Jonathan Green[®]

QUALITY LAWNS SINCE 1881

We're Now Coast-to-Coast!

Jonathan Green is not only sold in the East, but now we are available in the West! If you're interested in selling our independent-exclusive, premium lawn care products at your store, then chances are you can. Black Beauty grass seed, Mag-I-Cal Plus soil amendments, and Green-Up/Veri-Green lawn foods are approved in most western states. To see whether you can stock Jonathan Green in your state, contact us at (646) 640-0743 for more details.

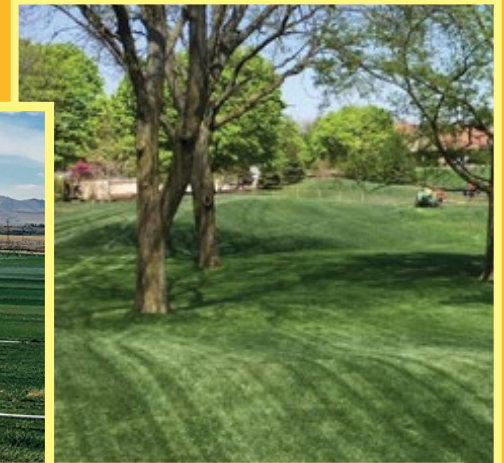

BLACK BEAUTY®

Patented. Proven. Performance.

Grown by
Leading Sod Growers
Across the U.S.A.

WHY CHOOSE BLACK BEAUTY?

- Roots up to 4' Deep
- Waxy leaf coating preserves moisture
- Incredible drought and disease resistance
- Upright, uniform growth habit
- Naturally insect resistant

Black Beauty has been
featured on **PBS'**
This Old House
and **Fox & Friends**

MAG-I-CAL PLUS[®]

Soil Food for Lawns in...

Acidic & Hard Soils

OR

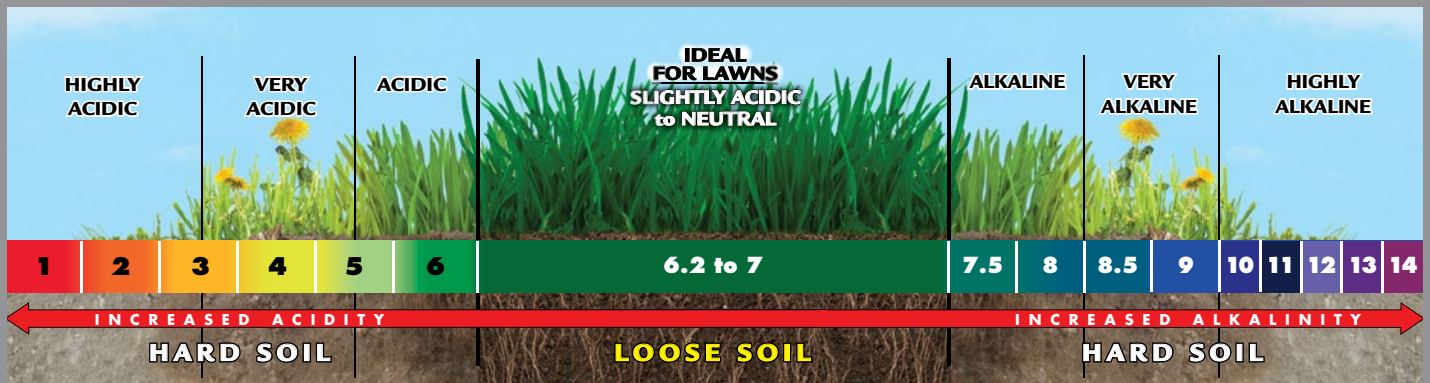

Alkaline & Hard Soils

- Rapidly adjusts soil pH
- Loosens hard soil
- Feeds and activates soil microbes
- Increases plant uptake of lawn foods
- Corrects acidic soil (black bag) or alkaline soil (purple bag)
- Use with ANY lawn product

pH Scale for Lawns:

FOX & friends

Did you know that 20% to 70% of lawn fertilizers are wasted when soil pH is too acidic or alkaline? Additionally, hard soil limits the amount of air, water, and fertilizer absorption by roots. If pH and compaction are not addressed, then having a great looking, healthy lawn will remain only a dream.

New for 2022

WINTER SURVIVAL

Fall Weed & Feed

- FALL is the BEST time to control weeds
- Kills 250 broadleaf weeds
- High Potash Formula helps prevent winter diseases
- Provides a quicker green-up next spring
- High margins - superior results
- Available in June 2022

New for 2022

DELMARVA

PREMIUM GRASS SEED MIX

- Proprietary Black Beauty Tall Fescue varieties specially formulated for the Mid-Atlantic region (DE, MD, and VA)
- Delmarva replaces Chesapeake Bay Blend
- Grows well in sun or shade
- Much better heat/drought tolerance than Kentucky-31
- Available in 3#, 7#, 25# and 50# sizes

Our New Training Academy Makes You the Lawn Care Expert!

The New Training Academy includes:

- Six segments (about 2.5 minutes each) on the essentials of great lawn care... *and the Jonathan Green Difference!*
- The segments include:
 - ♦ Selecting the Right Grass Seed
 - ♦ All About Lawn Fertilizers
 - ♦ Correcting Alkaline Soils
 - ♦ Control Lawn Weeds
 - ♦ Correcting Acidic Soils
 - ♦ Reducing Soil Compaction
- There is also a segment on the history of Jonathan Green.
- Have your staff watch it today on www.jonathangreen.com

How to Choose the Best Grass Seed

How To Control Weeds In My Lawn

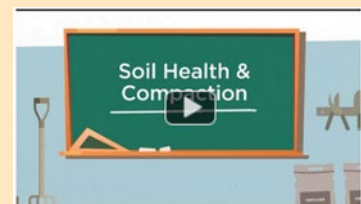

How Fertilizer Affects My Lawn

What Should I do About Acidic Soil?

Our Story

Why is My Soil Compacted?

How Alkaline Soil Affects My Lawn

BLACK BEAUTY SOD GROWER LIST

The following is a list of some of Black Beauty Tall Fescue sod growers. If you sell sod, be sure to call the grower that is closest to you. Selling the sod that "matches" our retail seed products is a great advantage to have with consumers. (Subject to change.)

Soil Foods

Mag-I-Cal Plus Soil Food for Lawns in Acidic & Hard Soil

A unique soil food combination product that rapidly raises soil pH, loosens soil compaction and stimulates microbial activity

Apply any time of the year

Will NOT burn lawns

Use whenever you apply lawn fertilizer ("The Primer for the Paint")

Mag-I-Cal Plus Soil Food for Lawns in Alkaline & Hard Soil

A unique soil food combination product that rapidly lowers soil pH, loosens soil compaction and stimulates microbial activity

Apply any time of the year

Will NOT burn lawns

Use whenever you apply lawn fertilizer ("The Primer for the Paint")

Mag-I-Cal Soil Food for Lawns in Acidic & Hard Soil

20% to 70% of your lawn is wasted when soil pH is too low

5M bag equals up to 5 bags of lime;
15M bag equals up to 15 bags of lime

25% more de-acidifying power than Mag-I-Cal PLUS for Lawns in Acidic & Hard Soil

Use on soils with pH below 6.2

Feeds soil microbes with a natural form of humates

Love Your Soil Soil Food for Lawns in Hard Soil

Rapidly loosens hard, compacted soil with a special, fast-acting gypsum formula

Apply any time of the year

Bio-stimulates soil life with a proprietary mix of humates, iron, carbohydrates and amino acids

Will NOT burn lawns

25% more loosening power than Mag-I-Cal PLUS

"To forget how to tend the soil is to forget ourselves."

- Mahatma Gandhi

Grass Seed

Black Beauty® Ultra

Contains our most elite Black Beauty grass seed varieties

Mix includes our best KY bluegrass and perennial ryegrass varieties

Excellent heat and drought tolerance and naturally insect resistant

Used by nation's leading sod growers

Black Beauty® Original

Our most drought tolerant blend of Black Beauty tall fescues

Perfect for overseeding into any existing lawn (sun or shade)

Used by leading sod growers across the USA

Naturally insect resistant grass

Black Beauty® Sun & Shade

Our best-selling and most popular grass seed mixture

Versatile and adaptable Black Beauty varieties that grow well in sunny or shady lawn conditions

Germinates in 7 to 14 days

Naturally insect and disease resistant

Black Beauty® Sunny

Contains Black Beauty varieties that perform best in full sun areas.

Germinates in 7 to 14 days

Great heat and drought resistance

Endophytic varieties that naturally deter damage from insects

Black Beauty® Dense Shade

Incredibly shade-tolerant Black Beauty varieties for a lawn that grows well in tree-lined areas

Contains grass types to maximize growth in spots with limited sunlight

Germinates in 7 to 14 days

Naturally insect and disease-resistant

Black Beauty® Shady Nooks

Survives in shady areas, wet or dry, where others have failed

Works well in medium to extremely dense parts of the lawn with many trees

Contains the most shade-hardy Black Beauty varieties

Black Beauty® Heavy Traffic

The best Black Beauty varieties for "wear and tear" areas

Contains elite perennial ryegrass for quick establishment

Use in sunny or shady areas where children and pets play

Naturally insect resistant

Black Beauty® Fall Magic

Specially formulated for successful fall seeding projects

Use on established lawns or to start new lawns in the fall

Repair summer damage; for use in sun and shade areas

Naturally insect resistant

Black Beauty® Solargreen

Contains Texas Bluegrass that withstands heat up to 100°

Grows well in sun or shade

The ultimate heat/drought mixture.

Can be used in northern TX and much of CA

Black Beauty® Seedroll

Contains Black Beauty Ultra Grass Seed and Starter Food

"All-in-one" seed mat ideal for bare spots and slopes

Biodegradable mulch, germinates in 10 - 14 days

Just roll, water and grow

Black Beauty® Lawn Repair

Combination: Grass Seed - Fertilizer - Mulch

All-in-one solution (grass seed, soil foods, lawn foods) to repair stubborn bare spots in lawns

Use in sun or shade areas

20% more coverage than competitors

Black Beauty® Keystone Pennsylvania Mixture

*Available in PA only
Specially formulated for PA areas
Produces a dark-green lawn
For sunny and shady areas

Blue Panther™ Kentucky Bluegrass Blend

Establishes a traditional, sod-quality, Kentucky bluegrass lawn
Contains the best KY bluegrass varieties that are grown by leading sod growers across America!
Dark-green, uniform, and traffic hardy

Touch-Up Tri-Rye Perennial Ryegrass Blend

Contains quick-germinating, turf-type Perennial Ryegrasses
Perfect for repairing bare spots or overseeding your entire lawn
A golf course quality mixture
Incredibly dark-green color

Fast Grow Mixture

Provides a quick, temporary cover to landscapes that will likely be changed
Contains mostly annual ryegrass, which germinates in 7 days
Good cover crop for slow growing grasses like KY bluegrass

NEW

Black Beauty® Delmarva Blend

Great for the heat/drought stressed areas of the Mid-Atlantic
Produces a dense, attractive turf
A quality, tall fescue blend that outperforms Kentucky-31 Tall Fescue
Naturally dark-green in color

Kentucky 31 Tall Fescue

Heat, drought, and wear tolerant variety at an inexpensive price
Thick-bladed and deep-rooted grass that is the choice of many in the Mid-Atlantic region

Contractor's Mixture

Ideal for stabilization or temporary seeding
Quick germination and cover
Excellent value

Private Label Grass Seed

Ask your JG Sales Manager about our Private Label grass seed program
Available in 3, 7, 25, 50 lb. bags
Great mixes at an affordable price.

Winter Rye

Cover crop to enrich soils
Use in gardens, pastures and hay fields

Wildflowers and Meadow Grass Mix

25+ wildflowers, hard fescue, and birdsfoot trefoil to create a pleasant meadow effect
Good for slopes and low maintenance areas

Pasture Mixture

Endophyte-free
Elite forage grasses
Palatable and ideal for paddocks

White Clover

Seed where clover is desired
Provides nitrogen to soil

Season-Long Weed Preventer for Lawns & Landscapes

Contains Dimension® for season-long weed control protection

Controls or suppresses many annual grasses and broadleaf weeds

Use on 100+ ornamental plants

Controls crabgrass before AND after it emerges - up to the third leaf stage

Lawn Weed Control

Improved formula with Trimec® technology provides control of 200+ broadleaf weeds

Use when weeds are actively growing, spring through fall

Use on cool- and warm-season grasses

Does NOT contain fertilizer

Lawn Fungus Control

Systemic fungicide for preventative and curative treatments

Contains Thiophanate-methyl

Controls Summer Patch, Dollar Spot, Red Thread, Brown Patch, Pink Snow Mold, 20+ diseases

Easy-to-spread granules

Lawn Moss Control

Kills lawn moss quickly

Easy-to-apply micro-particles for even application and improved performance

50% more active ingredient per bag than leading competitors

Delay seeding for 2 weeks after application of product

Grub and Insect Control

Dual action - controls grubs and surface-feeding insects

Systemic insecticide for use on lawns, flower beds and ornamentals

One application kills grubs all season long; apply spring through late summer

Contains Imidacloprid, compare to Merit for superior grub control

Uses Lambda-cyhalothrin for excellent control of surface feeding insects

“If dandelions were hard to grow, they would be most welcome on any lawn.”

- Andrew Mason

Spreaders

Hand Spreader

- Ideal for grass seed, fertilizers, controls and ice melt
- Corrosion-resistant
- Lightweight, easy-to-use ergonomic handle
- Use in lawns or gardens
- Fully assembled

Standard Rotary Spreader

Exciting design with grip handle for easy accurate applications of grass seed and fertilizers

Large, 9" pneumatic tires

10' swath pattern

Finger tip cable control

Contains spreader settings for all Jonathan Green products

Fully assembled

Deluxe Rotary Spreader

Holds up to 15,000 square feet

Large, 12", pneumatic tires

3-Position height adjustable handle

Heavy-duty, nylon gear

Hopper screen

95% assembled

Pro Rotary Spreader

Holds up to 100 lbs. of fertilizer, seed, and ice melt products

Large, 12", pneumatic wheels

Rate controls on the handle that are easy to set

Heavy-duty, nylon gear

Spreader width of 10'

Hopper screen and raincover

95% assembled

Description	JG SKU	Cases per Pallet	Units per Case

Landscape Fabric

High strength-to-weight ratio helps insure top performance
 Stop weeds from growing permanently
 Helps soil breathe, maintains soil moisture, reduces evaporation and temperature extremes
 Tough and durable design offers great resistance to heavy usage
 Ideal for under stone, mulch, patios, walks, and behind retaining walls
 Use with Landscape Staples, easy to use and apply
 Use before mulching or after weed control applications
 Allows air, water, and nutrients to absorb through fabric
 6 year warranty

Professional Landscape Fabric

Weed barrier that stops about 95% of weed growth
 Permanent when covered from sunlight
 Allows air, water and nutrients pass through to roots
 Use under or around patio blocks, pavers, decorative stone, bark, retaining walls, drainage and septic systems
 12 year warranty

Landscape Staples

Display Landscape Staples with Landscape Fabric for easy tie-in sales
 Helps secure numerous lawn and garden objects to ground
 Professional grade 6" x 1" x 6" steel
 Easy to use with landscape fabric, tarps, covers, sod, irrigation-soaker hoses, burlap, plastic vapor barrier, garden netting, wreath blankets

Avenger Organic Weed Control

Fastest, effective certified organic way to control weeds

Non-selective: controls most weeds, both grassy and broadleaf

Citrus oil-based herbicide, environmentally friendly and safe for children and pets

EPA exempt (25-b) product

Top-Dress™ Seedling Cover and Growth Accelerator

Seed Starter fertilizer pellets the promote faster germination and deep rooting

Keeps seed bed moist

Conceals seed from birds and prevents seed erosion

Soil pH Test Kit

Easy-to-use kit determines soil pH to insure a healthy lawn and garden

Includes desirable pH ranges and instructions for adjusting soil pH

Get results in 5 minutes

Contains 10 test capsules per kit

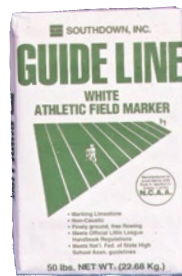

Pro pH & Moisture Soil Tester

Professional-grade quality

Accurately measures soil pH and moisture levels in just 3 minutes

Helps to determine the right time to add lime and fertilizer to the soil

Accurate to within ± 0.2 pH, $\pm 10\%$ moisture level

Guide Line® Athletic Field Marker

Safe, non-burning limestone

All-natural athletic field marker

Meets NCAA standards

Ultra white color

Description	Coverage (sq. ft.)	JG SKU	Active Ingredients	Unit	Units per Pallet/CS

Melt-A-Way Ice Melter

3-way melting action

Gets rid of snow and ice fast

Premium ice melt product is gentle on lawns, shrubs, concrete, carpets and shoes

Effective to +15° F

Contains Sodium Chloride, Calcium Chloride, Potassium Chloride and blue dye for accurate spreading!

Magnesium Chloride (pellets)

Use on all surfaces for ice melting to -13° F, flakes stay in place when spreading

Concrete friendly, fast acting, safer on vegetation, no oily residue

Multi-purpose dust control for logging roads, horse rings and tennis courts

Less corrosive than salt or calcium chloride

Suitable for all types of spreaders

Rock Salt

Pure Sodium Chloride

Most cost effective Ice Melter

Commonly referred to as Halite

Effective to 20°F

Description	JG SKU	Bags per Pallet	Weight (lbs.)
Melt-A-Way	11305	40	50
Magnesium Chloride - pellets	11262	42	50
Rock Salt	11799	49	50
