*SPRING
SUMMER
2022*

The Goldcoast Sunwear brand was created and established in 1991. As an extension of the Peter Grimm brand, a brand established on the beaches of Southern California in 1989, Goldcoast filled the need for high functionality headwear with increased benefits and a primary focus on sun protection. The brand has evolved into a value priced, high quality line that appeals to anyone working, playing, or enjoying the outdoors.

Many of the hats include special features and benefits we have developed and introduced over the years. We offer the highest classification of sun protection with our UPF50+ tested and certified styles, crushable and packable materials for easy travel, adjustable sizing features, water repellent fabrics, re-enforced seams to help prevent fraying, shapeable wire brims, floatable options, and the highest quality materials sourced from around the world. Extra attention is placed on craftsmanship and we continue to focus our efforts to provide the best value in sun protective headwear.

GOLD COAST

S U N W E A R

Goldcoast Sunwear hats offer many features, benefits, and detailed finishes that are not common to most headwear brands. We continue to innovate and introduce additional value to all of our products. Most Goldcoast styles include a one size, elasta-fit stretch band that is designed to fit most heads with its comfortable elastic stretch material.

As you navigate through the catalog, please note the features & benefits icons that accompany each style along with other descriptive details.

UPF 50+ CERTIFIED:

This hat has been ranked with the highest ultraviolet protection factor available. Enjoy this hat with maximum sun protection and style...

UV PROTECTION:

Skin cancer is the most common form of cancer in the United States. Doctors recommend wearing sunscreen AND a hat for maximum sun protection.

CRUSHABLE & PACKABLE:

Love traveling with your hat? These styles are durable and hassle-free when it comes to packing. They can roll up and come along.

WATER RESISTANT:

Many of our Goldcoast hats are water resistant, but we decided to go the extra mile on a few styles to take that resistance to a new level.

BEST SELLER:

Want the best of the best? The "Best Seller" logo indicates our top performing styles in every collection.

SHAPEABLE WIRE BRIM:

Create your own unique style with our shapeable wire brim feature. These styles have wire enhanced brims so you can literally shape it any way you like it.

EXTRA LARGE BRIM SIZE:

Goldcoast offers a collection of extra large brim hats that have 5" and above. This feature gives you the added benefit of even greater sun protection.

STONEWASHED:

This hat is a one-of-a-kind. The stonewash process creates a soft natural fabrication, making it truly unique, crushable, packable, and comfortable.

VENTED CROWN

Vented mesh allows air circulation and provides a breathable crown.

HIDDEN POCKET

This feature allows for small items such as IDs and credit cards to be stowed safely in the crown of the hat.

FLOATABLE

The brim of this hat is padded with a thin floatable foam material that keeps the hat on the surface of water in the event that it falls in.

REMOVABLE CHIN CORD

Toggles located on either side of the crown can be turned to remove the chin cord if it is not needed.

WATER REPELLENT

This hat is made from Taslan Polyester - a modern, high tech, woven fabric. Its durability and moisture wicking technology makes it ideal for outdoor gear and apparel.

NECK FLAP

To shield the back of the neck from the elements. The flap can be worn down or it can be rolled up and stowed in the discrete Velcro-enclosed pocket located underneath the brim.

ADJUSTABLE CHIN TIE

This chin cord has an adjustable clasp that glides easily along the cord to cinch up to the chin.

CRUSHABLE & PACKABLE

This style can be rolled, folded or crushed and still look great. Perfect for packing or storing.
