2023 - 2024

Welcome

Welcome

As we head into a new year, we are proud to present to you our new 2023 - 2024 Catalog. With over 200 NEW products! And 16 NEW pallet assortments!

Our 2023 best-selling ZEST POTS line has been increased to include new color patterns and new smaller sizes for indoor plants. After introducing lightweight planters in 2022, it is clear that this is a fast growing category with consumers hungry for a premium alternative to low cost plastic pots.

We are also pleased to introduce a range of premium glazed designs in beautiful and popular color tones. Each assembled into carefully selected half pallet assortments.

Our ever popular Mediterranean pots are perfect for adding that splash of color to your displays. Using generation old techniques, the pottery is hand-made by Artisans in the heart of Spain. Our unique designs are applied to thick terracotta clay pots using both brush stroke and pipette techniques, creating a mixture of beautiful textures. The vibrant and colorful designs bring a modern and stylish design to any garden or home.

We take pride in the quality and excellence in our designs - we cannot wait for you to see what we have created this year!

Trade Shows

Contact us to find out what trade shows and events we're attending this year.

Delivery

We use a range of LTL and FTL carriers. We choose the best carrier based on your order size and location. Please let us know when placing your order if you require a liftgate delivery service, there will be an additional fee.

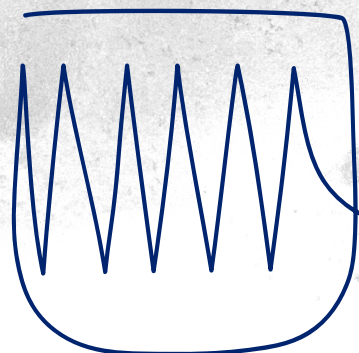

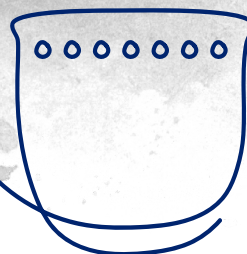

We work with the distributor partners below, please enquire to find out more.

Thank you to all our wonderful customers for your continued business and support. Please contact us anytime should you have any questions or queries.
