**Bill and Pat Stovall**

Stovall feeders are all western red cedar construction assembled with stainless steel and dichromate plated screws, washers, hooks and chains. Products are hand sanded and many products are coated with wood protector, which accents the wood grain and the natural warmth of cedar. Made with pride in Michigan.

## Bird and wildlife feeders

**1SF - Mixed Seed Front Feeder**

A great mixed seed feeder for mounting on a post, wall or fence.  
 Capacity: 5 lb.  
 12-1/4" w x 8-1/4" d x 20-1/4" h

**1SH - Extra Small Hanging Hopper Feeder**

Mixed seed hanging feeder with chain and single side rail.  
 Capacity: 4 lb.  
 12-1/4" w x 10" d x 9-1/2" h

**1F - Small Hanging Hopper Feeder**

Mixed seed hanging feeder with chain. This is the best starter feeder in the industry and features a big seed diverter with four perching rails (outside rails often called cardinal rails).  
 Capacity: 5 lb.  
 15" w x 12" d x 10-1/2" h

**1FP - Small Hanging Hopper with Perforated Plastic Bottom**

This is the same feeder as the 1F but with a perforated plastic floor and wider roof area with wider end plate uprights to protect from wind and rain. Capacity: 5 lb.

**2FH - Standard Hanging Hopper Feeder**

Mixed seed hanging feeder with chain with two section roof.  
Capacity: 8-10 lb.  
17-3/4" w x 13-1/4" d x 10" h

**3F - Medium Post Mount Hopper Feeder**

Mixed seed post mounted hopper feeder has a three section roof  
Capacity: 12 lb.  
17-3/4" w x 11-1/2" d x 10" h

**3FHP - Medium Hanging Hopper Feeder with perforated plastic floor**

Same feeder as a 3FH only with a perforated plastic floor and 1-1/2" wider roof overhang.  
Capacity: 12 lb.  
17-3/4" w x 12" d x 11-1/2" h

**2F - Standard Post Mount Hopper Feeder**

Mixed seed post mounted feeder.  
Capacity: 8-10 lb.  
Mounts perfectly on a 4M cap.  
17-3/4" w x 13-1/4" w x 10" h

**3FB - Medium Post Mount Feeder with suet baskets -**

New - Medium feeder with suet baskets on the ends.  
Capacity: 12 lb.  
19-3/4" w x 12" d x 13-1/2" h

**4F - Large Barn Feeder**

Mixed seed, barn style post-mount feeder. It has a convenient flip-top for easy refill.  
Capacity: 14 lb.  
17-3/4" w x 14-1/2" d x 11-1/2" h

**2FB - Standard Post Mount Hopper Feeder with suet baskets on ends-**

New - The public wanted a larger feeder with suet baskets. This is the same feeder as the 2F.  
Capacity: 8-10 lb.  
19-3/4" w x 13-1/4" d x 10" h

**3FH - Medium Hanging Hopper Feeder**

Mixed seed hanging hopper feeder has a three section roof.  
Capacity: 12 lb.  
17-3/4" w x 11-1/2" d x 10-1/2" h

**4FL - Extra Large Barn Feeder**

Mixed seed post-mount feeder. It has a flip-top for easy filling.  
Capacity: 25 lb.  
20" w x 15" d x 12-3/4" h

**5F - Pavilion Feeder**

This feeder can be used for seed or food block. It also is great for an all around pavilion ground feeder. 20" w x 16-1/4" d x 18-1/2" h

**7F - Window Coaxing Feeder**

Two separate seed compartments (5 lb. each) for a variety of your special mix and a great feeder for installing next to your favorite bird watching window. 25" w x 11" d x 11-1/4" h

**9F - Multi-Sided Cast Hanger Feeder**

Multi-sided feeder with stylish cast hanger cradle. Capacity: 5-6 lb. of mixed seed. 18" w x 18" d x 18-1/2" h

**6F - Pavilion Feeder with Seed Hopper**

Galvanized steel seed hopper with plastic cylinder off the center piece of a feeding area and is a nice fly-through feeder. Capacity 14 lb. 20" w x 16-1/4" d x 15" h

**8F - Oriole Orange & Jelly Feeder**

Oriole feeder peg for an orange and a dish for grape jelly – post-mount or hanging. 14-1/4" w x 6" d x 10" h

**9F-NI - Hanging Multi-Seed Feeder**

Mixed seed multi-side hanging feeder with a crossover hopper and landing deck. This feeder has great style and comes with chain for hanging. Capacity: 5-6 lb. 17-3/4" w x 12" d x 11-1/2" h

**6FP - Pavilion Feeder with Seed Hopper and Perforated Plastic Floor**

This is the same feeder as the 6F but with a perforated plastic floor. 20" w x 16-1/4" d x 15-1/2" h

**8FM - Oriole Combination Feeder**

Oriole combination feeder/bin for mealworms and dish for grape jelly with peg for an orange. Resident orioles will keep coming for mealworms long after oranges and grape jelly no longer attracts them. Also works well as a mealworm feeder for bluebirds. 14-1/4" w x 6" d x 10" h

**11F - Bluebird Feeder Post Mount**

This mealworm feeder is for post mounting. 17-3/4" w x 9 1/2" d x 10-1/4" h

**11FH – Bluebird Feeder Hanging**

This is a great hanging bluebird feeder with chain. You will enjoy watching the bluebirds go after the mealworms in the feeder.  
 17-3/4" w x 9-1/2" d x 10-1/4" h

**121F – Chair and Table Cob Feeder**

Squirrel chair and table single cob feeder; post, wall, deck or fence mount.  
 11-3/4" w x 5-1/4" d x 15" h

**122F – See-Saw Cob Feeder**

Squirrel see-saw single cob feeder; post, wall, deck or fence mount.  
 11-3/4" w x 5-1/4" d x 15" h

**12F – Five Cob Squirrel Feeder**

Squirrels and birds will both enjoy this style. Squirrels pull the corn kernel and eat tip ends (gymnosperm where most food value is) and drop the rest of the kernel into the tray. They will later come back and eat what they have dropped. Feeder holds five cobs of corn.  
 8-3/4" w x 6-3/4" d x 14-1/4" h

**13FL – Large White Cedar Suet Log**

Approximately 4" x 4" x 22-1/2" with 5 holes drilled completely through log.

**13F – Medium White Cedar Suet Log**

Approximately 3-1/2" x 3-1/2" x 16" with 3 holes drilled completely through log.

**13FS – Small White Cedar Suet Log**

Approximately 3" x 3" x 9-3/4" with 3 holes drilled completely through log.

**14F – Small Ground Feeder Tray with Perforated Plastic Floor**

Ground feeders attract a great variety of birds and other wildlife. During Shipping legs will be turned sideways.  
 17-1/4" w x 14-1/4" d x 6" h

**120F – Classic Single Cob Feeder**

This feeder is your classic squirrel single cob feeder.  
 8" w x 6-1/2" d x 10" h

**14FH – Hanging Small Feeder Tray with Perforated Plastic Floor**

Includes chain and hook.  
 17-1/4" w x 14-1/4" d x 6" h

**15F - Large Ground Feeder Tray with Perforated Plastic Floor**

Ground feeders attract a great variety of birds and other wildlife. This can also be placed under a regular feeder to catch chaff and falling seeds. During shipping legs will be turned sideways. 23" w x 23" d x 7-3/4" h

**17F - Wildlife Manger Feeder**

Wildlife shelled corn manger style feeder for a variety of birds and wildlife animals including deer and wild turkeys. Hopper holds up to 25 lbs. of seed. Shipped assembled. 23-3/4" w x 14-1/4" d x 23-1/2" h

**20F - Peanut out of the Shell/Sunflower Feeder**

Stylish keyhole design with stainless steel, 1/4" mesh slows consumption of peanuts out of the shell and black oil sunflower seed. Small base slows larger birds and squirrels from feeding. Capacity: 5 lb. 15" w x 9-1/2" d x 14-3/4" h

**18FS - Small Blue Jay Whole Peanut Feeder**

Peanuts in the shell feeder. One inch coated steel mesh. Smaller in size than 18F, but just as effective. 14" w x 11" d x 11" h

**18F - Blue Jay Whole Peanut Feeder**

Peanuts in the shell feeder. One inch coated steel mesh. 11 1/2" w x 13 1/2" d x 15 1/4" h

**18 FS pictured**

**16F - Squirrel Peanut Feeder**

Top door peanut and shell corn feeder. Seat for squirrel is hinged for shipping. 12-1/2" w x 5" d x 15-1/4" h

**19F - Four-Posted Seed Hanging Feeder**

Birds are able to get to the seed from all four sides in this hanging feeder. Capacity: 6 lb. of mixed seed. 15-1/4" w x 13" d x 13-3/4" h

**21F - Deluxe 4-Sided Feeder, Removable Perforated Plastic Floor**

This feeder can hang but it is preferred to be a post-mounted feeder because of the size. Capacity: 13 lb. of mixed seed. 20" w x 16-1/2" d x 15-1/2" h

**3SW - Large Upside-down Suet Feeder**

This suet feeder hangs and holds two suet cakes or one 3 lb. peanut/suet cake.  
9-3/4" w x 13-1/2" d x 5-1/2" h

**1SW - Suet - Single Wire Basket on Cedar Base**

This suet feeder mounts to a fence, deck or tree and holds one cake of suet. Nice tail prop for woodpeckers.  
5-1/2" w x 2-3/4" x d 14-1/2" h

**2SW - Suet - Double Wire Basket on Cedar Base**

This suet feeder hangs and has two wire baskets that can hold one suet cake in each. Nice tail prop for woodpeckers.  
5-1/2" w x 4-1/2" d x 14-1/2" h

**3SWS - Small Upside-Down Suet Feeder**

Small upside-down hanging feeder holds a single suet cake.  
8" w x 8-3/4" d x 5-1/2" h

**MINI 1 - Mini Mixed Seed Feeder**

This little feeder is great for gift giving and has a 2 lb. capacity for mixed seed. Our smallest hopper feeder and our biggest seller. Use as your grandchild's own feeder or supplemental feeder. Also comes in kit form as 2KM.  
8-1/2" w x 7" d x 9-1/4" h

**MINI 12 - Mini Single Cob Feeder**

This is a simple and very small single cob feeder and attaches to a post, fence, tree or deck.  
5-1/2" w x 4-3/4" d x 10-1/2" h

**MINI 16 - Mini Squirrel Peanut Feeder**

This is a very small whole peanut feeder.  
7-1/2" w x 4-3/4" d x 10-1/2" h

Our houses are made entirely out of 7/8" thick, western red cedar and are naturally well-insulated. Each has an easy clean out, side opening with predator guard. Houses 4H, 4HF, 5H, 6H and 6HB all include shavings in them because normally the birds that use these large houses do not bring anything but feathers to the nest. Some of our houses are rustic and all have grooves on the inside below the entrance for young birds leaving the box. Our finished houses are the same design but have been planed and finished by sanding, assembled with stainless steel screws and then coated with a wood protector. They have an easy clean out and provide good ventilation. The houses make functional garden accents and are great gifts.

All houses need to be cleaned out before the next season starts. We suggest doing this in the spring so the birds can roost in them during the winter.

### CS2 - Country Squire Peak Roof House

Country squire peak roof house with predator guard has a 1-1/2" universal entrance. This house is great for wrens, black-capped chickadees, tufted titmice, white-breasted nuthatches, violet green swallows, bluebirds or tree swallows. It also has grooves in wood below entrance for young birds learning to exit. 7" w x 6" d x 14" h

### 1H - Large Chickadee and Wren House Post Mounted

A large house designed to be mounted to a post and attract house wrens, black-capped chickadees, tufted titmice and white-breasted nuthatches. Entrance is 1-1/4" to deter house sparrows. This house also comes in a kit - 1HK. 8-1/4" w x 4-3/4" d x 14-1/2" h

### 1HH - Small Hanging Wren House

Very popular small wren and chickadee house. It has a screw eye in roof for hanging or can be screwed to a tree and has a 1-1/8" entrance. 6-3/4" w x 5" d x 13" h

### CS1 - Country Squire A-frame Wren House

Country squire A-frame wren house with predator guard and 1-1/8" entrance. House has sawed grooves in wood below entrance for young birds learning to exit. 7" w x 5-1/2" d x 13-1/2" h

### CS3 - Country Squire Arch Roof House

Country squire arch roof house with predator guard 1-1/2" universal entrance hole. This house is great for wrens, black-capped chickadees, tufted titmice, white-breasted nuthatches, violet green swallows, bluebirds and tree swallows. It also has grooves in wood below entrance for young birds learning to exit. 8" w x 5-1/4" d x 13-3/4" h

### 1W - Jenny Wren House

Small diamond shaped hanging jenny wren house with easy opening for cleaning and has a 1-1/8" entrance. 8-3/4" w x 8" d x 8-3/4" h

### 2H - Bluebird House

This rustic bluebird box with a 1-1/2" entrance hole is a great house by itself and also for those that have the traditional bluebird trails. Best choice for a universal bluebird house. Has side opening for easy cleaning and grooves below entrance for young to exit. This is also available in a kit - 1K.  
9-1/4" w x 5-1/4" d x 14" h

### 2HW - Western/Mountain Bluebird House Rustic

This rustic house accommodates the western and mountain bluebirds and has an entrance of 1-9/16". Hinged roof for monitoring, side cleaning  
9-1/2" w x 7-1/4" d x 17" h

### 2HV - Window Viewing House

This is an educational house and has three suction cups on back along with a grey tone tinted window for viewing birds from inside your living room or kitchen. The entrance hole is 1-1/2".  
8-1/2" w x 6-1/2" d x 14" h

### 2HU - Ultimate Bluebird House with Viewing Window

This unique house has copper inside the 1-1/2" entrance guard to deter squirrel chewing. A great house for wrens, black-capped chickadees, tufted titmice, white-breasted nuthatches, violet green swallows, bluebirds or tree swallows and also has grooves in wood below entrance for young birds learning to exit. One door opens for viewing and the other for cleaning.  
9" w x 6-3/4" d x 14-1/2" h

### 2HUW - Western Ultimate Bluebird House

Western and mountain bluebird house has one door for viewing and one door for clean out. It is a larger house to accommodate our larger bluebirds and has an entrance of 1-9/16".  
10-1/4" w x 7-1/2" d x 15" h

### 3H - Peterson Bluebird House

Peterson style bluebird house has a 1-1/2" x 2" oval entrance. This house is very useful for both Western and Mountain Bluebirds and is very easy to monitor on any bluebird trail. The front of the house pulls down for observing.  
11-1/2" w x 6-1/4" d x 19-1/4" h

**4H - Woodpecker House**

Woodpecker house is designed with a 2" entrance hole, filled with wood shavings so the woodpecker thinks he is excavating a hole. The roof hinges to refill with shavings next season. 10-1/2" w x 6-1/2" d x 22" h

**5H - Wood Duck House**

The wood duck house is rustic with an entrance of 3" x 4", has screen on the inside for the young to climb upon to exit, two bags of shavings inside along with information on house placement. It also has side opening for observing and easy clean out. 14" w x 10 1/2" d x 23-3/4" h

**6HB - Barred Owl House**

Has a huge opening approximately 7" x 8" and comes with wood shavings. 17" w x 13-3/4" d x 24" h

**7H - Robins' Nesting Shelf**

This is ideal to place out in the early spring before the leaves are on the trees for the robin's protection from predators. 8-1/2" w x 7-3/4" d x 13-1/4" h

**4HF - Flicker House**

Rustic house also filled with shavings and has a 2-1/2" entrance hole. This house is larger than the 4H and also has side opening for easy clean out. The roof hinges to refill with shavings next season. 12-3/4" w x 8-3/4" d x 22-1/2" h

**6H - Screech Owl/Kestrel House**

Screech owl/kestrel box has a 3" entrance hole and comes complete with wood shavings and placement instructions. It also features a special perch inside for owls to roost on and look out. 11-1/2" w x 8-1/4" d x 21-3/4" h

**8H - Single Cell Bat House**

Holds 12-36 bats with western red cedar construction. This bat house is often mounted back-to-back so the bats can crawl to where it is the warmest. Must have sun first thing in the morning and not placed on a live tree. 14-1/2" w x 4-3/4" d x 21" h Also available in kit form, 3K.

**9H – Bachelor Pad Bat House**

This bat house has three chambers and will hold approximately 30-100 bats. Must have sun first thing in the morning and not placed on a live tree.  
8” w x 6-¾” d x 20” h

**15H – Roosting House**

Rustic construction with a 2” entrance hole and removable clean out board with a hanger with screws on the inside of house. It has two 15” roosting perches and screen on the back for woodpeckers to roost on. Multiple species will use it at the same time during extreme, cold weather.  
10-½” w x 16” d x 11” h

**13H – Ladybug Habitat**

The ladybug habitat is made out of white pine construction—bugs do not like cedar. Front ventilation with a ladybug likeness on front. Screen on inside of back for bugs to cling together during hibernation. Great garden decoration. Instructions included.  
7 ½” w x 7” d x 14 ¼” h

**14H – Butterfly Habitat**

White pine construction—bugs do not like cedar. Front ventilation with a butterfly likeness on front. Screen on inside of back for hibernation. Great garden decoration. Instructions included.  
7-½” w x 7” d x 14-¼” h

**10H – Nursery Bat House**

The nursery has three chambers and will hold approximately 100-400 bats and is great for commercial operations such as campgrounds, orchards, golf courses, etc.  
17” w x 7-½” d x 28” h

**1M – 14” Hanging Bird Bath**

14” terra cotta plastic dish set in western red cedar base with chain for hanging.  
16-¼” w x 16-¼” d x 3” h

**2M – 18” Hanging Bird Bath**

17” terra cotta plastic dish set in western red cedar base with chain for hanging. 19” w x 19” d x 3” h.

### IK - Bluebird House Kit

This rustic bluebird box with a 1-1/2" entrance hole is a great house by itself and also for those that have the traditional bluebird trails. Best choice for a universal bluebird house. Has side opening for easy cleaning. Includes hardware and instructions. Also available as an assembled unit, 2H. 9-1/4" w x 5-1/4" d x 14" h

### 2KM - Mini Mixed Seed Feeder Kit

This little feeder is great for gift giving and has a 2 lb. capacity for mixed seed. Use as your grandchild's own feeder or supplemental feeder. Also comes as an assembled unit, Mini 1. 8-1/2" w x 7" d x 9-1/4" h

### 3K - Single Cell Bat House Kit

Holds 12-36 bats with western red cedar construction. This bat house is often mounted back-to-back so the bats can crawl to where it is the warmest. Must have sun first thing in the morning and not placed on a live tree. Includes hardware and instructions. Also available as an assembled unit, 8H. 14-1/2" w x 4-3/4" d x 21" h

### 1HK - Large Chickadee and Wren House Post Mounted Kit

A large house designed to be mounted to a post and attract house wrens, black-capped chickadees, tufted titmice and white-breasted nuthatches. Entrance is 1-1/4" to deter house sparrows. Includes hardware and instructions. This house also comes as an assembled unit - 1H.

### 3M - 7' Post (Rough 3-inch round white cedar) with Cap

We cannot ship with cap on. Approximately 4" w x 4" d x 7-1/2' h

### 3P - 7' 4 x 4 White Cedar Post with Cap

The 7' post and cap are shipped separately. This 4" x 4" post is northern white cedar. Approximately 3-1/2" w x 3-1/2" d x 7' h

### 3P5 - 5' 4 x 4 White Cedar Post with Cap

This is one of the favorite posts for putting into one of the steel 4x4 holders. Approximately 3-1/2" w x 3-1/2" d x 5' h

### 4M - 4 x 4 Cedar Cap

This cap fits over a 4 x 4 and is great for placing your larger feeders on. 8-3/4" w x 5-1/4" d x 6" h
