestone and calcitic limestone

UPC Product Code	Size	Quantity / Pallet
0-664980 6460-3*	8 dry qt (8.8 L)	6 bags/case - 30 cases
0-664980 6463-4	16 dry qt (17.6 L)	120 bags
0-664980 6461-0	1.0 cu ft loose fill (28.3 L)	91 bags
0-664980 6464-1	2.0 cu ft loose fill (56.6 L)	65 bags
0-664980 6465-8	3.0 cu ft loose fill (85 L)	48 bags
0-664980 6462-7	2.0 cu ft comp (56.6 L)	50 bags

Packaging languages: English & Spanish, not available in Canada

## OMRI Listed For Organic Use • OMRG.org

The Organic Materials Review Institute (OMRI) supports organic integrity by providing organic certifiers, growers, manufacturers and suppliers an independent review of products intended for use in certified organic production, handling and processing.

### \* Packaging - Quantity per Pallet

4 dry qt bags : 12 bags/case - 30 cases/pallet = 360 bags

8 dry qt bags : 6 bags/case - 30 cases/pallet = 180 bags

### \* Packaging - Shipping

Cases of different products of 4 dry qt & 8 dry qt can be shipped on the same pallet for a maximum of 30 cases per pallet

## All Purpose Organic Potting Mix

**All Purpose Organic Potting Mix** is a general purpose media with numerous applications for indoor and outdoor use such as hanging baskets and containers. **It is a favorite amongst plant lovers.**

Adjusted pH combined with coarse perlite promotes aeration, drainage and assimilation of nutrients that are essential for optimum plant growth. This all purpose media is easy to use as it has been pre-moistened.

**Uses:** All purpose, bedding plants, flowering plants, hanging baskets, foliage, cuttings, seed germination, interiorscapes, whiskey barrels and window boxes

**Product Features:** OMRI listed for organic production, ready to use, environmentally friendly, professional grower formula, promotes roots growth and saves water

**Components:** Canadian sphagnum peat moss, coarse perlite, slow release organic fertilizer, dolomitic limestone and calcitic limestone

**Including a 40 days Organic Fertilizer duration**

UPC Product Code	Size	Quantity / Pallet
0-664980 7630-9	1.5 cu ft loose fill (44 L)	75 bags

Packaging languages: English & Spanish, not available in Canada

## All Purpose Organic Garden Soil

**All Purpose Organic Garden Soil** is ideal for adding organic matter to your vegetable and flower beds. The organic material in this all purpose mix helps improve aeration of clay soils and increases water retention in sandy soils.

**Uses:** Vegetable gardens and flower beds

**Product Features:** OMRI listed for organic production, ready to use, loosens clay soils, binds sandy soils, enhances water retention and drainage, adds organic matter and saves water

**Components:** Canadian sphagnum peat moss, slow release organic fertilizer, dolomitic limestone and calcitic limestone

**Including a 40 days Organic Fertilizer duration**

UPC Product Code	Size	Quantity / Pallet
0-664980 7635-4	2.0 cu ft loose fill (56.6 L)	65 bags

Packaging languages: English & Spanish, not available in Canada

# LAMBERT NATURAL & ORGANIC MIXES

## Potting Mix

**Lambert Potting Mix** is a general purpose media with numerous applications for indoor and outdoor use such as hanging baskets and containers.

The adjusted pH combined with perlite promotes aeration, drainage and assimilation of nutrients that are essential for optimum plant growth.

**Uses:** All purpose, bedding plants, flowering plants, hanging baskets, foliage, cuttings, seed germination, interiorscapes, whiskey barrels, window boxes

**Product Features:** OMRI listed for organic production, ready to use, environmentally friendly, professional grower formula, promotes roots growth, saves water

**Components:** Canadian sphagnum peat moss, horticultural perlite, granulated algae, dolomitic limestone and calcitic limestone

UPC Product Code	Size	Quantity / Pallet
0-664980 6450-4	1.5 cu ft loose fill (44 L)	75 bags

Packaging languages: English, French & Spanish

## Garden Soil for Flowers & Vegetables

**Lambert Garden Soil for Flowers and Vegetables** is ideal for adding organic matter to your vegetable and flower beds.

The organic material in this soil helps improve aeration of clay soils and increases water retention in sandy soils.

**Uses:** Vegetable gardens, flower beds

**Product Features:** OMRI listed for organic production, ready to use, loosens clay soils, binds sandy soils, enhances water retention & drainage, adds organic matter, saves water

**Components:** Canadian sphagnum peat moss, granulated algae, calcitic limestone and dolomitic limestone

UPC Product Code	Size	Quantity / Pallet
0-664980 6430-6	1.5 cu ft loose fill (44 L)	75 bags

Packaging languages: English, French & Spanish

## Lawn Soil

Lambert Lawn Soil is versatile. It can be used to repair your lawn and also be used for establishing a new lawn.

Made from peat it will bring to your soil organic matter it needs to promote good soil structure.

**Uses:** Lawn repair, lawn maintenance, new lawn

**Product Features:** OMRI listed for organic production, ready to use, adds organic matter, easy to spread on lawn, ideal when reseeding bare spots, environmentally friendly, saves water

**Components:** Canadian sphagnum peat moss, granulated algae, calcitic limestone and dolomitic limestone

UPC Product Code	Size	Quantity / Pallet
0-664980 6420-7	1.5 cu ft loose fill (44 L)	75 bags

Packaging languages: English, French & Spanish

## Trees & Shrubs Planting Mix

Lambert Trees and Shrubs Planting Mix is designed to achieve planting work. The texture of this soil will promote its soil incorporation.

With its pH adjusted, it will loosen the soil and peat contained therein will promote adequate ventilation to promote root growth.

**Uses:** Plantation, soil conditioning

**Product Features:** OMRI listed for organic production, ready to use, promotes roots growth, facilitates water retention and drainage, protects soil from hardening, reduces leaching of fertilizer, saves water

**Components:** Canadian sphagnum peat moss, granulated algae, calcitic limestone and dolomitic limestone

UPC Product Code	Size	Quantity / Pallet
0-664980 6440-5	1.5 cu ft loose fill (44 L)	75 bags

Packaging languages: English, French & Spanish

# LAMBERT ALL PURPOSE MIXES

## Potting Mix

**Lambert Potting Mix is ideal for all your indoor and outdoor gardening needs.** Ready to use mix perfect for potting and repotting a wide range of plants in small pots for indoor use or in very large containers for outdoor use. Lambert Potting Mix is suitable for a wide range of plants and uses.

**Uses:** All purpose: bedding plants, flowering plants, hanging baskets, foliage, cuttings, seed germination, interiorscapes, whiskey barrels and window boxes

**Product Features:** Ready and easy to use, versatile, outdoor and indoor

**Components:** Canadian sphagnum peat moss, coarse grade horticultural perlite, dolomitic limestone, calcitic limestone and a starter charge

UPC Product Code	Size	Quantity / Pallet
0-664980 7600-2*	4 dry qt (4.4 L)	12 bags/case - 30 cases
0-664980 7601-9*	8 dry qt (8.8 L)	6 bags/case - 30 cases
0-664980 7606-4	16 dry qt (17.6 L)	120 bags
0-664980 7603-3	1.0 cu ft loose fill (28.3 L)	91 bags
0-664980 7604-0	2.0 cu ft loose fill (56.6 L)	65 bags
0-664980 7505-0	3.0 cu.ft. loose fill (85 L)	48 bags

Packaging languages: English, French & Spanish

### \* Packaging - Quantity per Pallet

4 dry qt bags : 12 bags/case - 30 cases/pallet = 360 bags  
 8 dry qt bags : 6 bags/case - 30 cases/pallet = 180 bags

### \* Packaging - Shipping

Cases of different products of 4 dry qt & 8 dry qt can be shipped on the same pallet for a maximum of 30 cases per pallet

## Hanging Basket & Planter Mix

**Lambert Hanging Basket and Planter Mix** is formulated to provide both good water retention and good drainage for a healthy root system even under stressful conditions. It is a lightweight mix, even when saturated, and is ideal for plant growth.

**Uses:** Hanging baskets, window boxes, outdoor containers

**Product Features:** Ready to use, optimum water retention

**Components:** Canadian sphagnum peat moss, horticultural perlite, dolomitic limestone and calcitic limestone

UPC Product Code	Size	Quantity / Pallet
0-664980 7507-4	1.0 cu ft loose fill (28.3 L)	91 bags

Packaging languages: English, French & Spanish

## Complete Potting Mix with moisture crystals

**Lambert Complete Potting Mix with moisture crystals** is specially formulated to optimize the water retention of the mix and to maintain good aeration for good plant growth.

The moisture crystals will reduce the frequency of watering during the growing season and provide sustained watering when you are away.

**Uses:** Potted flowers, foliage plants, hanging baskets, planters, starting seeds, vegetables and herbs

**Product Features:** Ready to use, all purpose, indoor and outdoor, professional quality, moist crystals to retain moisture

**Components:** Canadian sphagnum peat moss, horticultural perlite, controlled release fertilizer, dolomitic limestone, calcitic limestone, wetting agent, water holding polymers

Six months of “NPK” slow release feeding

UPC Product Code	Size	Quantity / Pallet
0-664980 9758-8	1.0 cu ft loose fill (28.3 L)	91 bags
0-664980 9759-5	2.0 cu ft loose fill (56.6 L)	65 bags

Packaging languages: English & Spanish not available in Canada

## LM-3 Professional All Purpose Growing Mix

**Lambert Professional All Purpose Growing Mix** is formulated for professional growers, who demand excellent aeration, water retention and drainage. Many amateur growers enjoy using a mix that the professionals use.

**Uses:** Flowering plants, hanging baskets, foliage, cuttings, seed germination, interiorscapes, all purpose, bedding plants

**Product Features:** Professional formula, subirrigation, overhead irrigation, versatile, good for mums, good for poinsettias

**Components:** Canadian sphagnum peat moss, horticultural perlite, dolomitic limestone, calcitic limestone and a wetting agent

LM-3 The Professional Formula

UPC Product Code	Size	Quantity / Pallet
0-664980 2338-9	3.8 cu.ft. compressed (107 L)	30 bags/pallet

Packaging languages: English & French

# LAMBERT SPECIALITY MIXES

## Seed & Cutting Mix

**Lambert Seed and Cutting Mix** is formulated to meet all of your seed germination and propagation requirements. It flows into seed trays easily and provides good aeration and drainage for young plants when they are most vulnerable. The mix anchors young roots well and provides adequate moisture for root development.

**Uses:** Seeds, plugs, cuttings

**Product Features:** Ready to use, fine texture, good water retention

**Components:** Canadian sphagnum peat moss, horticultural perlite, dolomitic limestone and calcitic limestone

UPC Product Code	Size	Quantity / Pallet
0-664980 7610-1*	8 dry qt (8.8 L)	6 bags/case - 30 cases
0-664980 7611-8	16 dry qt (17.6 L)	120 bags

Packaging languages: English, French & Spanish

### \* Packaging - Quantity per Pallet

4 dry qt bags : 12 bags/case - 30 cases/pallet = 360 bags  
 8 dry qt bags : 6 bags/case - 30 cases/pallet = 180 bags

### \* Packaging - Shipping

Cases of different products of 4 dry qt & 8 dry qt can be shipped on the same pallet for a maximum of 30 cases per pallet

## African Violets Mix

**Lambert African Violets Mix** is formulated for plants that have low light requirements and have very fine roots, like African violets and other members of the Gesneriad family. These plants grow in a substrate that has high organic matter, good aeration and drains well for good root growth.

**Uses:** African violets, Gesneriads, Gloxinias, Epiceas, Streptocarpus

**Product Features:** Ready to use, optimum pH, low salts

**Components:** Canadian sphagnum peat moss, horticultural perlite, dolomitic limestone and calcitic limestone

UPC Product Code	Size	Quantity / Pallet
0-664980 7615-1*	8 dry qt (8.8 L)	6 bags/case - 30 cases

Packaging languages: English, French & Spanish

0-664980 7515-1*	4 dry qt (4.4 L)	12 bags/case - 30 cases
------------------	------------------	-------------------------

Packaging languages: English & French

## Cactus & Succulents Mix

**Lambert Cactus and Succulents Mix** is formulated to provide a well-drained mix with the addition of a coarse sand to provide weight and support for top-heavy plants. The mix contains Canadian sphagnum peat moss for organic matter and horticultural perlite for aeration and drainage.

**Uses:** Cactus and succulents

**Product Features:** Ready to use, heavyweight, contains sand to add weight and drainage

**Components:** Canadian sphagnum peat moss, horticultural perlite, sand, dolomitic limestone and calcitic limestone

UPC Product Code	Size	Quantity / Pallet
0-664980 7613-2*	4 dry qt (4.4 L)	12 bags/case - 30 cases

Packaging languages: English, French & Spanish

## Orchids Mix

**Lambert Orchids Mix** is a blend of four components consisting of Canadian sphagnum peat moss chunks, pine bark, hardwood charcoal and volcanic rock. This blend provides a root environment that encourages good root development for epiphytic orchids, such as Cattleya, Phalaenopsis, etc. This mix is heavier than most houseplant mixes and provides the good anchorage of roots and better stability of potted plants.

**Uses:** Orchids

**Product Features:** Ready to use, excellent aeration, low salts

**Components:** Canadian sphagnum peat moss chunks, hardwood charcoal, red pine bark and volcanic rock

UPC Product Code	Size	Quantity / Pallet
0-664980 7617-0*	4 dry qt (4.4 L)	12 bags/case - 30 cases

Packaging languages: English, French & Spanish

# LAMBERT SPECIALITY MIXES

## Horticultural Wood Charcoal

**Lambert Horticultural Wood Charcoal** has great filtration and absorption properties. It is used as an aid for purifying air and water in potting media. It can be used in terrariums to reduce salts and organic smells. Charcoal is often used in other substrates for the cultivation of certain genera of orchids, such as Vandas.

**Uses:** Potting mix amendment, terrarium

**Product Features:** Increases soil quality properties, absorbent properties, antioxydant properties

**Components:** 100% Hardwood charcoal

UPC Product Code	Size	Quantity / Pallet
0-664980 7619-4*	4 dry qt (4.4 L)	12 bags/case - 30 cases

Packaging languages: English, French & Spanish

### \* Packaging - Quantity per Pallet

4 dry qt bags : 12 bags/case - 30 cases/pallet = 360 bags  
 8 dry qt bags : 6 bags/case - 30 cases/pallet = 180 bags

### \* Packaging - Shipping

Cases of different products of 4 dry qt & 8 dry qt can be shipped on the same pallet for a maximum of 30 cases per pallet

## Sphagnum Moss

**Lambert Sphagnum Moss** is harvested from the surface of peat bogs. It has long strands that are used in the lining of wire frames and hanging baskets. It is used extensively by hobbyists for air-layering plants that are difficult to propagate. Some genera of orchids, especially Phalaenopsis, are grown entirely in sphagnum moss.

**Uses:** Orchids, Topiaries, wire baskets liner, bonsai

**Product Features:** Ready to use, very decorative

**Components:** 100% Canadian sphagnum moss

UPC Product Code	Size	Quantity / Pallet
0-6649807529-6*	8 dry qt (8.8 L)	6 bags/case - 30 cases

Packaging languages: English & French

## Horticultural Perlite

**Lambert Horticultural Perlite** is produced by expanding volcanic rock under extreme heat. It is lightweight with many small air spaces that improve drainage in soils. It is ideal for blending with growing mixes for plants that require higher aeration or drainage than most plants. It is an excellent aggregate for rooting cuttings. It can be packed tightly around plant stems to provide support until a root system is developed.

**Uses:** Potting mix amendment, hydroponic

**Product Features:** Lightweight, inert, neutral pH, aerates, low salts, sterile

**Components:** 100% Horticultural perlite

UPC Product Code	Size	Quantity / Pallet
0-6649807621-7*	8 dry qt (8.8 L)	6 bags/case - 30 cases

Packaging languages: English, French & Spanish  
The new 3 languages bag is not shown in the photo

## Horticultural Vermiculite

**Lambert Horticultural Vermiculite** is produced from clay particles that are expanded under extreme heat. It is a lightweight aggregate that is used to increase water retention in your potting mixes. Its water-holding properties reduce surface drying of seed trays and provides an insulating cover for germinating seeds.

**Uses:** Potting mix amendment, seed cover

**Product Features:** Lightweight, inert, neutral pH, increases water retention, low, sterile

**Components:** 100% Horticultural vermiculite

UPC Product Code	Size	Quantity / Pallet
0-6649807625-5*	8 dry qt (8.8 L)	6 bags/case - 30 cases

Packaging languages: English, French & Spanish  
The new 3 languages bag is not shown in the photo

# LAMBERT PEAT MOSS

## Canadian Sphagnum Peat Moss\*

Lambert Peat Moss is an excellent soil amendment because of its capacity to retain water, aerate the soil and it is completely natural. It is OMRI Listed for organic use. Lambert Peat Moss helps retain moisture, aerates soil and provides organic matter for gardens and flower beds.

**Uses:** Gardens and flower beds

### Product Features:

- OMRI listed for organic production
- Adds body to light and sandy soils
- Aerates heavy and clay soils
- Facilitates cultivation reduces the possibility of erosion
- Reduces the loss of fertilizer by leaching
- Protects the soil from drying out and hardening
- Saves water

## OMRI Listed For Organic Use • OMRI.org

The Organic Materials Review Institute (OMRI) supports organic integrity by providing organic certifiers, growers, manufacturers and suppliers an independent review of products intended for use in certified organic production, handling and processing.

\*Sphagnum Peat Moss should be used with a complete fertilizer program.

**Components:** 100% Canadian sphagnum peat moss

# LAMBERT SOIL AMENDMENTS

## Ocean Blend

Lambert Ocean Blend is formulated for gardens, flowers, trees & shrubs and lawn maintenance.

**Uses:** Gardens, flowers, trees and shrubs, lawn maintenance

**Product Features:** Source of organic matter, improves water retention

**Components:** Canadian sphagnum peat moss, seaweed, shrimp flour, dolomitic limestone, calcitic limestone

The Perfect outdoor soil amendment for your gardening

UPC Product Code	Size	Quantity / Pallet
0-664980 6590-7	1.0 cu ft loose fill (28.3 L)	91 bags

Packaging languages: English, French & Spanish

\* Should be used with a complete fertilizer program.

## Organic Black Earth

Lambert Organic Black Earth is a special selection of pH adjusted Canadian sphagnum peat moss that is darker in color and higher in organic humates. It is recommended for creating flower beds and vegetable gardens.

**Uses:** Gardens, flower beds, lawn maintenance

**Product Features:** All purpose, source of organic matter, homogeneous mixture, improves sandy soils, loosens compacted soil, adjusted pH

**Components:** Canadian sphagnum peat moss, calcitic limestone and dolomitic limestone

UPC Product Code	Size	Quantity / Pallet
0-664980 6220-3*	24.5 dry qt (27 L)	105 bags

Packaging languages: English & French

\* Should be used with a complete fertilizer program.

# LAMBERT SOIL AMENDMENTS

## Top Soil

**Lambert Top Soil** is recommended for conditioning flower beds and vegetable gardens or as a soil conditioner for lawn maintenance and for planting trees and shrubs. It is made of dark composted peat, a nutrient source that promotes plant growth.

**Uses:** Gardens, flowers, lawn maintenance, trees & shrubs

**Product Features:** All purpose, source of organic matter, homogeneous mixture, improves sandy soils, loosens compacted soil, adjusted pH

**Components:** Canadian sphagnum peat moss, calcitic limestone and dolomitic limestone

UPC Product Code	Size	Quantity / Pallet
0-664980 6200-5*	22.7 dry qt (25 L)	105 bags

Packaging languages: English & French

\* Should be used with a complete fertilizer program.

## Black Earth Type Blend

**Lambert Black Earth Type Blend** is a blend of pH adjusted Canadian sphagnum peat moss and humus.

**Uses:** Gardens, flowers, lawn maintenance, trees & shrubs

**Product Features:** All purpose, source of organic matter, homogeneous mixture, improves sandy soils, loosens compacted soils, adjusted pH

**Components:** Canadian sphagnum peat moss, humus, calcitic limestone and dolomitic limestone

UPC Product Code	Size	Quantity / Pallet
0-664980 6225-8*	24.5 dry qt (27 L)	105 bags

Packaging languages: English & French

\* Should be used with a complete fertilizer program.

## Shrimp and Peat Moss Compost

**Lambert Shrimp and Peat Moss Compost** is a unique blend of pH adjusted Canadian sphagnum peat moss, compost and shrimp meal. It is a rich organic soil conditioner, high in nutrients that promotes plant growth. This blend is recommended for creating flower beds and vegetable gardens or as a soil conditioner for lawn maintenance and for planting trees and shrubs.

**Uses:** Gardens, flowers, lawn maintenance, trees and shrubs

**Product Features:** Source of organic matter, improves water retention, adjusted pH

**Components:** Canadian sphagnum peat moss, compost, shrimp meal, calcitic limestone and dolomitic limestone

UPC Product Code	Size	Quantity / Pallet
0-664980 6240-1*	27.2 dry qt (30 L)	105 bags

Packaging languages: English & French

**Not available in the US market due to the compost component restrictions.**

\* Should be used with a complete fertilizer program.

## Sheep Manure Compost and Peat Moss Mix

**Lambert Sheep Manure Compost and Peat Moss Mix** is recommended for creating flower beds and vegetable gardens or as a soil conditioner for lawn maintenance and for planting trees and shrubs. It is a blend of pH adjusted Canadian sphagnum peat moss and composted sheep manure.

**Uses:** Gardens, ornamentals, landscaping

**Product Features:** Source of organic matter, improves water retention, adjusted pH

**Components:** Canadian sphagnum peat moss, composted sheep manure, calcitic limestone and dolomitic limestone

UPC Product Code	Size	Quantity / Pallet
0-664980 6230-2*	27.2 dry qt (30 L)	105 bags

Packaging languages: English & French

**Not available in the US market due to the compost component restrictions.**

\* Should be used with a complete fertilizer program.

# VERIFLORA®

## VeriFlora® Certified Peatland Products Certification

Lambert Peat Moss Inc. proudly holds the VeriFlora® – Certified Peatland Products certification for responsible peatland management since 2011.

**VeriFlora® is a sustainability certification and eco-labeling program recognized as the gold-standard in the floriculture and horticulture industries. This certification program is based on ISO 9 001 and ISO 14 001 standards.**

The requirements for this program involve all aspects of peat production, environmental protection and social responsibility as well as product quality. Companies that are VeriFlora® certified must meet specific criteria.

An independent agency, Scientific Certification Systems\* thoroughly verifies if the company meets these criteria and the company's compliance based on the following elements:

- Responsible peatland management
- Protection and conservation of ecosystems
- Conservation of resources and energy efficiency
- Integrated waste management
- Equitable working conditions
- Community Benefits
- Product Quality

The Canadian peat moss industry has already undertaken steps collectively to maintain and develop the best management practices in the peatland sector and the peat industry.

**This certification program for responsible peatland management is the most important standard and compliance to this program guarantees a firm commitment to ongoing improvement in the production of substrates for horticultural growth.**

\*SCS is an international leader in third-party certification, validation, and verification for environmental, sustainability, and food safety and quality performance claims.
