

LET'S SOLVE YOUR BIRD PROBLEM —

WHO is BIRD·B·GONE®?

The industry leader since 1992

Bird·B·Gone® is the world's leading manufacturer of professional bird control products and technical support. Founded in 1992, our extensive line of humane bird deterrents have solved pest bird problems in commercial, industrial, recreational, government, agricultural, and residential settings across the globe.

Today, Bird·B·Gone® is part of the global Pelsis family of brands who believe in purposeful innovation and strategic partnerships to equip our customers with the tools they need to take on every day challenges.

WHY BIRD·B·GONE®?

Our people, products, expertise, and training make the difference!

- Bird·B·Gone® products are humane, effective, and carry industry leading guarantees.
- The #1 most specified products by architects, engineers, and government agencies.
- We manufacture the majority of our own products at our facility in the United States.
- Our products have been used to successfully deter pest birds from high profile locations such as airports, schools, hospitals, military bases, historical buildings and more.
- Our bird control engineers have a combined 100+ years of hands-on experience.
- We offer free training and support for all aspects of bird control, including on-site training and technical support.
- We regularly host a free training course, Bird·B·Gone® University, that teaches everything from quoting a job to product installation.
- We offer same day and express shipping.
- Our products are available worldwide through a network of quality distributors.
