

A woman with long brown hair, wearing a red and blue plaid shirt and blue jeans, is kneeling in a garden. She is holding a white spray bottle of Deer Repellent. The bottle has a red trigger and a label that says "imustgarden Deer Repellent" and "Spice Scent". The background is a lush green garden with pink and yellow flowers. The overall scene is bright and sunny.

Rabbit

[RA]

An environmentally safe, humane and effective way to control rabbits from eating and chewing plants, flowers and bark. A complex formula designed specifically for rabbits.

Rosemary, Thyme, Mint, Fish Oil, Lemongrass, White Pepper, Paprika, Garlic, Castor Oil, Eggs, Wintergreen

Botanical oils are very important ingredients in our products. The botanical oils we use are from various plants which animals naturally avoid. We have painstakingly researched and tested the best combinations of botanical oils, along with other natural ingredients, to formulate each of our unique repellents.

Deer - Spice & Mint Scent [DA-DG]

The finest deer repellents available. Long lasting, effective and pleasantly scented.

Spice Scent is perfect anytime of the year. It has a spicy scent to effectively repel deer - not people.

Mint Scent, with Kelp, includes a minty blend of botanical oils that, in addition to repelling deer helps repel insects. Kelp is a fantastic foliar feed for naturally stronger plants.

Choose one or both! They're both equally effective and can be used anytime of the year.

Peppermint, Clove, Cinnamon, Rosemary, Lemongrass, Eggs, Fish Oil, Garlic

Groundhog

[GH]

Keeps groundhogs from destroying your garden! All natural ingredients may be sprayed directly on plants to protect from hungry groundhogs.

Rosemary, Thyme, Clove, Paprika, White Pepper, Garlic, Eggs, Fish Oil, Castor Oil

Animal

[GAR]

Herbivores (deer, rabbits and groundhogs) instinctively avoid areas treated with our granular animal repellent because it signifies the presence of carnivores (meat-eaters). A perfect solution for large beds of low growing plants or as an alternative to spraying!

Mint, Lemongrass, Blood Meal, Meat Meal, Bone Meal, Garlic, White Pepper, Paprika

Safe, Effective and Pleasant to Use

At I Must Garden, our passion for gardening goes beyond a love of beautiful flowers and plants, it embraces a respect for all of nature. We are committed to providing effective solutions to pest problems using only safe and natural ingredients. We refuse to use poisons, harmful chemicals or toxins. Environmentally safe, without foul or offensive odors, make our products consumer safe and friendly too!
