*MAKERS OF FINE STONE GARDEN ACCENTS*

## Good Times Are Back!

To You, Our Valued Customers,

Where did the time go? Seems like just yesterday when we sent out our 50th Edition Catalog. The fact is, we've been busy. The days and months just flew by and we're happy to say, the good times are back and all systems are go!

Just one peek at our fantastic new supplement and you'll agree. Get this – thirty-six new pieces including a magnificent fountain. The Three-Tier Savonabella is a stunner! Our new Petite Bird Baths may be less than 15" tall, but we think they're going to be the next "big" thing.

But there's more. This year, we're adding another brilliant color to our palate of amazing shades. We're calling it Midnight Stone. And even bigger news – a great selection of retired fan favorites are now back by popular demand!

2024 is shaping up to be a great year thanks to your continued support. Hope we can thank you in person at one of six exciting trade show appearances we've got lined up.

Any questions or concerns? Please don't hesitate to call. As always, we are here for you.

All the best for the coming year!

Warmest Regards,  
The Massarelli Family

## The Mark of Craftsmanship

**Massarelli's color finishes** are the perfect finishing touch for all our products. Each one has been created and specially formulated to complement and enhance today's interior and exterior designs. From warm earth tones to stately shades of stone, from subtle antique hues to classic bronzes - the selection is inspiring...the possibilities are endless.

Everything that we manufacture is photographed in a variety of settings including natural and artificial lighting. When products are viewed in person, the actual color, shape, size and texture will vary from those shown in our catalogs, promotional materials, digital screens and on line. Finishes will vary from product to product. Finishes shown on our actual color medallions, in pictures in our catalogs, promotional materials, on digital screens and on line will differ from the finish on the actual products as every single product is hand-crafted and painted. Shapes, sizes and textures determine the outcome of the finish. These medallions are close representations of the finish colors offered. However, our finishes are meant to change over time as they are exposed to the elements and conditions that surround them. There are no warranties to the applied finishes or guarantee that the finish will exactly match an actual or photographic color medallion by any media. Our finishes are just another testament to the true beauty of products hand-crafted by Massarelli's for over 50 years.

### Base Finishes

A base color is applied to the piece, then one or more accent colors are applied on top, creating a beautiful depth of color.

(30) Pearl; (32) Antique White

### Stone Finishes

Color is applied directly to the piece, letting the natural beauty of the stone come through.

(N) Natural; (10) Sandy Buff; (12) Empire Patina; (15) White Stone; (16) Yellow Stone; (17) Blue Stone; (19) Midnight Stone; (20) Brown Stone; (21) Old Stone; (29) Urban Grey; (35) Green Moss; (41) Meadow Bronze; (68) Classic Sterling Woods Stone; (73) Classic Iron; (75) Classic Amber; (76) Classic Patina; (81) Classic Cliff Patina; (83) Classic Mountain Bronze
