

So much more than Cord, Cable and Garden organizing Klips...

You'll need 20 AT LEAST!

SHERRYL DESPRES

President, GCK Products LLC

Michael Despres, inventor of GadgetKlip, and his wife Sherryl are proud to bring you this fine product that is uncluttering homes and businesses all over the world! GadgetKlip is literally a labor of love—the result of Michael and Sherryl’s marriage and the two of them “keeping it together” for over three decades.

GadgetKlip, the simple yet ingenious cord, cable, and garden organizing “klip” was initially designed and brought to market to “hug” and not “pinch” wires and cables the way normal, everyday binder clips do. This keeps them tightly bunched instead of going every which way as unbound cables tend to do.

MICHAEL DESPRES

Vice President, GCK Products LLC

Over time, GadgetKlip’s impressive list of applications has grown, with people finding new and unique uses for it every day. Whether behind the computer, attached to the siding, or way out in the garden, GadgetKlip is the perfect answer to many of life’s “open-ended” questions.

U.S. Patent Nos. 10,527,076 and D869,554. Patents in Canada, Mexico, the EU, China, Hong Kong, and India.

GadgetKlip organizes cables, cords, plants, holiday lights and so much more, by keeping them wrapped tightly without pinching. With stainless steel wings and specialty, medical-grade industrial plastic, GadgetKlip is a long-lasting, premium product that can be used both indoors and out, all year round!
