

ADDITIVES

MICROBLAST™

A liquid micronutrient package that has been wowing plants for decades.

- Less than 1% total nitrogen
- Prevents/corrects micronutrient deficiencies
- May be added to reservoirs or hand fed
- For use on indoor/outdoor plants
- Shake vigorously prior to use
- Contains: Mg, B, Co, Fe, Mn, Mo, Zn
- Compatible with all Earth Juice® and competitive nutrient lines

META-K™

The benchmark in all-natural liquid potassium plant food.

- Corrects potassium deficiencies
- Creates thick cell walls
- Enhanced resistance to temperature swings
- Increases flower density and resin production
- Shake vigorously prior to use
- Compatible with all Earth Juice® and competitive nutrient lines

OILCANN™

The 1st ZERO nitrogen liquid Cal-Mag with humic acid.

- Corrects/prevents calcium and magnesium deficiencies in indoor/outdoor plants
- Compatible with all Earth Juice® and competitive nutrient lines

ELEMENTS™ CAL-N-MAG

A simple and effect treatment for your plant's calcium & magnesium deficiencies.

- Comprised of synthetic nutrients
- Contains nitrogen
- Corrects/prevents calcium and magnesium deficiencies in indoor/outdoor plants
- For use on indoor/outdoor plants in soil or hydroponic systems
- Compatible with all Earth Juice® and competitive nutrient lines

ADDITIVES

ELEMENTS™ GROW & BLOOM

A powerful synthetic booster line developed to promote expedited growth and flowers.

- Grow is **N** only, zero **P&K**
- Bloom is **P&K** only, zero **N**
- Versatile and easy to use
- For use on indoor/outdoor plants in soil or hydroponic systems
- Compatible with all Earth Juice® and competitive nutrient lines

BIG BLOOMIN'™ - PRIMAL HARVEST - SOLUTION GRADE

Highly concentrated phosphorus fertilizers without nitrogen.

- Solely **P**, zero **N&K**
- Primal Harvest & Solution Grade (micronized) can be spread via hand, backfilled, or diluted
- Big Bloomin' is in a liquid state
- Nature's bloom nutrient for indoor/outdoor plants
- Ideal for compost tea
- Compatible with all Earth Juice® and competitive growing systems and nutrient lines

BIOCHAR

Superior biochar soil amendment 'seasoned' with rich compost.

- Beneficial amendment for hosting microbes
- Adds carbon back to the media
- Increases water holding capacity
- Usable at time of purchase
- Composted with hard & soft wood for 3-5 months
- Compatible with all Earth Juice® and competitive nutrient lines

**Premium Plant Nutrients
Chico, CA - 1991**

In California not for use in organic crop and organic food production.

 **earthjuicenutrients**

BASE NUTRIENTS

SUGAR PEAK™

A single-bottle base nutrient system, engineered with Hi-Brix™ molasses, that out performs the most complex multiple-bottle formulas on the market.

- Use each formula for each stage of plant development
- Engineered w/ Hi-Brix Molasses™
- Designed for determinate plants
- Supports buds, flowers, oils, resins & fragrance production
- Liquid formula containing natural & synthetic nutrients
- Zero carbohydrates (sugars) or additives required
- 'Transition' promotes stacking in early flower
- 'Grand Finale' compatible w/ any nutrient line as flush/pre-flush

RAINBOW MIX™ PRO

The ultimate Veg & Bloom fertilizer that includes a powerful blend of all natural ingredients, 16 strains of mycorrhizae, & 13 species of beneficial microbes.

- Complete soil amendment
- Spread via hand/backfill
- Zero burn potential when applied at the appropriate label rate
- Use as a base or supplemental nutrient
- Utilize during transplant to promote vigorous root development
- For indoor & outdoor plants
- Compatible with all Earth Juice® and competitive growing systems and nutrient lines
- Key Ingredients: 16 strains of mycorrhizae, 13 species of soil microbes & Humic Acid

BASE NUTRIENTS

THE ORIGINALS

The Originals have been a trusted natural-based liquid nutrient system for growers that want the best yielding 'fruit' money can buy.

- Trusted by Growers since '91
- Amino based formulation containing natural-based nutrients
- Grow, Bloom & Xatalyst are fermented prior to bottling (HAND FEED ONLY)
- Zero burn potential or salt residue when applied according to label rate
- Superior flower quality
- Not for use with drippers, micro sprayers, and hydroponics
- Shake vigorously prior to use

SEABLAST™

"Highly Concentrated" 4-part formula that will meet the nutrient requirements for even the most aggressive feeders. Designed for indoor/outdoor plants, handfeeding, drip systems and sprayers.

- Highly concentrated blend of natural & synthetic nutrients
- Semi-soluble meal
- Ideal for large scale grows
- Runs thru most hydroponic systems
- For use with planting mixes, coir, and native soils
- Key Ingredients: Kelp Extract, Bone meal & Micronutrients (N/A Bloom Master)
- Elements™ Cal-N-Mag or OilyCann™ is required
- Xatalyst or Hi-Brix is recommended
- Transition promotes stacking in early flower
- Bloom Master 0-50-30 is compatible with any nutrient line

ADDITIVES

HI-BRIX MOLASSES FOR PLANTS

Improve plant vigor and soil biology with this acclaimed unsulfured sugarcane molasses.

- Industry standard since '96
- Pure premium-grade unsulfured sugarcane molasses
- A natural source of carbohydrates (sugars) & plant nutrients
- For indoor & outdoor plants in soil or hydroponics
- Ideal for plant teas
- Fewer teaspoons per feed versus competitive products
- Shake vigorously prior to use
- Compatible with all Earth Juice® and competitive growing systems and nutrient lines

XATALYST

A fermented liquid additive that has been giving gardeners an edge for 30 years and counting.

- Promotes stacking
- 3-4 competitive additives in one
- Ideal for compost teas
- Superior trichome & resin production
- Apply at any growth stage of plant development
- Reduced watering demands
- Shake vigorously prior to use
- Compatible with all Earth Juice® and competitive growing systems and nutrient lines
- Key Ingredients: Molasses, Kelp, Bran & Yeast

CRYSTAL pH UP & DOWN

Highly concentrated crystals that increase or decrease pH.

- pH Up - Potassium Bicarbonate
- PH Down - Citric Acid
- Break crystals down in alternative container prior to use
- Compatible with all Earth Juice® and competitive growing systems and nutrient lines
